

Oak Street Improvement Project

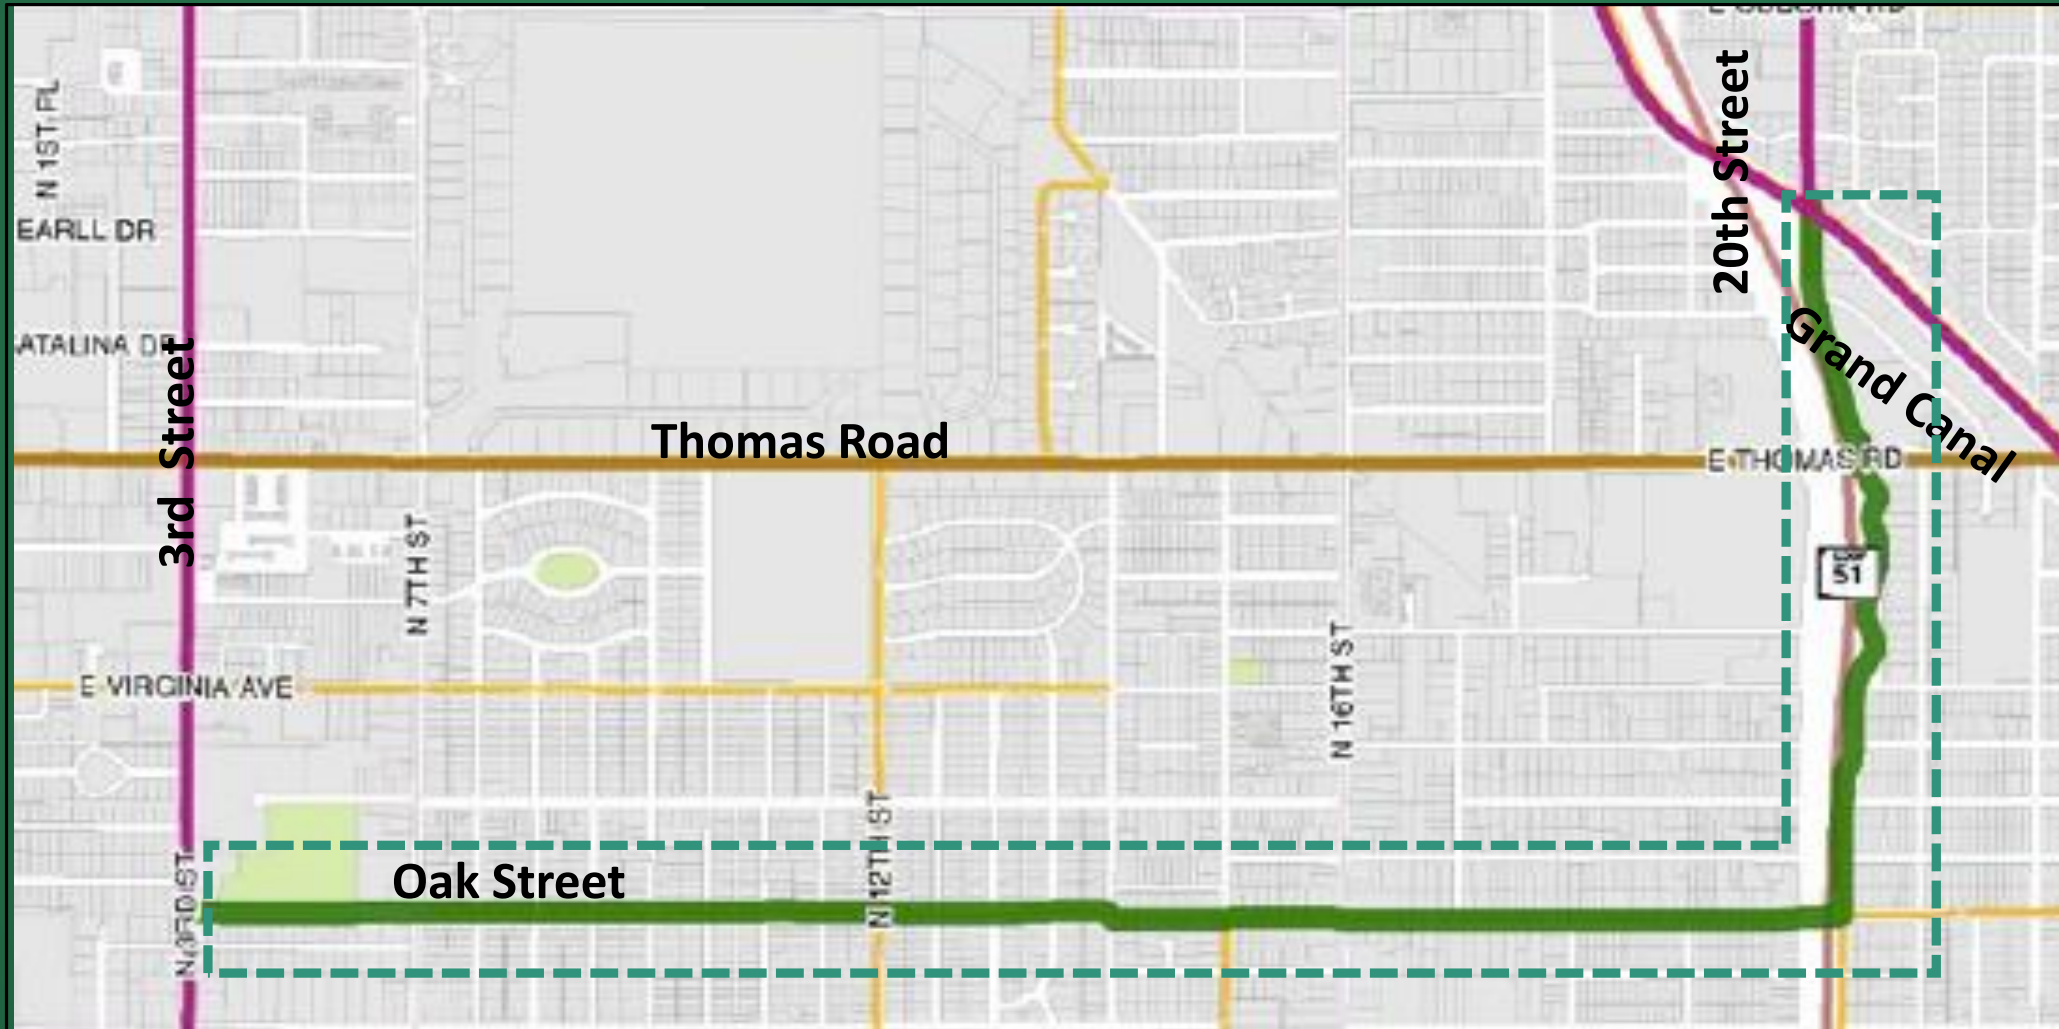

Wednesday, Feb. 27, 2019
Street Transportation Department

Project Area

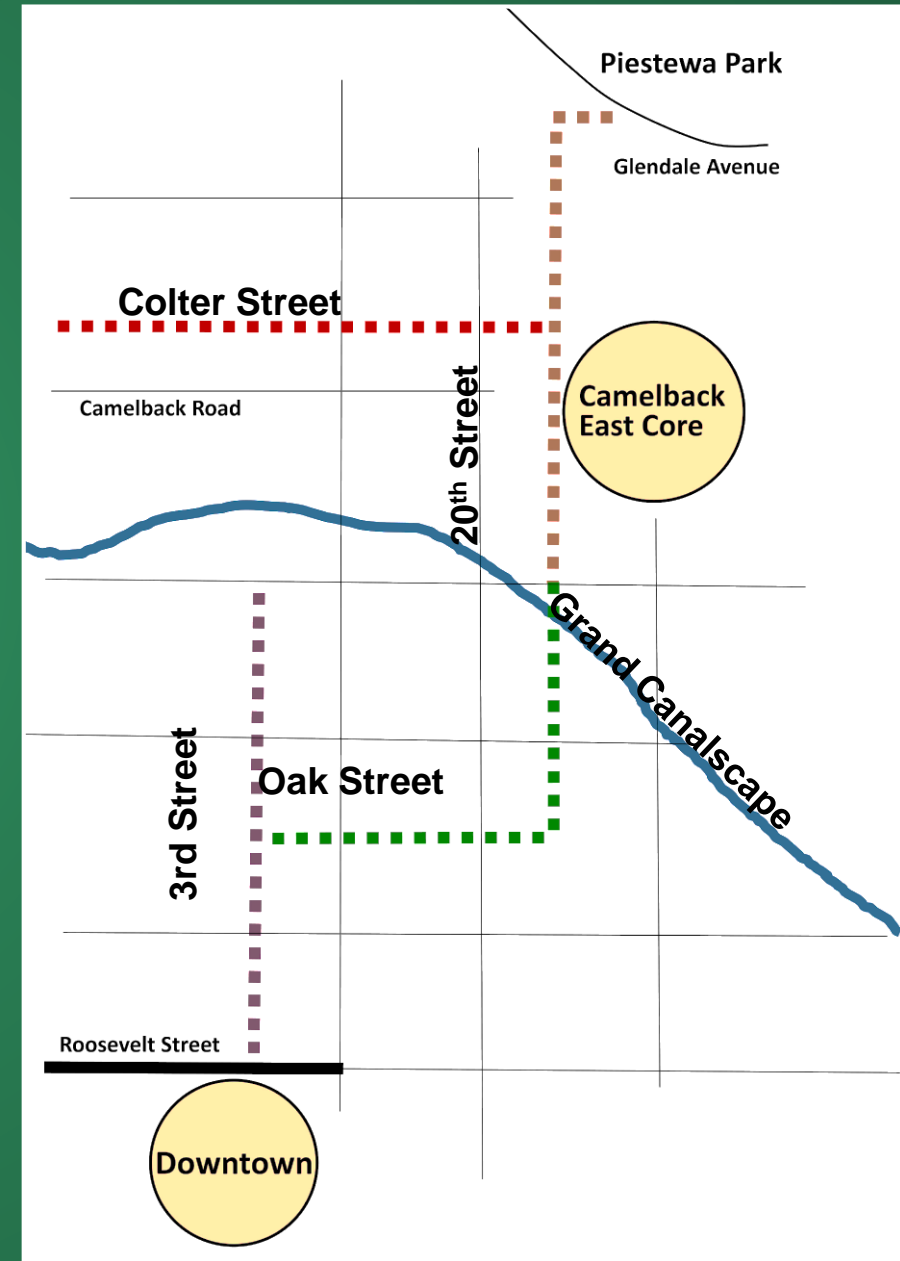

West of State Route 51: Oak St. between 3rd St. & State Route 51

East of State Route 51: 20th Pl. & 20th St. between Oak Street & Grand Canal

Project Goals

- Provide connectivity to other bicycle corridor projects
- Develop a low-stress/low-volume bicycle/pedestrian corridor
- Enhance neighborhood character
- Accommodate multi-modal transportation while maintaining existing travel lanes

Public Involvement

- Interviewed neighborhood groups & key stakeholder groups
- Coronado Neighborhood Association - October 2016
- Complete Streets Advisory Board - February 2017
- Public Meeting - February 2017 (65+ attendees)
- Surveys – 150+ responses, majority in favor of project

Public Input Highlights

- Speed is a concern throughout the corridor
- Green paint at conflict points is desirable
- Additional street trees and landscaping is needed
- Drainage improvements are needed
- Bicycle improvements should be protected from vehicle traffic
- Parking is a concern especially on the north side of Oak St between 3rd St. & 7th St. and 16th St. & 18th St

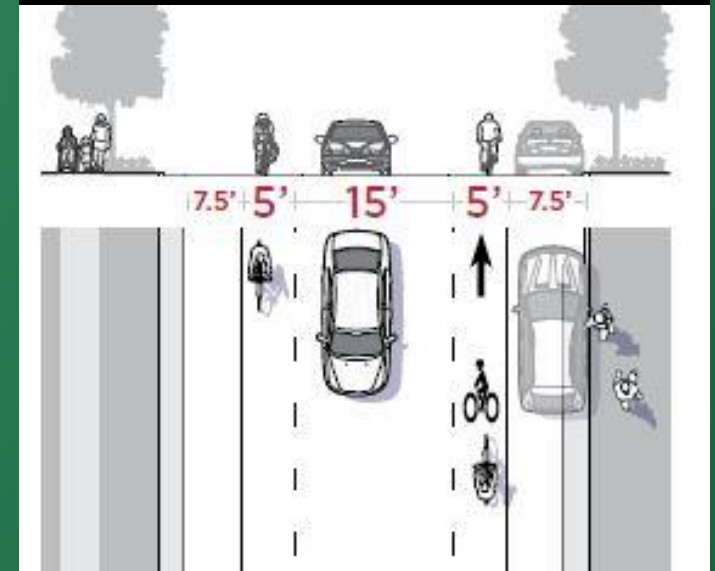

Key Design Elements

- Maintain existing number of travel lanes
- Utilize existing pavement with minor resurfacing
- Maximize parking in high demand areas
- Incorporate traffic calming to slow traffic
- Incorporate “Advisory Bike Lanes” to allow parking on both sides

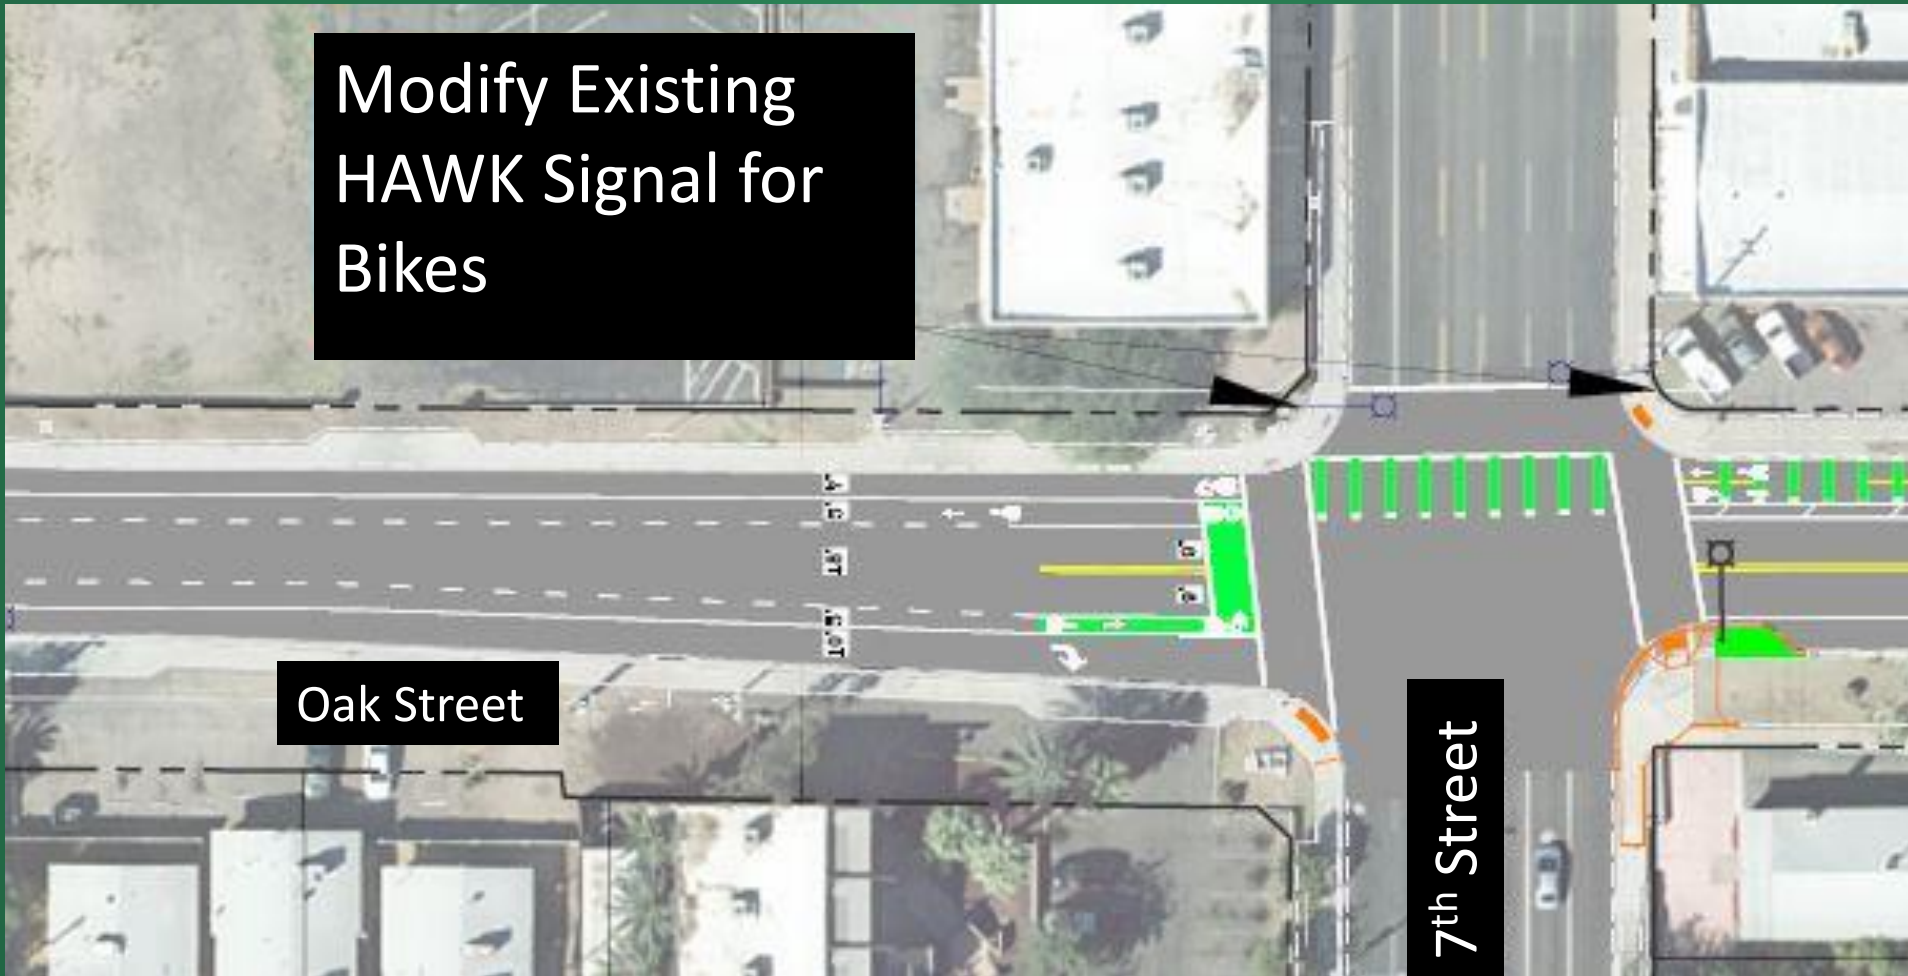

Advisory Bike Lane
Minneapolis, MN

Proposed Improvements

3rd Street to 7th Street – Advisory Bike Lane & Parking

Proposed Improvements

7th Street to 14th Street – Curb Bulb-Outs & Traffic Circle

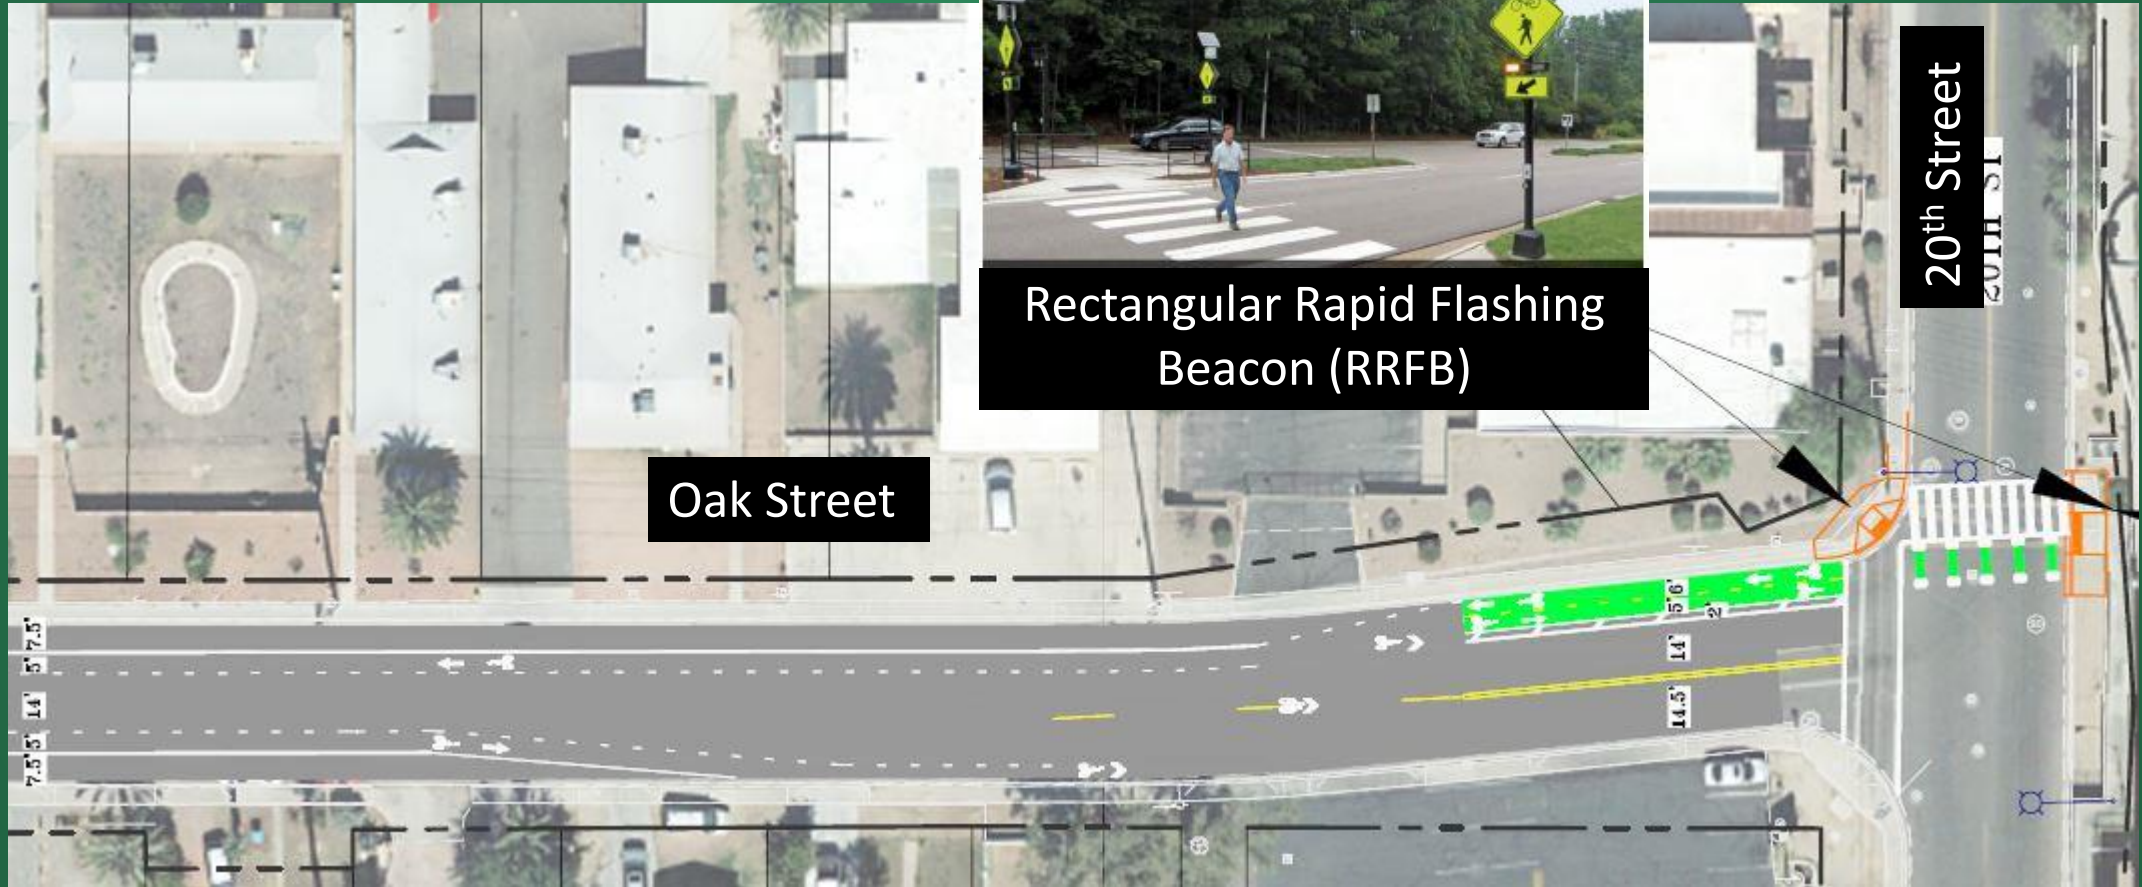

Proposed Improvements

14th Street to 16th Street – Green Alley

Proposed Improvements

16th Street to 20th Street – Advisory Bike Lanes & Parking

Proposed Improvements

20th Place – Two-way Cycle Track

Proposed Improvements

20th St – Two-way Cycle Track
