## Phoenix Seeking Community Input at Visioning Workshops

The city of Phoenix continues progress on the Del Rio Area Brownfields Planning Project with Brownfields Visioning Workshops. The Del Rio Area includes land between 7th Ave. and 16th Street, from the Salt River to Broadway Road. The purpose of the Brownfields Visioning Workshops is to gather public input on the redevelopment of the brownfield sites identified for this project.

There are at least three known brownfield sites in this brownfields-impacted area: 1) Former Del Rio Landfill, 2) Northwest corner of Central Avenue/Salt River, sand/gravel/landfill site, and 3) Vacant land east of the Rio Salado Audubon Center.

The goal of the project is to create a brownfields area plan that will help guide the redevelopment of brownfield sites within the area, direct the assessment and cleanup of sites, and identify resources available to assist with redevelopment.
