WRITTEN REQUEST FOR PROPERTY
APN: 102-18-955 Z-7-05 IZ-SP-1-05
LOCATED AT: 9220 W. INDIAN SCHOOL RD
October 7, 2011

West Phoenix Self Storage is proposing to add vehicular spaces to the vacant 70' easement located on the western side of the lot. An Alternate dust proofing material will be used as a surface for the vehicle to park, drive and maneuver on. A porous asphalt is currently the choice for the alternative material. The porous asphalt is durable and allows water to penetrate so the water can return to the ground. The porous asphalt is a cheaper (cost) alternative to using the conventional black top asphalt. The maintenance appears to be less for the porous asphalt as well.

The site was developed in 2006 as Store All America. The 4.59 acre site is a secured well maintained site located at 9220 West Indian school Rd. There is no current vehicular parking on the existing site.

In order for this to occur we must remove the stipulation which prevents West Phoenix Self Storage from having vehicle parking on site. Many HOA's prevent households from parking RV's, excessive amounts of cars and boats in front or even on their properties. Phoenix West Self Storage will offer a service which will allow people to have a well secured location to park their vehicles and comply with their HOA rules.

Requested Wording: *All Vehicular Parking shall be allowed on Parcel 102-18-955 with an 8' High Screen wall to match existing site walls*

Sincerely,

Tony Cooper, Sr

Dear Applicant:

RE: **Z-SP-1-05-5** Approximately 990 feet west of the northwest corner of 91st Avenue and Indian School Road

Please be advised that the Phoenix City Council, in accordance with the provisions of Section 506.B.4 of the Zoning Ordinance, as amended, has on June 1, 2005, concurred in the recommendation of the Planning Commission and the Zoning Hearing Officer and has ratified application Z-SP-1-05-5 from S-1 to C-2 SP, on approximately 5.00 acres, subject to the following stipulations:

STIPULATIONS:

GENERAL

1. That the development shall be in general conformance with the site plan and elevations dated January 24, 2005, specifically in regard to height, and the landscape plan dated February 23, 2005, as approved or modified by the Development Services Department.
2. That no vehicular or other open storage shall be conducted on site.
- * 3. The 3-inch caliper trees shall be placed 20 feet on center or in appropriate groupings within the 25-foot rear yard setback, as approved by Development Services Department.
- * 4. That 6-foot view fencing shall be installed along the east and west property lines, between the northern property line and the northernmost structure, to prevent unwanted access, as approved by the Development Services Department.

STREETS

5. That right-of-way totaling 55 feet shall be dedicated for the north half of Indian School Road.
- *6. That the developer shall construct all streets adjacent to the development with paving, curb, gutter, sidewalk, curb ramps, streetlights, landscaping and other incidentals as per plans approved by the Development Services Department. All improvements shall comply with all ADA accessibility standards.
7. That the applicant shall complete and submit the Developer Project Information Form for the MAG Transportation Improvement Program to the Street Transportation Department. This form is a requirement for the EPA to meet clean air quality requirements.

Development and use of the site is subject to compliance with all applicable codes and ordinances.

Sincerely,

Sara Uribe
Planner II
