Bridge needs to be high enough to have "gondola" type boats. Think future!
use native landscape as much as possible for wildlife and low maintenance
can you also pump a bit of canal water into a small bird bath water feature for wildlife? maybe use potable water if it is a liability to use canal water.
also please do something that helps the ducks that already visit the canal. also consider installing nesting boxes for bats/owls?
Small signs that identify each neighborhood
Low level fixtures are better & safer for bikes & hikes!
NOT STREETLIGHTS.

light where you need it only
Also pay attention to preserving dark night skies!
great spot for Artsculpture
purchase? for community garden or rest area
Solar
I would like to have the opportunity to donate a bench with a small plaque honoring my deceased son (at age 15) who walked along the canal a lot when he was alive.)
EXCELLENT IDEA! SORRY FOR YOUR GRIEVOUS LOSS @
