City Manager

RE: 2014-15 City Manager's Budget Message

The City Manager's Trial Budget is a critical step in the budget process. The City Manager is required to submit a balanced budget per the City Charter, and the Trial Budget is the first opportunity for the Mayor, City Council and community to review a budget which balances estimated revenue against estimated expenditures. Budget hearings are scheduled throughout the City in April. While the Trial Budget is focused largely on the General Fund, all funds are presented. A revised balanced budget proposal that takes the Mayor, City Council and community feedback into account will then be presented in May.

### **General Fund Resources:**

General Fund resources pay for general services of the city such as police, fire, municipal court, parks and recreation, libraries, senior services, some transportation and other important community services. General Fund resources come from:

- the City's general sales tax of 1.2%;
- the primary property tax levy;
- our population-based share of state income, sales and vehicle taxes; and
- fines, fees and charges for service.

The Trial Budget for the General Fund is based on available resources estimated to be \$1.137 billion, up from \$1.128 billion budgeted in 2013-14 (see attachment). It does not assume any new revenues, taxes or fees. Revenue estimates are based on the best economic information available (see attached Revenue Assumption document, a new addition to our process). The Trial Budget assumes the April 1, 2015 sunset of the remaining 1% food tax as set forth in City ordinance.

### **General Fund Expenditures:**

Budgeted General Fund expenditures are based on the cost to continue existing service levels and compensation agreements. The expenditures are estimated to be \$1.175 billion, up from \$1.128 billion in 2013-14 (see attachment). There are no assumptions made about the outcome of ongoing labor negotiations, other than the continuation of the current 1.7% concessions. The value of these continued concessions from employees is approximately \$16 million to the General Fund.

General Fund expenditures are made up of four types of costs:

- Employee costs (approximately 81% of the budget);
- Commodity and contractual expenditures (14%);

- Contingency funds used to provide a cash balance to preserve high financial ratings (4%); and
- Investments and capital paid in cash, such as technology, vehicles and equipment, and building repair (1%).

The Trial Budget includes reduced costs through efficiency actions and service reductions, both of which include position eliminations. It does not assume any addition to or reduction in labor contract compensation levels from the 2012-14 contracts, since any changes must be negotiated with labor unions and associations. The Trial Budget also reduces some commodity and contractual costs as part of the efficiency reductions discussed below. Investments and contingency are presented at an amount recommended to maintain our ability to continue to serve the community effectively and continue financial stability.

### **Options:**

The City Manager's Trial Budget balances the General Fund deficit of \$38 million through:

- Further efficiencies and early reductions (about \$7 million);
- Reductions to community services and to internal services necessary to administer community programs (approximately \$29 million); and
- Deferral of some less critical capital fleet equipment replacement (nearly \$2 million)

To balance the budget differently would require one or more of the following:

- **Cutting different services and costs than the ones presented.** Cuts presented represent city management recommendations. Feedback from budget hearings can help with identifying any options.
- **Reducing employee compensation levels.** This would require negotiated labor agreements. Negotiations are currently underway.
- **Increasing revenue.** Raising taxes or fees requires a vote of the City Council.

The City Manager's Trial Budget will be reviewed by the community in the month of April at over 20 public hearings including an online hearing. Further input opportunities are available at [phoenix.gov/budget](http://phoenix.gov/budget), including a new option to post video comments. Considering all input, a proposed budget will be presented on May 6.

Over the past five years, the community, Mayor & City Council, City management and City employees have come together to solve significant budget deficits. City employees have worked with the community to continue providing outstanding services while identifying over \$90 million in reduced costs and efficiencies. City staff will continue to aggressively save money, building on successes. Over the next month, City staff will continue to seek ways to balance the City's General Fund budget with minimal impacts on community services while ensuring a sound financial future.

## CITY COUNCIL REPORT

---

TO: Ed Zuercher  
City Manager

FROM: Mario Paniagua  
Budget and Research Director

SUBJECT: 2014-15 CITY MANAGER'S TRIAL BUDGET

---

---

This report presents the Fiscal Year (FY) 2014-15 City Manager's Trial Budget, which includes efficiencies, some deferred fleet capital equipment replacement, and reductions in services to the community to provide a balanced budget. These reductions address a General Fund deficit of \$37.7 million. Negotiations with labor groups are currently underway for new employee contracts to take effect July 1, 2014. Any changes to the compensation included in the contracts that reduce employee costs would reduce or eliminate the need for service cuts.

This report is for information and discussion; no Council action is required at this time.

The Trial Budget allows the Mayor, City Council and community to review, discuss, and recommend revisions to the balanced budget proposal months in advance of final budget decisions. During April, the 2014-15 Trial Budget will be presented to Phoenix residents for input at community budget hearings listed in **Schedule F**. The City will also conduct additional hearings at neighborhood and business organization meetings, reflecting the City's goal to increase transparency and involvement in the budget-setting process.

Based on a request from Mayor Stanton and Councilman Gates for additional transparency and clarity regarding revenue projections, **Schedule E** provides detailed explanations of General Fund revenue category projections.

Following the budget hearing process throughout April, the City Manager's Proposed Budget reflecting community input will be presented to the Council on May 6, 2014 and Council action on the budget is scheduled for May 20, 2014. The remaining key dates in this year's budget process are as follows:

<b>Date</b>	<b>Event</b>
April 15, 2014	Preliminary Five-Year Capital Improvement Program
April 2014	Community Budget Hearings
May 6, 2014	City Manager's Proposed Budget
May 20, 2014	Council Budget Decision
June and July 2014	Legal Budget Adoption Actions

## THE ISSUE

As discussed at the January 28, 2014 City Council meeting and in a February 27, 2014 follow-up report to the City Council regarding the preliminary status of the 2014-15 General Fund budget, the City must address a significant General Fund budget deficit for 2014-15. Updated resource and expenditure estimates result in a deficit projection of \$37.7 million. As the City must legally present and adopt a balanced budget, the Trial Budget includes efficiency actions and significant service reductions decreasing costs by the deficit amount.

For several years the City has taken a multi-faceted approach to resolving budget issues and ongoing financial challenges. These have included:

- Employee pay concessions. In the 2010-2012 labor unit contracts, the City and employee unions agreed to reduce total compensation by 3.2%, with nearly half of those concessions restored in the 2012-14 labor unit contracts.
- Innovation and efficiency savings. To date over \$90 million has been saved, of which \$40 million is in the General Fund.
- Alternate revenue. The emergency sales tax on food for home consumption was approved for a five-year period beginning April 1, 2010. The tax was reduced from 2% to 1% effective January 1, 2014.
- Financial transactions. These one-time measures have included:
  - Refinancing/restructuring General Fund supported debt;
  - Deferring maintenance and equipment replacement;
  - Using lease-purchase financing to cover costs of pay-as-you-go capital and vehicle replacements;
  - Reducing funding to reserves that were above actuarially required/recommended levels;
  - Taking a health insurance premium holiday;
  - Including tort liability amounts in primary property tax;
  - Freezing middle manager and executive pay; and
  - Implementing a hiring freeze to achieve higher vacancy savings.

The City is now at a point where one-time transactions previously used are no longer available or recommended to balance the budget. Ongoing adjustments to expenses and/or revenue are necessary to ensure long-term financial stability for the City. On the expense side of the balance sheet, these changes must come from some or all of the following:

- New efficiencies that lower currently budgeted costs without impacting community services;
- Reduced service levels to the community; and/or
- Lower personnel costs.

Additional efficiencies and significant service reductions necessary to close the \$37.7 million funding gap are outlined in this report. Employee costs are currently being discussed as part of current negotiations regarding labor contracts that expire June 30, 2014. Any changes to economic aspects of the contracts will affect employee costs and would result in changes to the City's budget proposal. Extensive detail regarding estimated staffing costs is included in this Trial Budget in the Zero-Based Inventory of Programs document attached as **Schedule G**.

## **Proposed Efficiency and Service Reductions**

Efficiency Savings: The City has taken significant steps to manage costs and implement innovation and efficiency measures that have reduced costs by over \$90 million since 2010, \$40 million of which is savings to the General Fund. Staff continues to explore and identify ways to lower costs and operate more efficiently. The City has also:

- Reduced the authorized position count by more than 2,700 since peak levels in 2008 resulting in the lowest staffing per capita since 1970-71;
- Eliminated nearly 100 management positions; a decrease of 22% which is a significantly higher percentage than position reductions overall;
- Decreased overtime costs by 52%; and
- Implemented pension reform measures expected to save more than \$800 million over the next 25 years.

Under the direction of the City Manager, over the last few months City departments conducted an early annual Organizational Review in conjunction with the Zero-Based Program Review process. As a result, an additional \$6.5 million in General Fund savings from new efficiencies and cost realignment actions are part of the balanced 2014-15 Trial Budget proposal. For example, due to the efforts of the City Manager's Office and the Public Works, Finance and Budget and Research Departments, a recent analysis and planned sale of underutilized vehicles in various departments will result in proceeds expected to bring in nearly \$400,000 to the General Fund in FY 2014-15. Additionally, Municipal Court, Prosecutor's Office and Police collaborated to develop a proposed procedural change that may assist in prosecuting Domestic Violence cases while also reducing Police overtime costs, for a net savings of an estimated \$500,000 annually. Those efficiency actions involving vacancy elimination will be brought to the Council in April for approval.

Proposed efficiency actions are described further in **Schedule A**.

Service Reductions: The complete list of internal and external service reductions is outlined in **Schedule B** attached. Because Public Safety/Criminal Justice programs comprise 70% of General Fund operating costs, it is necessary to include those services in the proposed reductions in order to avoid much more severe service cuts in other areas. However, staff seeks to minimize cuts to the community's highest priority as much as possible. As a result, the potential reductions to Police and Fire programs represent a significantly lower percentage of the reductions.

It is important to note, because of existing federal funding agreements for the Staffing for Adequate Fire and Emergency Response (SAFER) grants, any cuts to Fire's sworn personnel would greatly exacerbate the funding shortfall and require extensive additional cuts. This is because, as stated in an official publication by the U.S. Department of Homeland Security- Federal Emergency Management Agency, "*SAFER grantees that lay off any firefighters during the SAFER grant's period of performance will be considered in default of their award and the grant will be terminated,*" and "*Grantees...must agree to maintain the SAFER-funded positions as well as the number of positions declared at the time of award throughout the two year commitment.*" Based on these provisions, if any sworn Fire position cuts or layoffs occurred at this time, the grants would be terminated and the City would be required to forego and return funds totaling nearly \$30 million for the SAFER grants. This would also mean even further General Fund service cuts. Additionally, the 98 filled Firefighter positions currently paid through SAFER funds would need to be eliminated, unless other funding sources were to be identified, which would result in more layoffs to sworn Firefighters. Consequently, the proposed Fire Department reductions listed do not include sworn personnel cuts that would violate the SAFER funding agreements; proposed reductions to Fire would eliminate or reduce critical Fire programs staffed by non-sworn employees.

The reductions include:

- Closure of the Police Central Booking Unit in the Police Department. This cut would reduce efficiencies in the processing of prisoners and not allow officers to spend as much time with crime response and investigation;
- Elimination of highly important fire prevention and victim response services in the Fire Department;
- Closure of three senior centers;
- Elimination of two community prosecutors;
- Closure of two courtrooms;
- Reduction of the Graffiti Busters program;
- Closure of the Barrios Unidos and Holiday summer neighborhood centers;
- Elimination of supervised activities at the Rose Mofford and Encanto Sports Complexes;
- Closure of three city pools;
- Elimination of 11 swim teams and six dive teams;
- Closure of most community and recreation centers;
- Reduced street repair and maintenance;
- Reduced maintenance of traffic signals;
- Elimination of citywide Volunteer Program coordination;
- Reduction of internal auditors that reduce the City's financial and legal compliance risks;

- Reduction of tax enforcement inspectors that increase revenue by identifying taxes owed to the City; and
- Other cuts to important internal and external services.

Library Services: Due to provisions in Chapter XVIII of the City Charter limiting the City's primary property tax rate to \$1.00 with the exception of libraries, no reductions are proposed to Library services. The proposed 2014-15 primary property tax rate is just under the limit of \$1.00 per \$100 of assessed valuation, not including the portion of the rate allocated to cover the Library Department's operating costs. Any reductions to Library services would require a corresponding decrease in primary property tax revenue and would not decrease the General Fund deficit. Therefore, no reductions to Library services are recommended.

### Changes to General Fund Budget

The total proposed 2014-15 General Fund (GF) budget is \$1.137 billion, an increase of 0.9 percent over the 2013-14 GF budget of \$1.128 billion. The proposed balanced budget addresses a deficit of approximately \$37.7 million. The deficit is a result of the projected resources amount of \$1.137 billion, along with projected costs of \$1.175 billion. The table below outlines the specific areas with significant increased costs from 2013-14 to 2014-15 reflected in the projected deficit.

General Fund Item	2014-15 Increase Amount over 2013-14 Budget
Increased Total GF Pension	\$18 Million
<i>Public Safety Pension</i>	\$13 Million
<i>Civilian Pension</i>	\$5 Million
Increased cost of Industrial Injury Insurance	\$5 Million
Increased cost of Medical Insurance	\$3 Million
Increased cost of Liability Insurance	\$1 Million
Increased General Fund Overtime (reflects additional Police OT for 2015 Super Bowl)	\$1 Million
Critical Capital Fleet Equipment Replacement Needs	\$10 Million
Minimum Added Critical Technology	\$6 Million
Increase to Contingency Fund	\$2 Million
Additional Pay-as-you-go Capital Needs	\$0.4 Million
Other increased Personnel, Contractual and Commodities Costs	\$1 Million
<b>Total</b>	<b>\$47 Million</b>

This Trial Budget includes the following:

- Efficiency actions totaling \$6.5 million in savings as outlined in **Schedule A**.

- Deferral of \$1.9 million in capital fleet equipment replacement, reducing the costs from \$10 million to \$8.1 million. Remaining replacements address the highest priority of replacement needs, such as Fire pumper and ladder trucks and Police vehicles, which have reached expected end of life resulting in risk of operational failure and increased maintenance costs.
- Reduction of internal and external service levels to the community totaling \$29.2 million as outlined in **Schedule B**.
- Assumed continuance of existing employee contracts and compensation structure- labor contract negotiations are currently in progress; any changes to compensation outlined in new contracts beginning July 1, 2014 would change the estimated costs and reduce or eliminate the need for service reductions.
- Addition of \$2 million to the contingency fund, which remains underfunded to maintain an adequate fund balance per the higher levels recommended by bond rating agencies. This increases the contingency percentage of the operating budget from 3.9% to 4.0% and edges the City closer to the long-term goal of 5%.
- Inclusion of about \$6 million to address critical information technology needs, such as funding needed to keep the City's telephone system functioning and keep current critical systems operational.
- **Schedule C** includes necessary additional funding of \$103,000 for contracted street landscape maintenance for seven additional miles of new surface streets on Sonoran Desert Drive from I-17 to Dove Valley Road and Dove Valley Road from 23rd Avenue to Poloma Parkway, and for contracted maintenance of block walls and gates on 1st Avenue from McDowell Road to Thomas Road.

Recommended Elimination of Vacant Positions/Reduced Salary Savings:

Most department budgets include a "salary savings" line item, which is a credit amount of expected cost savings from vacancies occurring during the year offsetting budgeted expenditures. This is a common practice, and under normal circumstances, this line item is intended to account for savings realized due to natural turnover and the typical time to recruit and fill positions.

Over the last several years however, the salary savings credit amount has increased in General Fund budgets to reflect the City's hiring freeze, which means positions held vacant for this purpose are considered unfunded. The hiring freeze is a one-time transaction used to achieve temporary savings. In most cases, holding positions vacant means departments are unable to fully provide Council-adopted service levels.

Staff conducted a review of full-time General Fund civilian positions to determine whether elimination of the vacant position would result in:

- Risk to citizen or employee safety;
- Reduction of current services to the community;
- Negative impact to internal controls or City risk; and/or
- Decreased revenue, or increased costs:

As a result of the review, staff recommends the elimination of 68 full-time General Fund civilian vacant positions that do not meet the above criteria and a corresponding reduction of \$4.3 million to FY 2014-15 General Fund salary savings. Because the eliminated civilian vacancies are offset by a corresponding reduction to budgeted salary savings, the change results in a net \$0 impact to the budget. As mentioned previously, the City must ensure ongoing resources match ongoing expenditures, and as such must not continue to rely on one-time savings actions like the hiring freeze to balance the budget. Reducing the current level of salary savings in General Fund budgets is necessary to be able to phase away from the multi-year hiring freeze. Also recommended is the elimination of 35 full-time civilian vacancies in the Police Public Safety Expansion Fund. These positions were initially authorized as part of anticipated civilian support as the sworn Police positions were filled. However, the civilian positions are vacant and unfunded due to the substantial deficits in Public Safety funds. The total dollar value of the 35 Expansion Fund positions is about \$2.1 million. Salary savings within the fund will decrease \$1.8 million, resulting in a net savings of about \$300,000.

Included in the Trial Budget are several additional full-time and part-time GF vacancies proposed for elimination as part of the efficiencies and service reductions shown in **Schedules A and B**.

In evaluating the elimination of vacancies, the following issues must be considered:

- Strategic Approach: The elimination of all existing vacancies would prevent the Council from taking a strategic approach to minimize the negative impact on community services. The timing of vacancies can be unpredictable and arbitrary; many only recently became vacant are currently being filled. In many cases, less community impact would result from eliminating a filled position as compared to filling a more necessary vacant position. Some positions need to be filled as soon as possible to reduce risk to citizen or employee safety, maintain internal controls, reduce litigation or legal compliance risk, prevent decreased revenue or increased costs, and maintain critical service levels.
- Salary Savings: As mentioned, many vacancies are accounted for in a budget credit amount called salary savings, which temporarily reduces costs. The elimination of these vacancies requires a corresponding reduction to salary savings, which has a net \$0 impact on the budget and therefore does not address the budget deficit.
- Offset to Contracted Service: In cases where positions are difficult to fill, such as in the Information Technology Services Department, vacancy savings offset the costs associated with paying for temporary contracted services. In these cases, although contractors are not a permanent solution due to higher costs or other operational issues, their service is temporarily necessary to continue operations while recruitment is in progress.
- Interdepartmental Charges: Some positions recover costs through interdepartmental charges. These are charges for certain City services, such as Street repairs necessary due to Water capital projects that damage City roads, or other maintenance. In these cases, savings would be offset by reduced work order charges and therefore have little to no impact on the deficit.

## General Fund Revenue

Projected General Fund (GF) revenue in FY 2014-15 is estimated to be \$1.058 billion, an annual increase of 3.0% over the revised current year estimate. Including revenue, the estimated beginning fund balance of approximately \$60 million, and necessary net fund transfers estimated at \$20 million, total FY 2014-15 General Fund resources are estimated to be \$1.137 million. Details on specific revenue categories and assumptions are shown in **Schedule E**, the new report included this year at the request of Mayor Stanton and Councilman Gates. General Fund revenue consists of the categories shown in the chart below.

Sales Tax on Food: The City's five-year sales tax on food for home consumption, which went into effect April 1, 2010, will expire completely on April 1, 2015. In October 2013, the City Council approved a reduction of the sales tax on food rate from 2% to 1% effective January 1, 2014. The reduction in revenue for fiscal years 2013-14 and 2014-15 totaled approximately \$33 million and was offset by a combination of Transit debt refinancing savings, inclusion of some tort liabilities in the primary property tax, sales of excess City property, and efficiency savings.

State-Shared Revenue / Legislative Changes Affecting City Taxing Authority: The proposed FY2014-15 City Manager's Trial Budget assumes no change to current state-shared formulas, which have been in place since the 1940s when initially adopted by Arizona voters through three initiatives. If the state legislature changes state-shared revenue formulas and reduces the amount of revenue to cities and towns, balancing the budget may require additional cuts to Community services, including public safety positions, parks, senior centers, street maintenance and others.

Additionally, the proposed budget assumes no state legislative changes are adopted negatively impacting City revenue. Decreased revenue as a result of new state legislation may require cuts in services to the community to ensure a balanced budget.

## **Budget Process Improvements**

Further improvements are being made to this year's award-winning budget presentation and community process to strengthen public engagement and fiscal transparency.

Additional Revenue Report: New this year as requested by Mayor Stanton and Councilman Gates, this Trial Budget includes a detailed report explaining the basis and assumptions of General Fund revenue projections (**Schedule E**). The report provides additional transparency and clarity regarding the specific categories of General Fund revenue projections, including economic forecasts, recent growth trends, historical growth and other pertinent information.

Budget Hearings: Community involvement is essential to the City's longstanding budget process. This year, additional public outreach and opportunities to participate are being provided. The City will hold more budget hearings than last year; the number of hearings held has increased each of the last three years. The hearings will be held throughout the City in April and will include:

- An interactive, online hearing hosted by the Mayor and City Manager, allowing residents to submit comments or questions live from a computer or mobile device;
- A hearing provided in Spanish and English; and
- Video recordings on the City's "YouTube" Webpage for public access anytime.

Five-Year Forecast: In January 2014, for the third straight year, the Budget and Research Department provided a five-year General Fund forecast. The long-range forecast is a financial management best practice providing the Council with a tool for long-term planning and strategic decision-making. The forecast report explained economic, resource, and expenditure assumptions providing the basis for potential ending balance ranges over the next five years. The ending balance ranges showed the City may face an additional General Fund deficit in FY 2015-16. However, assuming continued economic improvement, strong cost management and further innovation and efficiency, a balanced budget is possible for the subsequent years during the forecast period.

Zero-Based Inventory of Programs Budget Document: Also for the third consecutive year, the Budget and Research Department provided a Citywide Budget Information Packet and Inventory of Programs as part of a Zero-Based Budget approach. This year, additional information was added regarding detail on employee costs. The information was presented to the Council on February 11, 2014, providing the Council and Community with an earlier view of the upcoming fiscal year's estimated expenditures. The Zero-Based Inventory of Programs is included with this report in **Schedule G** and includes program changes proposed in the Trial Budget.

## **Non-General Funds**

The City Manager's Trial Budget includes recommended changes to non-General Funds, as explained below. More detail is provided for non-General Fund changes in **Schedule D**.

Development Services Fund: In order to meet needs for expected further increases in development activity, Planning and Development proposes to add 12 full-time positions to conduct civil, residential, and commercial plan reviews, inspections, and site planning. Additionally, increased contractual services are proposed to enhance permitting technology and online services.

Phoenix Parks and Preserves Initiative Fund (PPPI): The PPPI fund includes a proposal to add 4.0 part-time FTE to operate the new Chavez Dog Park, Deems Hills Dog Park, Paradise Valley Dog Park, and Carver Mountain Trailhead expansion.

Wastewater Fund: Water Services proposes the use of Wastewater funds for operating costs related to the enhanced multi-phase digestion process for wastewater treatment and for costs related to the newly converted centrifuge for wastewater treatment.

## NEXT STEPS

All of the FY2014-15 City Manager's Trial Budget documents are posted electronically on phoenix.gov for anytime access by the community.

Early efficiency actions involving vacancy elimination will be brought to the Council in April for approval.

Staff will also publish a tabloid summarizing the City Manager's Trial Budget and make it available to the public. The tabloid will be available electronically on the City's website, and copies will be available at all senior centers, community centers, libraries, and, as always, at all community budget hearings in both English and Spanish. Electronic document locations will be publicized in the Arizona Republic, La Voz, and the Asian American Times.

Community budget hearings will take place throughout the City in April, during which public input on the budget will be gathered. Following the budget hearings and community input process in April, the City Manager's Proposed Budget will be presented to the Council on May 6, 2014, to be followed by the Council budget decision scheduled for May 20, 2014.

## RECOMMENDATION

Staff presents the balanced City Manager's Trial Budget for Mayor, City Council and community review. No action is requested at this time.

**SCHEDULE A**  
**2013-14 and 2014-15**  
**GENERAL FUND**  
**PROPOSED DEPARTMENTAL EFFICIENCIES**

<b><u>Department</u></b>	<b><u>2013-14</u></b>	<b><u>2014-15</u></b>	<b><u>Total</u></b>
<b><u>Budget and Research</u></b>			
1. Replace existing budget software maintenance contract with support provision in new budgetary system contract. This reduction results in no upgrades or technical support for current budget software but does not present risk in the city's ability to produce timely budget information. Also, due to increased usage of electronic budget documents accessed on the web, reduce the amount of printed budget books by 22%.	\$- -	\$(98,000) -	\$(98,000) -
<b>Total</b>	- -	<b>(98,000)</b> -	<b>(98,000)</b> -
<b><u>City Clerk and Elections</u></b>			
1. Implement organizational review changes resulting from collaboration with the Information Technology Department to consolidate technical support staff.	- -	(91,000) (1.0)	(91,000) (1.0)
<b>Total</b>	- -	<b>(91,000)</b> <b>(1.0)</b>	<b>(91,000)</b> <b>(1.0)</b>

	<b>Total</b>	<b>(160,000)</b>	<b>(161,000)</b>	<b>(321,000)</b>
		-	-	-

### **Police**

1.	As a result of collaboration by Municipal Court, Police and the Prosecutor's Office, a procedural change may assist in prosecuting Domestic Violence cases while also reducing Police Overtime. The reduction in Police Overtime of approximately \$670,000 is offset by the addition of two positions in the Prosecutor's Office.	-	(500,000)	(500,000)

**SCHEDULE B**  
**2014-15**  
**GENERAL FUND**  
**PROPOSED REDUCTIONS TO SERVICES**

<b><u>Department</u></b>	<b><u>2014-15</u></b>
<b><u>Budget and Research</u></b>	
1. Eliminate a position that conducts detailed budget reviews and operational research. This will hinder efforts to increase transparency and negatively affect the ability to thoroughly manage costs, identify savings and conduct research studies to improve operations and increase efficiency.	\$(135,000) (1.0)
<b>Total</b>	<b>(135,000)</b> <b>(1.0)</b>
<b><u>City Auditor</u></b>	
1. Reduce audits, program evaluations, and similar assignments by twelve major studies per year. As with all reductions to audits, this increases the risks to the City and reduces the ability to improve financial controls or to identify fraud, waste and abuse.	(215,000) (2.0)
<b>Total</b>	<b>(215,000)</b> <b>(2.0)</b>
<b><u>City Clerk and Elections</u></b>	
1. Reduce operating hours at the Records Center and increase wait times at the City Hall 15th floor customer service counter. In addition, this reduction would delay responses to public records requests.	(67,000) (1.0)
2. Eliminate floor to floor US mail and Interoffice mail delivery to Phoenix City Hall and the Calvin Goode Building. This reduction would decrease productivity and customer service in various departments as it would require departments to assign existing staff to drop off and pick up mail at a central location in each building.	(41,000) (1.0)

3.	Close the Rapid Copy Center which would result in all printed materials, including weekly council agendas and packet information, being printed offsite at the main print shop and delivered to City Hall the next business day. The ability to add late items to the agenda or packet would be negatively impacted, and copies of council agendas and packets would be delayed from Thursday distribution to Friday.	(37,000) (1.0)
4.	Eliminate Saturday early voting and the Saturday prior to election day at voting center sites. Early voting would still be available at City Hall during business hours and voting centers would still be open on the Monday prior to election day. This elimination will reduce the flexibility individuals have to vote.	(19,000) -
5.	Elimination of off-site mail delivery and pickup. This reduction would decrease productivity and customer service in various departments as it would require departments to assign existing staff to drop off and pick up mail at a central location in each building.	(55,000) (1.0)
6.	Reduction of printing services. This reduction would increase turnaround time for print jobs for projects needing short turn-around times, and thus could increase costs if outside printing services are used.	(32,000) (1.0)
<b>Total</b>		<b>(251,000)</b> <b>(5.0)</b>

**City Council**

1.	Reduce Council Office budgets for community outreach and constituent services.	(120,000) -
----	--	----------------

<b>Total</b>		<b>(120,000)</b> -
--------------	--	-----------------------

**City Manager's Office**

1.	Eliminate coordination of the Citywide Volunteer Program. This cut would constrain the City's ability to recruit and utilize volunteers in service delivery, which helps keep costs down while enabling the community to contribute time and work to important programs.	(135,000) (1.0)
----	--	--------------------

<b>Total</b>		<b>(135,000)</b> <b>(1.0)</b>
--------------	--	----------------------------------

### **Community and Economic Development**

1.	Reduce funding used to conduct economic development studies like redevelopment planning studies, market data trends and developing economic forecasts. This would limit staff's ability to timely respond to City Council requests for this information.	(95,000) -
2.	Eliminate an administrative position responsible for oversight of department contract compliance, legislative review, procurement, public records requests and internal and external audits.	(125,000) (1.0)
3.	Reduce administrative support for the Sister Cities International Program internship activities.	(60,000) (1.0)
	<b>Total</b>	<b>(280,000)</b> <b>(2.0)</b>

### **Equal Opportunity**

1.	Reduce support staff in the Small and Disadvantaged Business Enterprise (S/DBE) certification program. This reduction would result in higher level staff taking on more administrative duties and delay turnaround time for S/DBE application processing.	(72,000) (1.0)
2.	Further reduce support staff in the City's S/DBE program, which would extend turnaround time for application processing and result in an increased risk of noncompliance with federal regulatory requirements. If the City is found to be non-compliant, federal transportation funding could be jeopardized.	(66,000) (1.0)
3.	Reduce funding to administer the S/DBE Goals Compliance program which monitors the participation of S/DBEs in City and federally-funded construction subcontracting and contracting opportunities. This would result in longer response times to resolve contractor concerns, reduced program oversight and reporting, and fewer business forums to solicit community feedback.	(136,000) (1.0)
	<b>Total</b>	<b>(274,000)</b> <b>(3.0)</b>

## Finance

- |     |   |                    |
|-----|---|--------------------|
| 1.  | Reduce tax enforcement field inspections to identify unlicensed businesses and decrease identification of non-compliant business activities.  | (61,000)<br>(1.0)  |
| 2.  | Reduce accounting support, decreasing internal controls for daily cash and banking reconciliation; and eliminate funding for mailing Notice of Violation payment reminders, potentially decreasing revenue.   | (80,000)<br>(1.0)  |
| 3.  | Reduce and reclassify accounting staff in accounts payable section, delaying the processing of payments.  | (41,000)<br>(1.0)  |
| 4.  | Further delay tax enforcement field inspections to identify unlicensed businesses and decrease identification of non-compliant business activities. This reduction is offset by part time staff added in the City Clerk Department to continue posting liquor license notification signs. | (27,000)<br>0.3    |
| 5.  | Reduce support for inputting tax form data, resulting in a delay in recording tax receipt information and reporting monthly revenue, fewer taxpayer education classes, and less staff time for enhanced compliance programs.  | (52,000)<br>(1.0)  |
| 6.  | Significantly delay the invoicing of customers for centrally billed services, reduce internal controls, and potentially impact the monthly and annual financial closing processes.  | (70,000)<br>(1.0)  |
| 7.  | Reduce administrative support services, reducing customer service and delaying payments to vendors.   | (73,000)<br>(1.0)  |
| 8.  | Reduce tax collection support, delaying responding to taxpayer's requesting assistance and requiring eligible delinquent accounts be assigned to a collection agency.   | (181,000)<br>(2.0) |
| 9.  | Further reduce tax enforcement field inspections to identify unlicensed businesses and decrease identification of non-compliant business activities.  | (68,000)<br>(1.0)  |
| 10. | Reduce tax collection support staff, decreasing the department's ability to supervise remaining staff and respond to taxpayer requests for assistance.  | (105,000)<br>(1.0) |

11. Reduce accounting support, reducing detailed reviews, timeliness of adjustments and accuracy of financial reports.	(84,000) (1.0)
12. Reduce administrative support in the Real Estate section, resulting in a reduction of internal service levels, and slowing processing of procurements and real estate transactions.	(49,000) (1.0)
<b>Total</b>	<b>(891,000)</b> <b>(11.7)</b>

**Fire**

1. Reduce clerical support in the Resource Management Section. This will increase response times for delivery of supplies to fire stations.	(55,000) (1.0 civilian)
2. Reduce staff support in the Resource Management Section. This reduction could create backlogs in the delivery of important supplies throughout the department.	(63,000) (1.0 civilian)
3. Reduce accounting support in the Fiscal Management Section. This will increase processing time for payments to vendors.	(48,000) (1.0 civilian)
4. Reduce funding for Part-Time Rescue/Adaptive Response units that provide patient transportation during peak hours. This reduction could impact response times in areas of the city with high call volume.	(45,000) -
5. Eliminate the Fire Prevention Section which is part of the Fire Prevention General Inspection Program. The loss of this section would result in drastic reductions in fire code inspections for new and existing buildings, code compliance inspections for general and business/occupancy inspections and fire code enforcement. This reduction would also eliminate permitting for barrier fencing in commercial occupancies and the Pool Safety Program.	(1,940,000) (19.0 civilian)

6.	Eliminate the Crisis Intervention Program which would result in the Department no longer providing support and grief counseling to victims of tragic fire and medical events. In addition the department would lose the ability to support the Phoenix Police Department with domestic violence calls, after hour support of the Family Advocacy Center and participation in the pilot Strangulation Program through the Criminal Justice Coordinating Committee. This program also provides customers with referrals to valuable community resources.	(695,000) (3.0 civilian)
7.	Eliminate the Special Operations Section of the Fire Emergency Medical Services and Hazardous Incident Response Program. This section is responsible for the training and certification of our special operations response units. This includes our response to hazardous materials and technical rescue incidents. The elimination of this section would create a void in the required training programs necessary to keep our special response teams certified.	(552,000) (1.0 civilian)
	<b>Total</b>	<b>(3,398,000)</b> <b>(0.0 Sworn)</b> <b>(26.0 Civilian)</b>

**Government Relations**

1.	Eliminate funding for business travel necessary to maintain strong communications and information sharing with other cities and with other levels of government. Also reduces the city's ability to communicate important needs to federal agencies and delegations involved in allocating grant funds to critical city programs.	(192,000) (1.0)
	<b>Total</b>	<b>(192,000)</b> <b>(1.0)</b>

**Human Resources**

1.	Reduce support for the Employee Driver's Training Academy (EDTA). This will increase the turn-around time for driving record background checks and other new employee hire associated responsibilities, and decrease internal service.	(68,000) (1.0)
----	--	-------------------

2.	Reduce support for the labor relations program. This reduction will result in process delays, and the elimination of citywide grievance tracking that will diminish the ability to identify trends for proactive intervention.	(68,000) (1.0)
3.	Reduce pay and leave auditing, employee training support, and decrease internal controls.	(76,000) (1.0)
4.	Reduce support to departments participating in the shared human resources services. This decrease will reduce personnel advice to departments in such areas as City HR policies, grievance support, safety concerns, and investigation of employee misconduct, which increases risks of injury, lawsuits, and operational issues.	(105,000) (1.0)
5.	Reduce support to human resources data entry and internal controls. This will increase the processing time and potential errors in employee absence audits, on performance and merit reviews, unemployment claims, disability claims, and child support documentation.	(68,000) (1.0)
6.	Reduce eligibility verification and auditing of employee benefits. This could increase risks of fraud, waste and abuse which increases City costs.	(83,000) (1.0)
7.	Reduce clerical support of citywide recruiting and compensation services. This decreases internal services and overall citywide efficiency by delaying recruitment processes and requests to fill vacant positions.	(62,000) (1.0)
8.	Eliminate the Language Education and Diversity Sensitivity (LEADS) program, which will also eliminate the foreign language customer service certification program. Also reduces overall ability to provide employee training.	(115,000) (1.0)
	<b>Total</b>	<b>(645,000) (8.0)</b>

## **Human Services**

- |     |  |                    |
|-----|--|--------------------|
| 1.  | Reduce contracts monitoring support. This decrease will reduce oversight and delay the timely implementation of the department's contracts with outside agencies involved in delivery of important services to seniors and other Human Services clients. | (59,000)<br>(1.0)  |
| 2.  | Reduce fiscal support to the Senior Services Division which will weaken departmental financial controls and reporting.   | (81,000)<br>(1.0)  |
| 3.  | Reduce coordination of the Human Services volunteer program. This reduction may reduce volunteer hours in support of critical community programs such as senior services, Heat Relief Network, COMFORT, and Earned Income Tax Credit Campaign.           | (81,000)<br>(1.0)  |
| 4.  | Reduce customer service support at Family Service Centers. This reduction would increase the workload for case workers and result in significantly fewer families served.  | (141,000)<br>(3.0) |
| 5.  | Reduce food assistance funding to local food banks by 33 percent; which brings the total funding to half of the original amount, in-line with the 50% reduction to the Temporary Emergency Sales Tax on Food.  | (63,000)<br>-      |
| 6.  | Reduce technology improvements at Senior Centers, decreasing the number of planned Wi-Fi installations.  | (67,000)<br>-      |
| 7.  | Reduce senior programs by 50%, significantly decreasing entertainment and class opportunities for seniors.   | (77,000)<br>-      |
| 8.  | Reduce funding for Local Alcohol Reception Center (LARC). This reduction will decrease detox services by 180 participants and crisis stabilization services to 1,400 individuals.  | (20,000)<br>-      |
| 9.  | Reduce funding to Central Arizona Shelter Services (CASS) contract which will result in 400 less homeless clients receiving services.  | (74,000)<br>-      |
| 10. | Reduce case management services, which will result in 104 fewer participants receiving short term emergency financial assistance and 624 fewer hours of long-term case management services for clients in need.  | (65,000)<br>(1.0)  |

- |   |                     |
|---|---------------------|
| 11. Close three senior centers eliminating meals, recreational and educational programming, and social services to seniors and disabled residents. It could be very challenging for the remaining Senior Centers to absorb clients from the closed centers. | (670,000)<br>(11.0) |
|---|---------------------|

<b>Total</b>	<b>(1,398,000)</b> <b>(18.0)</b>
--------------	-------------------------------------

**Information Technology Services**

- |  |                    |
|--|--------------------|
| 1. Reduce IT Enterprise Architecture services, which would hinder the department's ability to manage enterprise architecture compliance efforts and would require that more costly external professional services contracts be procured on an as-needed basis in the future.   | (85,000)<br>(2.0)  |
| 2. Reduce IT administrative and desktop support throughout the department. This reduction will also impact the department's support of client departments and result in significantly reduced turnaround times.  | (191,000)<br>(2.0) |
| 3. Reduce technology project management services, which reduces the City's ability to implement important technology projects.   | (468,000)<br>(3.0) |
| 4. Halt Customer Care and Billing (CC&B) report development for the Water and Public Works departments. This reduction would dramatically reduce the department's ability to provide enterprise support to the CC&B environment and negatively impact Water and Solid Waste customers.   | (148,000)<br>(1.0) |
| 5. Discontinue Fire VHF Radio Communications System support. This reduction would eliminate staff support of the Fire VHF System and would result in the loss of control standards and a severe compromise of site security.   | (115,000)<br>(1.0) |
| 6. Completely eliminate Delphi and WebLogic support for applications used by Streets, Public Works and Water Services. This reduction would require more costly outside consulting services for any changes to WebLogic applications in the future and would negatively impact contractors that need access to City information. | (148,000)<br>(1.0) |

7.	Eliminate staff that supports the City's Human Resource System (eChris). This reduction would limit the City's ability to implement automation projects that improve efficiency or utilize the system's full functionality. Any future project needs to be conducted by outside consultants and funded separately.	(284,000) (2.0)
8.	Limit changes to the GIS environment to maintenance updates and basic changes. This reduction would require that major GIS projects be funded separately and conducted by outside consultants. This reduction would also impact contractors who need access to accurate map data for right of way projects.	(282,000) (2.0)
9.	Significantly reduce maintenance for the Regional Wireless Cooperative (RWC) Radio Network. This reduction would severely diminish staff's ability to provide effective maintenance to the RWC radio network, which supports regional public safety operations and communication.	(115,000) (1.0)
<b>Total</b>		<b>(1,836,000)</b> <b>(15.0)</b>

**Law - Civil**

1.	Reduce internal legal support and representation to several internal departments including Neighborhood Services and Finance Department. This reduction will require the remaining staff to absorb the additional workload.	(182,000) (1.0)
2.	Reduce internal administrative staff responsible for supporting multiple attorneys. This reduction could have an adverse impact on the timely and accurate processing of information related to civil cases.	(50,000) (1.0)
3.	Further reduce administrative support staff to the Civil Division. This reduction could negatively impact the timely processing of legal casework and inefficiently increase administrative responsibilities for attorneys.	(66,000) (1.0)
<b>Total</b>		<b>(298,000)</b> <b>(3.0)</b>

## **Law – City Prosecutor**

- |    |  |                    |
|----|--|--------------------|
| 1. | Eliminate staff responsible for providing complex legal advice and representation, as well as key managerial oversight. This reduction would negatively impact the day-to-day operations of the Prosecutor’s Office.                                       | (182,000)<br>(1.0) |
| 2. | Reduce legal staff assigned to the Community Prosecution Division. This reduction would severely impact efforts to eliminate blight and crime in troubled neighborhoods.   | (160,000)<br>(1.0) |
| 3. | Reduce case management in the Victims Services Division. This reduction would impair the department’s ability to adequately support victims of crime, including ensuring victims are able to navigate the complex judicial system.                         | (90,000)<br>(1.0)  |
| 4. | Reduce internal administrative staff responsible for supporting multiple attorneys. This reduction could have an adverse impact on the timely and accurate processing of information related to criminal cases.  | (86,000)<br>(1.0)  |
| 5. | Reduce legal staff assigned to the Community Prosecution Division. This reduction would not only severely impact efforts to eliminate blight and crime in troubled neighborhoods it would also negatively impact legal services benefitting the community. | (160,000)<br>(1.0) |
| 6. | Reduce staff assigned to provide coverage within a courtroom at Phoenix Municipal Court. This reduction would cause immediate delays to the prosecution of cases and negatively impact crime victims.  | (158,000)<br>(2.0) |
| 7. | Reduce staff responsible for providing key in-court representation, including pretrial disposition conferences, jury and non-jury trials and probation revocation hearings. This reduction could cause delays in the prosecution of some cases.            | (113,000)<br>(1.0) |
| 8. | Reduce administrative staff support in the Community Prosecution division. This reduction could potentially lead to costly delays.   | (60,000)<br>(1.0)  |

- |    |  |                   |
|----|--|-------------------|
| 9. | Reduce case management in the Victims Services division. This reduction has the potential to delay as many as 1,100 cases per month and negatively impact the quality of service offered to victims. | (76,000)<br>(1.0) |
|----|--|-------------------|

**Municipal Court**

- |    |   |                    |
|----|---|--------------------|
| 1. | Eliminate the sentence monitoring unit. This will require a major shift in operations forcing the Judge and Bailiff to monitor and enforce their own orders which will slow down service and create an additional drain upon an already burdened courtroom. | (261,000)<br>(4.0) |
| 2. | Eliminate a City Judge position, which would result in reduced service levels and spreading of caseloads across existing staff.   | (246,000)<br>(1.0) |
| 3. | Eliminate an information technology position assigned to the Court Management System. This will delay required analysis and programming.  | (86,000)<br>(1.0)  |
| 4. | Eliminate a position within the Tax Intercept program. Although service levels will decrease, there will be little to no negative revenue impact associated with this reduction.  | (48,000)<br>(1.0)  |
| 5. | Eliminate a position within the Customer Service Division. This reduction will increase wait times for customers waiting to check into court and making payments in person.   | (50,000)<br>(1.0)  |
| 6. | Eliminate a position responsible for administration of the Court's Defensive Driving Program. This reduction could reduce the effectiveness of this program and would compromise the level of customer service provided.                                    | (79,000)<br>(1.0)  |

7.	Eliminate a position that provides critical budgetary and procurement duties within Information Systems and Technology Division. This reduction would eliminate daily budget monitoring and increase purchasing timelines which could result in delays.	(70,000) (1.0)
8.	Reduce the number of hours the call center is open to the public from nine hours per day to four hours per day. This change would adversely impact customers resulting in increased call wait times, delayed record delivery to courtrooms and create a backlog in case file creation and filing.	(200,000) (4.0)
9.	Eliminate a position responsible for contract administration of the seven vendors performing external collection services. Lack of contract monitoring may adversely impact revenue.	(83,000) (1.0)
10.	Close a courtroom in the Civil Division and eliminate four positions, which will result in backlogs in processing defendants, less effectiveness in handling cases and increase the time a defendant waits until a hearing is scheduled.	(321,000) (4.0)
11.	Reduce courtroom operations support in the Criminal Division by eliminating two positions. This reduction would reduce customer service levels and add more cases to existing courtrooms.	(103,000) (2.0)
12.	Close a courtroom in the Criminal Division and eliminate three positions. This will result in adding more cases to existing courtrooms meaning the Court must schedule cases further into the future reducing the percentage of cases adjudicated timely.	(349,000) (3.0)
	<b>Total</b>	<b>(1,896,000)</b> <b>(24.0)</b>

### **Neighborhood Services**

1.	Eliminate funding for two contracted staff, resulting in a 14% reduction in graffiti removal or over 10,000 fewer sites cleaned each year citywide. This would increase the average complaint based graffiti removal response time from approximately one day to an estimated average of three days.	(101,000) -
----	--	----------------

2.	Eliminate additional positions from the Graffiti Busters program, resulting in an additional 14% reduction in service or over 10,000 fewer sites cleaned per year citywide.	(161,000) (2.0)
3.	Reduce code enforcement support and neighborhood preservation inspections, which would significantly increase complaint response times, case cycle times, and delay follow up on case management inquiries. Quality control and guidance on technically challenging cases would also be diminished.	(928,000) (12.0)
	<b>Total</b>	<b>(1,190,000)</b> <b>(14.0)</b>

**Office of Arts and Culture**

1.	Reduce Public Art Program support. This reduction would reallocate duties to existing staff, adversely impacting staff's ability to complete public art projects.	(34,000) (1.0)
2.	Reduce grant funding for non-profit arts and culture organizations by 18% which would affect the financial health of arts and culture organizations and their ability to provide services to the community. This cut would compromise the growth and development of cultural opportunities, which attract residents and businesses, and may eliminate the Arts Education and Festival grant categories.	(123,000) -
	<b>Total</b>	<b>(157,000)</b> <b>(1.0)</b>

**Parks and Recreation**

1.	Close two summer neighborhood centers. The closure of Barrios Unidos and Holiday neighborhood centers would impact 7,100 user visits during the annual eight week summer program. These facilities provide youth ages 7-17 a place to participate in recreational programs.	(24,000) (0.6)
----	---	-------------------

- |    |  |                       |
|----|--|-----------------------|
| 2. | Eliminate supervised activities at the Rose Mofford and Encanto Sports Complexes. This reduction increases the risk of vandalism due to the complex having to remain open similar to flatland parks. All programs, equipment rentals, community events, and partnerships would also be eliminated. These facilities logged over 200,000 visits annually.   | (214,000)<br>(6.4)    |
| 3. | Close Telephone Pioneer Pool. This closure would impact approximately 3,580 citizens over an eight week summer season. Swimming lessons and free water safety programs sponsored by Cigna Healthcare will no longer be offered. Deer Valley Pool, which will remain open, is approximately within one mile of Telephone Pioneer Pool. Additionally, the Virginia G. Piper Sports and Fitness Center for Persons with Disabilities (not operated by the City) remains open. | (44,000)<br>(1.2)     |
| 4. | Closure of Pierce Pool. This reduction would impact approximately 12,084 visitors over an eight week season. Swimming lessons and free water safety programs sponsored by Cigna Healthcare will not be provided. Perry Pool, which will remain open, is approximately within 2.5 miles of Pierce Pool.   | (97,000)<br>(3.1)     |
| 5. | Closure of Holiday Pool. This reduction would impact approximately 5,421 visitors over an eight week season. Swimming lessons and free water safety programs sponsored by Cigna Healthcare will not be provided. Maryvale Pool, which will remain open, is approximately within 2 miles of Holiday Pool. Starlight and Marivue pools are within 2.5 miles.   | (47,000)<br>(1.4)     |
| 6. | Reduction of operating hours at all 13 community centers. This would reduce operating hours from 65 to 37 hours per week.  | (1,076,000)<br>(14.0) |
| 7. | Eliminate 11 swim and 6 dive teams. This will impact approximately 1,600 participants and negatively impact the ability to recruit participants for life guard training classes. This reduction will not impact instructional swim lessons.  | (50,000)<br>(5.0)     |
| 8. | Close 3 of the 13 community centers. This reduction would eliminate over 1,200 classes, programs, and special events. These closures would impact approximately 115,000 users.   | (1,710,000)<br>(19.5) |

9.	Close the South Phoenix Youth Center as a result of the non-profit service provider no longer being able to operate the center. Restoring services with City staff would cost \$67,000.	-	-
10.	Close seven year round recreation centers that provide a variety of activities for youth and adults. This reduction would impact approximately 251,000 users.	(813,000)	(15.8)
11.	Close the remaining 10 of 13 community centers. These facilities offer over 1,200 classes, programs, and special events. This reduction would impact approximately 385,000 users.	(4,509,000)	(65.0)
	<b>Total</b>	<b>(8,584,000)</b>	<b>(132.0)</b>

**Phoenix Convention Center**

1	Eliminate power washing in the Regency and Heritage Garages, which would eliminate ability to clean the garages, increase long term maintenance costs, and negatively impact usage, leading to progressively declining revenue.	(18,000)	-
2.	Reduce security services in the Regency and Heritage Garages by 80%. This would significantly reduce the security presence in the garages, decreasing patron's sense of safety, and could result in decreased usage and further reduce revenue.	(119,000)	-
	<b>Total</b>	<b>(137,000)</b>	-

**Phoenix Employment Relations Board**

1.	Reduce funding for Board members to obtain training and the opportunity to exchange best practices with other agencies in administering labor-management relations laws.	(3,000)	-
2.	Reduce funding for hearing transcriptions. The Board, hearing officers, and parties will no longer receive written hearing transcripts for each case which may result in longer case review times, delayed case resolution, and increased review costs.	(3,000)	-

- |    |   |              |
|----|---|--------------|
| 3. | Reduce funding for contracted hearing officers to hear and recommend resolution of unfair employee practice charges relating to wages, hours and working conditions. This cut would diminish the Board's ability to administer the Meet and Confer Ordinance. | (3,000)<br>- |
|----|---|--------------|

<b>Total</b>		<b>(9,000)</b> -

**Planning and Development**

- |    |  |                    |
|----|--|--------------------|
| 1. | Reduce information technology support for the Planning Department's zoning case management system which could reduce quality and/or availability of information to the public. | (125,000)<br>(1.0) |
|----|--|--------------------|

- |    |   |                    |
|----|---|--------------------|
| 2. | Eliminate staff dedicated to providing socioeconomic, demographic, and land use data for city departments, outside agencies, and residents. This would significantly reduce the city's ability to provide data for federal grant applications, economic development activities, and custom maps relying on census data related information. | (125,000)<br>(1.0) |
|----|---|--------------------|

<b>Total</b>		<b>(250,000)</b> <b>(2.0)</b>

**Police**

- |    |   |                                |
|----|---|--------------------------------|
| 1. | Eliminate funding for the final phase of the Central Booking Unit civilianization plan. This reduction will require some officers to continue staffing the Central Booking Unit and prevent the department from transitioning remaining officers to first response and crime prevention related duties. | (1,122,000)<br>(15.0 civilian) |
|----|---|--------------------------------|

- |    |   |                |
|----|---|----------------|
| 2. | Reduce the department's expenses by requiring the hosts of special events to pay for the costs associated with barricade rentals. | (246,000)<br>- |
|----|---|----------------|

- |    |  |                |
|----|--|----------------|
| 3. | Reduce flight hours in the Air Support Unit by approximately 600 hours annually. This reduction will hamper the ability of the air support unit to provide essential support to a variety of critical police department operations including but not limited to patrol, barricades and surveillance. Increased response times should also be expected. | (369,000)<br>- |
|----|--|----------------|

- |    |   |                                |
|----|---|--------------------------------|
| 4. | Completely close the Central Booking facility, eliminating the 15 civilians currently assigned to the facility, and reassigning the 15 officers to first response and crime prevention related duties. This reduction will negatively impact operations, eliminate efficiencies gained as a result of the central booking process and potentially increase overtime due to the lengthy booking process at the Maricopa County Jail. | (1,300,000)<br>(15.0 civilian) |

**Public Information Office**

- |    |  |                    |
|----|--|--------------------|
| 1. | Reduce PHX11 technical support that could reduce the number of shows produced each year.   | (40,000)<br>(0.8)  |
| 2. | Reduce closed captioning, contracted television engineering, commodities, and cellular phone services. This reduction will eliminate closed captioning for all shows except City Council meetings, would significantly delay the repair of equipment used for off-site and in-studio filming, and will reduce staff ability to promptly respond to requests for information. | (40,000)<br>-      |
| 3. | Eliminate all 24 "City Update" shows. These updates provide residents an opportunity to learn and understand city services. This reduction will reduce overall programming quality and significantly reduce the ability to create special programming for topics such as domestic violence, homelessness, innovation & efficiency and Shop Phoenix segments.                 | (124,000)<br>(1.0) |

<b>Total</b>		<b>(204,000)</b> <b>(1.8)</b>

## **Public Works**

- |  |                    |
|--|--------------------|
| 1. Reduce the oversight capabilities for daily operations with private contractors responsible for custodial work, pest control, and general City services for City-owned buildings.   | (62,000)<br>(1.0)  |
| 2. Reduce support for electrical systems in all City buildings. This will cause delays in the scheduled maintenance of power systems as required to maintain City assets and potentially impact public access.   | (131,000)<br>(2.0) |
| 3. Eliminate the swing shift at the 22nd Avenue Center South Shop. This will result in delays for repairs, towing, and dispatching services for all City vehicles between 2:30pm and 10:30pm which would also impact service to the public.            | (68,000)<br>(2.0)  |
| 4. Further reduce support for electrical systems in all City buildings. This will cause delays in response times, project completions, and could develop into safety issues if adequate resources are not available to handle departmental requests.   | (70,000)<br>(1.0)  |
| 5. Eliminate 3rd shift at Union Hills and Okemah Service Centers. This will result in delays for repairs, towing, and dispatching services for all City vehicles between 10:00pm and 6:30am which would also impact service to the public.             | (132,000)<br>(4.0) |
| 6. Reduce support of City buildings, including, maintaining roofs, doors, awnings, and other fixtures. This will increase the backlogged departmental requests, limit the ability to protect City assets, and could negatively impact building safety. | (199,000)<br>(3.0) |

- |    |   |                    |
|----|---|--------------------|
| 7. | Reduce support for the federally mandated refrigerant management program in City buildings. This will cause the program to be less effective. Additionally, response times for emergencies and public accessibility would be negatively impacted. | (141,000)<br>(2.0) |
|----|---|--------------------|

<b>Total</b>		<b>(803,000)</b> <b>(15.0)</b>
--------------	--	-----------------------------------

**Street Transportation**

- |    |   |                    |
|----|---|--------------------|
| 1. | Reduce funding for outside training which will reduce the ability to develop and deliver necessary technical trainings.   | (6,000)<br>-       |
| 2. | Eliminate the purchase and assembly of portable 15 MPH school zone signs. The city has no legal obligation to provide these signs but currently does so as a courtesy to school districts.  | (33,000)<br>-      |
| 3. | Eliminate the oversight of the Adopt-A-Street and Banner Programs. This will decrease oversight of adopted streets to ensure trash is being removed, and will reduce assistance to residents wishing to hang banners and decrease monitoring for compliance with banner regulations.  | (118,000)<br>(1.0) |
| 4. | Reduce freeway landscape irrigation. This will reduce the frequency of watering during warmer months and may result in dead vegetation and blighted areas along the freeway corridors in Phoenix.   | (132,000)<br>-     |
| 5. | Reduce the response time to repair traffic signal and lighting malfunctions, delaying the construction of new traffic signals, high intensity activated crosswalk pedestrian crossing beacons (HAWKs), and the countdown pedestrian signal head conversion project.   | (122,000)<br>(2.0) |
| 6. | Reduce crack seal activities needed for preparing residential streets for asphalt overlay, slurry treatment, fog seal and repairing cracks in the pavement. This will reduce the annual number of miles of overlay for major streets from 18 to 17, reduce non-overlay related crack seal work by 78 miles annually, and increase the rate of deterioration of streets. | (191,000)<br>(3.0) |

7.	Reduce materials testing and monitoring in the field and at the Materials Lab of concrete, asphalts, and soils. This reduction could jeopardize the quality of materials used for construction projects and thus reduce their useful life.	(69,000) (1.0)
8.	Reduce utility coordination and GIS data entry. This reduction will result in longer turnaround times for utility customers, and jeopardize the accuracy of tracking SRP licenses, utility easements, and utility construction agreements.	(38,000) (1.0)
9.	Reduce pavement marking program. This reduction will delay the installation and maintenance of traffic markings and increase the current replacement cycle from 1-2 years to more than two years.	(54,000) (1.0)
10.	Eliminate the slurry seal program. Slurry seal is a surface treatment that extends the life of existing road surfaces. The slurry seal program is more cost effective for small areas than an asphalt overlay, thus fewer miles of repair will be completed.	(208,000) (3.0)
11.	Reduce in-pavement vehicle detector loop installation and repair. Loop detectors sense the presence of vehicles and send the information to the traffic signal controller. This reduction will significantly increase the number of signals that will be operating on a default setting versus a sensor, which will increase levels of traffic congestion.	(153,000) (4.0)
12.	Reduce street landscape replacement and repair. Fewer dead plants and trees will be replaced, and fewer irrigation systems will be repaired. In addition, damaged screen walls will be removed rather than repaired.	(103,000) -
13.	Reduce Right-of-Way oversight and management. This reduction will diminish the response time to emergency traffic restrictions caused by events such as broken water lines, construction activities, and civil demonstrations.	(129,000) (1.0)
14.	Reduce roadway design and review of public- private projects. This reduction will result in delays to arterial street, sidewalk, and street modernization construction projects.	(37,000) (1.0)

15. Reduce support and maintenance of Intelligent Transportation Systems (ITS). This reduction will significantly diminish the ability to investigate and respond to citizen requests for traffic signals, left turn arrows, HAWKs, and other traffic control devices.	(104,000) (1.0)
16. Reduce hardware and software maintenance support of specialized information technology systems at the traffic signal, traffic count, parking meter, and sign shops. This reduction will diminish the ability to provide IT support to these field operations.	(124,000) (1.0)

## City of Phoenix

<b>BUDGET AND RESEARCH DEPARTMENT REPORT</b>	B.R.D. NUMBER <b>2014-04</b>
SUBJECT <b>General Fund Revenue Estimates</b>	DATE ISSUED March 20, 2014

This report provides additional detail on General Fund (GF) revenue estimates to provide the City Council and community with explanations of how staff recommended revenue projections are developed. The City is committed to providing a transparent and open budget process and providing this information will enhance the review and understanding of how revenue projections are developed in order to better facilitate discussions during the annual budget development process.

Revenue estimates are an essential component to the city's budget, and careful examination is required to ensure projections are reasonable and attainable in order to maintain fiscal stability and long term budget management. Predicting future revenue growth is challenging and requires consistent and diligent analysis based on sound forecasting principles and methods. Revenues are monitored closely and a monthly revenue report is prepared and distributed to the City Manager's Office, the City Council and the community for review. GF revenues are comprised of several categories all of which are unique and require separate analysis. The primary revenue categories include: local taxes and related fees, primary property taxes, state shared sales, income and vehicle license taxes, and user fees and non-tax revenues.

Included in this letter is an explanation of how GF revenue is projected, the sources relied upon to assist in developing estimates, economic assumptions and the various methods used to analyze revenues. Also included are historical revenue actuals and growth rates, the recommended revenue estimates for 2013-14 and 2014-15 and an explanation of the sources, influencing factors, and methods used by staff in conducting analysis for each major revenue category. Attachment A provides GF revenue information from the top 10 Arizona cities by population for comparison purposes. The below table summarizes the 2013-14 and 2014-15 estimated GF revenues and the primary reason for the variance:

<b>GF Revenue Category (millions)</b>	<b>2013-14 Estimate</b>	<b>2014-15 Estimate</b>	<b>Amount Change</b>	<b>Percent Change</b>	<b>Primary Reason or Rational for Difference</b>
Local Taxes	\$423.6	\$433.9	\$10.3	2.4%	Continued moderate improvement in sales tax collections expected, and food sales tax expiring 4/1/15
Primary Property Tax	142.8	138.0	(4.8)	(3.4%)	Removal of torts
State Shared Sales Tax	127.9	135.4	7.5	5.9%	Continued moderate improvement in state sales tax expected

## Revenue Projections & Trusted Sources

Projecting revenues involves complex analysis and continuous monitoring to identify variances and recommend adjustments so that expenditures do not exceed available resources and a balanced budget can be maintained. As part of the overall forecasting process, assumptions about the direction and strength of the national, state and local economy are considered along with indicators such as population, job growth and personal income. Information on program and service activity levels, rates, and fees that influence certain revenues are evaluated and proposed legislation is monitored to determine potential impacts to revenue categories such as sales taxes, state shared revenues and property taxes. In addition, information from city departments on user fees and non-tax revenue is requested and analyzed each year as part of the technical budget review process. Finally, trusted economic and financial sources are relied on to provide certain revenue projections and insight into the overall direction and strength of the economy and include experts from the State's Finance Advisory Committee (FAC), Joint Legislative Budget Committee (JLBC), Arizona State University, University of Arizona (UofA), Elliott D. Pollack & Company, Arizona Department of Revenue, National Blue Chip, Western Blue Chip, and the US Bureau of Labor Statistics.

The city is also a member of the Forecasting Project through the Economic and Business Research Center at the UofA. This project is a community-sponsored research program providing project members with economic forecasts for Arizona and the Phoenix-Mesa metro area. Budget & Research (B&R) staff attends quarterly meetings, participate in discussions with other local government and private enterprise members, and receive quarterly economic reports and data/projections used to assist in developing our forecasts.

## Economic Assumptions

Several of the primary revenue categories are influenced by the economy and the sources mentioned above provide valuable information about the expected growth of the economy, which is used in developing revenue growth rates. B&R staff continuously monitor economic variables and what these experts are predicting when developing revenue estimations.

The local economy continues to make slow progress out of the severe recession and city revenue collections reflect modest growth from the downturn in the economy a few years ago. While economists expect further increases in the number of jobs, population, personal income, continued improvement in the housing market and construction industry, and decreases in unemployment, the improvement of the economy is still expected to be slower than historic recoveries.

It is expected to take several years to regain the number of jobs lost and population increases have not returned to levels experienced prior to the recession. In a hopeful sign, economists' forecasts call for 2014 to outperform 2013, primarily due continued increases in population, higher discretionary income and other improved economic factors. It is expected the Greater Phoenix economy will account for a higher proportion of the new jobs in Arizona in 2014, stimulated by income, employment and population gains that are expected to outpace the state and the nation (McPheters, ASU).

Overall, these economists currently project that economic expansion will continue at a moderate pace; gaining momentum in 2014, with a full recovery not anticipated until 2015 or 2016. There are several factors preventing a stronger pace of recovery, such as slower than anticipated job growth, lower than projected reductions in unemployment, smaller increases in population inflows and continued cautious consumer and business spending. Consideration of these predictions have been taken into account when determining the 2014-15 revenue growth rates.

## Revenue Forecasting Methods

Several forecasting methods and practices are used to estimate city revenues and will vary depending on the type of revenue being analyzed. Evaluating historical growth patterns and current actuals is an important component to analysis and provides insight into the direction of the various revenue categories and the growth needed to achieve estimated revenues. Information is also collected from the trusted sources mentioned on page 1 to ensure current and subsequent year estimates are reasonable and in-line with what these experts are predicting. The State FAC provides valuable information from a panel of respected economists and financial professionals. Included in their materials are projections of state sales tax and income tax collections. These projections are considered when developing city sales tax and state shared sales and income tax revenues for both the current and subsequent fiscal years. Additionally, information is collected from city departments during the annual technical review process which is needed to analyze the user fee and non-tax revenue category. The department's knowledge of the revenues generated by various city programs and services is essential to developing accurate projections. Staff also considers one-time revenues, adjustments and contractual agreements impacting growth when developing estimates.

In conjunction with considering historical growth, current trends, and information from trusted sources and departments, B&R staff uses several forecasting methods when preparing recommended estimates. The most common methods of revenue estimation used are: averages of actual revenue experience by varying time periods, annualization of year-to-date actuals, and most often a percent of prior year method. This last method, involves analyzing the amount of revenue collected at a point in time during prior fiscal years, for example seven months, represented as a percentage of the total collections for the entire fiscal year and then applying that percentage to current year-to-date actuals. This method accounts for the seasonal nature of many city revenues and is often a more effective method than using an averages or annualizing approach. Additionally, the growth rate needed to reach the budgeted or estimated revenue is considered. If the percentage growth needed for the remaining months of the fiscal year is substantially higher or lower than the current growth rate adjustments are made to arrive at a new estimated revenue amount for the fiscal year.

Once the current fiscal year estimate is developed, assumed growth rates are then applied to this amount to arrive at a projected revenue amount for the following fiscal year. These assumed growth rates take into account historical and recent trends in revenue data, and information from city departments and our trusted sources to ensure projections are not overly conservative or aggressive.

Finally, as part of the annual budget development process each year, revenue estimates are presented to the City Manager's Office, the City Council and the community as part of the Trial and recommended budgets for consideration and approval prior to final budget adoption in June.

## General Fund Revenue

To assist in explaining the basis for how GF revenue is estimated for each of the major categories, historical revenue growth and estimated revenues for the 2013-14 and 2014-15 fiscal years are provided graphically, along with a description of the revenue category and the methodology used to develop recommended revenue estimates beginning with total General Fund revenues.

### Total General Fund Revenue

*\*2013-14 and 2014-15 estimates account for the reduction of the emergency sales tax on food for home consumption to 1% effective January 2014 and complete elimination in April 2015. Projections also assume no fee increases, changes to state shared revenue formulas or legislative actions to reduce General Fund revenues.*

As mentioned on page 1, GF revenues consist of local taxes and related fees, primary property taxes, state shared sales, income and vehicle license taxes, user fees and non-tax revenues. Estimating revenues for each of these categories is conducted separately to more accurately predict the amount of revenues for the current and following fiscal year. Each category is unique with respect to the variables that comprise the revenue and influence growth. Variables that impact revenue growth include economic factors such as consumer sentiment, discretionary income, population, unemployment, job growth and construction activity. Other influencing factors may include: legislative action, City Council policy directives, legal restrictions and mandates, state statutory formulas, program enhancements or reductions, and changes in rates and fees. For these reasons, evaluating each major category separately is preferred and generates more accurate revenue projections.

## Local Taxes and Related Fees, 41% of Total General Fund Revenue

\*2013-14 and 2014-15 estimates account for the reduction of the emergency sales tax on food for home consumption to 1% effective January 2014 and complete elimination in April 2015. One-time revenue estimated at approximately \$600,000 from Superbowl 2015 and an expected audit adjustment of (\$1.2M) is factored into the 2014-15 projection.

Local taxes and related fees consist of city sales taxes, privilege license fees and other excise taxes. The majority of revenue is derived from city sales taxes which is comprised of 15 general categories collected based on a percentage of business income accruing in each category. The chart on page 6 provides the current local sales tax rates by category and the percentage allocated to each fund. Privilege license fees are assessed to recover the costs associated with administering the local tax system. Other excise taxes primarily include the jail tax collected on water service accounts and provide resources to help offset jail costs paid to Maricopa County for misdemeanor defendants.

Sales tax can be volatile and typically correlates to the local economy. Increases in sales tax collections are expected when the local economy expands due to underlying fundamentals such as increases in population, discretionary income, business expansion, jobs and growth in the real estate and construction markets. The opposite holds true during times of economic contraction or recession as evidenced in 2008-09 and 2009-10 and illustrated in the above graph. Staff analyzes historical and recent trends in sales tax data by category and evaluates cumulative growth when developing revised estimates.

Required growth needed to reach projected revenue amounts are determined to make sure year-to-date actuals are on track to achieve the estimated growth. Projections provided by the FAC, JLBC and the UofA are considered along with results of regression analysis using independent variables from the Forecasting Project that highly correlate with city sales tax actuals to ensure estimates for the current and subsequent fiscal year are reasonable.

The growth estimated in 2014-15 of 2% assumes modest growth over 2013-14, accounts for current trends in actual collections and is in-line with sales tax projections from the FAC, JLBC and the UofA. Projections for 2014-15 city sales tax include elimination of the food tax effective March 31, 2015, one-time anticipated revenue of \$600,000 from Superbowl 2015 and an expected audit adjustment of (\$1.2M). Privilege license fees and other excise tax projections are developed using the existing fee structures, assumptions about the growth in business license applications, historical trends, averages, recent collection experience and use of the percent of prior year method to account for seasonal influences in revenue activity. The growth estimated in 2014-15 for privilege license fees and other excise taxes assumes conservative growth and continuation of current year-to-date experience.

(1) Effective April 1, 2010, the City of Phoenix re-instated the Retail Food Sales tax with a sunset date of 5 years (March 31, 2015). Effective January 1, 2014, the City of Phoenix decreased this rate from 2.0 percent to 1.0 percent, with full expiration on March 31, 2015.

\*The General Fund portion of the utilities category includes the 2.0 percent franchise fee paid by utilities with a franchise agreement.

\*\*The Public Safety Enhancement designated 2.0 percent sales tax applies only to those utilities with a franchise agreement.

Primary Property Tax, 13% of Total General Fund Revenue

*\*The 2013-14 primary property tax estimate includes \$10 million for allowable tort liability judgments as permitted by the Arizona Constitution. The 2014-15 estimate does not include any amount for torts.*

Arizona property tax law provides for two separate tax systems. A primary property tax is levied to pay current operations and maintenance expenses. Therefore, primary property tax revenue is budgeted and accounted for in the General Fund (and is illustrated in the above graph). A secondary property tax levy is restricted to the payment of debt service on voter approved long-term general obligation debt. Therefore, the secondary property tax revenue is budgeted and accounted for as a special revenue fund. The primary property tax levy forecast is based on an amount stated in the annual "Levy Limit Worksheet" for the City of Phoenix, issued by the Maricopa County Assessor in February, prior to the applicable fiscal year. The levy amount established by the Assessor is calculated per Arizona Revised Statute §42-17501. Subsequent fiscal year's annual primary levy amounts are forecast by staff applying the same statutory calculation against successive prior year's primary levy amounts.

The annual amount of the primary property tax levy is limited by the Arizona Constitution to a two percent increase over the prior year levy plus an estimated levy for previously unassessed property (primarily new construction). By City Council policy, the combined city property tax rate is \$1.82 per \$100 of assessed valuation which has not changed since fiscal year 1996-97. Provisions in Chapter XVIII of the City Charter also limit the City's primary property tax rate to \$1.00 per \$100 of assessed valuation with the exception of costs to operate library services. The proposed 2014-15 primary property tax rate, not including the portion of the rate allocated to cover the Library Department operating costs, is less than \$1.00 per \$100 of assessed valuation.

State Shared Sales Tax, 13% of Total General Fund Revenue

*\*A one-time adjustment by the Arizona Department of Revenue of \$1.2M in the retail sales category, which artificially increased collections, is included in the 2013-14 projection. One-time revenue estimated at approximately \$500,000 from Superbowl 2015 is factored into the 2014-15 projection.*

State sales tax revenues received by the city are governed by Arizona State Statute §42-5029. State sales tax revenues are split between a “distribution base”, of which Phoenix receives a share, and a “combined non-shared” category, which is allocated entirely to the state. With the exception of some tax categories, the distribution base consists of either 20 or 40 percent of collections depending on the tax category. State statute §42-5029 stipulates of the monies designated in the distribution base the Arizona Department of Revenue shall pay 25 percent to incorporated cities on the basis of relative population percentages. The population factor changes with decade or mid-decade census counts and periodic adjustments made throughout the year. The current City of Phoenix population share is 28.8 percent.

State sales tax is estimated similar to how city sales tax is forecasted (described on page 5). Staff analyzes historical and recent trends in sales tax data by category and evaluates cumulative growth when developing revised estimates. Required growth needed to reach projected revenue amounts are determined to make sure year-to-date actuals are on track to achieve the estimated growth. Projections provided by the FAC, JLBC and the UofA are also considered along with results of regression analysis using independent variables from the Forecasting Project that highly correlate with sales tax actuals to ensure the current and subsequent fiscal year estimates are reasonable. The growth estimated in 2014-15 of 6% assumes modest growth over 2013-14, accounts for current trends in actual collections, one-time anticipated revenue of \$500,000 from Superbowl 2015 and a one-time adjustment in 2013-14 of \$1.2M, which artificially increased collections in the retail sales category. Projections are also in-line with sales tax projections from the FAC, JLBC and the UofA.

State Shared Income Tax, 17% of Total General Fund Revenue

State shared income tax revenue, also known as the Urban Revenue Sharing Fund, was established by voter initiative in 1972 and is governed by Arizona Revised Statute §43-206. The statute stipulates that 15 percent of the net proceeds of state individual and corporate income tax collected two years prior be distributed to incorporated cities and towns. Individual cities receive their portion based on the cities' share of the state population, which is based on the decade or mid-decade census. The current City of Phoenix population share is 28.8 percent. As a result of the initiative, Arizona Revised Statute §43-201 stipulates the area of income taxation is preempted by the state and a county, city, town or other political subdivision shall not levy an income tax as long as the Urban Revenue Sharing Fund is maintained as provided in §43-206.

Since state shared income tax revenue is based on actual collections from two years prior, the 2013-14 and 2014-15 projected revenue is known and is based on actual collections received in 2011-12 and 2012-13 respectively.

State Shared Vehicle License Tax, 5% of Total General Fund Revenue

State shared vehicle license taxes have been shared with cities and towns since 1941. The tax is assessed on the basis of an ad valorem rate on each \$100 in value. The value is equal to a percent of the manufacturer’s retail price at the time of initial registration. During each succeeding year, this value is decreased until the established minimum amount is reached. The Arizona Department of Transportation collects and distributes the tax according to Arizona Revised Statute §28-5808. The distribution to individual cities is based on their relative population within the county, which is based on the decade or mid-decade census. The current City of Phoenix population share is 40.95 percent.

Vehicle License Tax revenues are often correlated to the overall strength of the economy. Similar to sales tax revenues when the economy is growing this revenue category will also exhibit growth, as illustrated in the above graph. Revenues are estimated by evaluating historical growth patterns, year-to-date cumulative growth and applying the percent of prior year method to year-to-date actuals, which accounts for the seasonality in collections. Staff will also consider any available recent economic information pertaining to projections on the local economy and vehicle sales when formulating recommended current and subsequent year estimates. The growth estimated in 2014-15 of 4% assumes this category will continue to grow, but not at the current pace as vehicle sales are expected to decelerate.

User Fees and Non-Tax Revenues, 11% of Total General Fund Revenue

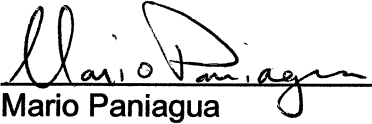

User Fees and Non-Tax Revenues include collections from licenses and permits, fines and forfeitures, cable television fees, user fees from several city departments designed to recover the costs of providing specific city services including Parks and Recreation, Library, Planning, Police, Fire, and Streets, other service charges including interest income, parking meter revenue, in lieu property taxes, sales of surplus property, various rental, parking and concession categories and miscellaneous service charges in Finance, Housing, Human Services and Neighborhood Services.

B&R staff relies on departments to provide essential information concerning activity levels, fee increases or decreases and program changes which impact the variety of revenue sources in this category. Technical revenue reviews are conducted twice each fiscal year as part of the annual budget development process. Departments are asked to provide revenue estimates and reasons for changes from prior year actuals. Staff conducts a line-item analysis of all revenues and uses various methods including annualization and percent of prior year, as well as consideration of one-time and contractual revenues, program enhancements or reductions and other adjustments when developing estimates. The growth estimated in 2014-15 of 2% assumes modest growth and accounts for projections from departments on program and service activity levels, contractual changes and current rates and fees.

In addition to the technical reviews that are conducted twice each fiscal year, B&R staff monitors revenues monthly to determine if adjustments to projections are necessary. The proposed estimates are then reviewed by B&R management and finally incorporated into the General Fund proposed revenue projections for consideration by the City Manager, the City Council and the community.

This report is for informational purposes only and is intended to provide the City Council and the community with explanations on how GF revenues are analyzed and developed to better facilitate discussions during the annual budget development process. # **Staff Costs Overview**

## Staff Costs Overview

Included in each year's budget is an amount of money to be spent on the employees who deliver the Council-adopted services to the community, such as police officers, firefighters, librarians, park rangers, street maintenance workers and many others. This yearly amount is commonly referred to as personal services or staffing costs. This section provides detail on what comprises staffing costs. As shown in the chart below, staffing costs represent more than 80% of General Fund expenditures, not accounting for internal credits or expenditure transfers.

The General Fund provides basic City services and includes revenue from Local Sales Taxes, State-Shared Revenues, Property Taxes, User Fees/Other Revenue, and Other Resources such as transfers. The following pie chart represents the representative share of each of the General Fund revenue components.

## General Funds for Fiscal Year 2013-14 Total Resources - \$1.13 Billion

Shown below in this section are costs for salaries and wages, benefits, and payroll taxes and other legally required costs. Included in these costs are merit steps, Productivity Enhancement Pay (Longevity Pay), pension, health and dental insurance, industrial insurance (Workers Compensation), as well as specific items discussed by the City Council during discussions regarding pension reform. Per City ordinance, salaries, wages and benefits items for most employees are negotiated and outlined in agreements with seven employee units.

There have also been Council requests for information related to the dollar value of union release time. Although reassignment of positions previously designated for union release does not result in direct budgetary savings, it is estimated that the dollar value of union release time and other specific union-related payments in labor contracts is approximately \$4 million. These provisions were negotiated with employee units and included in labor agreements over the last several years.

## Total Staffing Costs

The following tables show the **Total Staffing Costs** for City employees in two ways: 1) all funds (which includes the General Fund, Enterprise funds, grants, and other designated funds), and 2) General Fund only. Each item in the tables listed below is part of three main staffing cost categories: *salaries and wages*, *benefits*, and *payroll taxes and legally required costs*. Also, costs are provided for fiscal years (FY) 2012-13, 2013-14 and 2014-15 along with the annual difference between FY 2014-15 and 2013-14 for each item and the percentage difference from year-to-year. In addition, total budgeted positions (full time equivalent or FTE) are also provided.

### Salaries and Wages

At the City, the following types of pay are included in *Salaries and Wages*:

- Wages - this type of pay represents wages paid to employees to complete basic job functions on a regular schedule.

- Merit Steps – this type of pay is available based on the results of a yearly review of the employee’s performance. Merit steps are tied to employee performance, and an employee may progress through the pay range up to the established maximum of each job’s pay range. This step progression has been in place at the City of Phoenix for more than 50 years.
- Productivity Enhancement Pay (Longevity Pay) – this type of pay is available to employees that have been at the top of their pay range for a defined period and no longer receive merit step increases. Eligibility for this type of pay is also based on performance as well as on the number of years an employee has in a certain job classification. This pay has been in place at the City since 1986.
- Overtime – this type of pay is provided to employees that are paid on an hourly basis and work more hours than their regularly scheduled shifts.
- Other types of pay listed below include sick leave payout at retirement, sworn accrued leave payout, uniform in-lieu allowance, and vacation leave payout at retirement.

The following tables show the detailed line items for *Salaries and Wages* for City employees in two ways: 1) all funds, and 2) General Fund only.

**Benefits**

City employees receive additional payments and services called *Benefits*. The major types of benefits included for City employees are:

- Health insurance – the City provides this insurance for medical care to the employee and pays for a portion of the cost.
- Dental insurance – the City provides this insurance for dental care to the employee and pays for a portion of the cost.
- Retiree health insurance – the City pays a portion of the health insurance for its retired employees.
- Pension – the City pays a portion of the pension for each employee. Civilian (Non-Sworn) employees' pension is under the City of Phoenix Employee Retirement Systems (COPERS). Sworn Police and Fire personnel are covered by the State of Arizona Public Safety Personnel Retirement System (PSPRS).
- Deferred compensation – Some City employees receive a portion of their earnings on a pre-tax basis. The City's deferred compensation contribution is deposited into employee specific accounts that cannot be accessed before age 59½ without a financial penalty to the employee.
- Other Health Related Benefits – the City provides life insurance, a long term disability program, and other health and wellness benefits for its employees.

- Educational – the City provides some financial reimbursement for educational and professional development of eligible employees.
- Other – the City provides management communication and transportation allowances, and other allowances and reimbursements such as tool and uniform allowances.

The following tables show the *Benefits* for City employees in two ways: 1) all funds, and 2) General Fund only.

Payroll Taxes and Legally Required Costs

There are certain per employee costs that the City is legally required to pay by federal or state law. Included in the *Payroll Taxes and Legally Required Costs* are:

- Medicare – federally required portion of Medicare tax required to be paid by the City.
- Social security – federally required portion of Social Security tax required to be paid by the City.
- Unemployment insurance – state required City payments that provide temporary financial assistance to unemployed workers who meet the requirements of state law.
- Workers compensation insurance – state required City payments that provide compensation to employees who suffer job-related injuries and illnesses.

The following tables show the *Payroll Taxes and Legally Required Costs* for City employees in two ways: 1) all funds, and 2) General Fund only.

## **Office of Homeland Security and Emergency Management Inventory of Programs Status Overview**

### **Enhancements**

Outsourcing: In collaboration with the Fire Department, successfully completed a \$304,000 Request for Proposal (RFP) for four Homeland Security projects.

Customer Service: Enhanced emergency preparedness and operations by completing a new Phoenix Emergency Operations Center (EOC) funded with a \$1.5 million Department of Homeland Security grant. The office will be hiring a regional Cyber Security Coordinator position funded through a Homeland Security grant and updating the Phoenix Emergency Operations Plan with participation of the whole community.

### **Priorities**

Utilize current technology to enhance emergency preparedness and homeland security for the safety of all of our stakeholders and partners.

With an increase in computer hacking and virus attack incidents regionally, nationally, and internationally cybersecurity is the number one threat that Phoenix will be focusing on in terms of monitoring and enforcement.

Ensure emergency management preparedness and the safety of all City employees and residents by conducting annual training and exercises.

The continuation of receiving funding from the Homeland Security Grant Program (HSGP).

### **Challenges**

Staffing levels to carry out the mission of the OEM.

Funding for the new Phoenix EOC to be fully functional and operational.

Federal Issues: Reauthorization of the 9/11 Act and sequestration/potential significant reduction in federal funds from the HSGP for Phoenix and surrounding community.

### **Strategic Overview**

Further the integration and collaboration of the All Hazard Incident Management Team with our public safety partners.

Established internal and external working groups to further emergency management and homeland security information sharing on relevant issues and topics.

Developed the Implementation Plan for the 2014-17 Phoenix Urban Area Homeland Security Strategy.

## City of Phoenix Inventory of Programs

**Department:** Emergency Management

**Strategic Plan Area:** Public Safety\*

**Program Name:** Emergency Management Coordinations

**Program Description:**

The Office of Emergency Management (OEM) provides the City of Phoenix and the community with the capability to plan for, mitigate, respond to, and recover from natural disasters, human-caused incidents, and terrorist threats whether small or large scaled. The OEM manages the multi-departmental, multi-disciplined All Hazard Incident Management Team (AHIMT), Tactical Operations Center (TOC), and the Emergency Operations Center (EOC) emergencies and events. The Emergency Manager oversees Homeland Security for the City Manager's Office in an information sharing environment. Additionally, staff manages and coordinates Homeland Security grants and related programs.

## **Inventory of Programs Status Overview Fire Department**

### **Enhancements**

- Average emergency incident response time for 2013 was 7% faster than in 2008. Emergency incident total is up 18% since 2008.
- Secured grant funding from the 2012 SAFER program to continue funding for 28 grant-funded firefighters for two years.
- Placed one additional emergency ambulance in service for system demand.
- Began to document the capabilities of the Department's computer dispatch system for development of an RFP to modernize and replace the system.

### **Priorities**

- Customer Service - Preserve the level of emergency services to our customers. Activity in 2013 was up 1.1% from 2012.
- Budget – Close monitoring and management of the department's approved budget.
- Technology – Utilize technology, as appropriate, to improve the efficiency of training, documentation, management, and service delivery.

### **Challenges**

- Firefighter Attrition – We anticipate 27 firefighter and fire officer retirements in FY14-15 and 79 additional firefighter and fire officer retirements in FY15-16. The vast majority of those retiring are fire officers. Grant funding is focused on continuing support of existing grant-funded firefighters. In order to preserve emergency unit staffing at present levels, we need to continuously hire firefighters, including classes in FY14-15 or plan for an increase the need for overtime in the absence of firefighter hiring.
- Deferred Capital Expenditures – The Fire fleet continues to age, creating reliability and emergency service concerns. Facility maintenance has been deferred and the computer dispatch system is approaching 20 years of age.
- Expiration of grant funding - SAFER 2011 depletion estimated in January of 2015 and SAFER 2012 depletion estimated in May of 2015.

### **Strategic Overview**

- Grant Funding – Continue to seek grant funding from multiple sources to provide support for Fire Department and City services.
- Labor/Management Process – Utilize the strength of the labor/management process to address issues such as technology, service delivery, training, the impact of the Patient Protection and Affordable Care Act, and other operational and administrative issues.
- Develop and begin to implement a revised Fire Department Strategic Plan for 2014-2016.

## Fire Revenue Summary

The Fire Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Fire Department include Neighborhood Protection, Public Safety Expansion and Public Safety Enhancement Fund Sales Taxes, Grants and Other Restricted Funds from other jurisdictions for training and Computer Aided Dispatch System maintenance.

### **Community Assistance Program**

Volunteers with the Phoenix Fire Department's Community Assistance Program (CAP) Crisis Response (CR) Units provide 24/7 on-scene victim assistance, crisis intervention, emotional support, resources, referrals, shelter placement, emergency financial assistance for basic needs, transportation, and investigative liaison assistance throughout the Phoenix metropolitan area. CR units are dispatched to provide assistance through the Regional Fire Dispatch System when requested by police and fire personnel, domestic violence shelters, the Family Advocacy Center or other CAP staff. CR units respond to sexual assault, domestic violence, traffic accidents involving death or impairment, child abuse or neglect, elder abuse, assaults, kidnappings, human trafficking, robbery, working house fires, and homicides.

### **Community Emergency Response Team (CERT)**

The CERT program supports the Phoenix Homeland Defense Bureau, Fire and Police Departments and the Emergency Manager. This is accomplished through several functional groups within the program including Communications, Sheltering, Spontaneous Volunteer Management, and Missing Person Searches. Volunteers are asked to commit to one or more functional groups.

### **Fire Cadet Program**

The purpose of the Cadet Program is to provide cadets with hands-on emergency medical training, work experience at fire stations, training in firefighter skills and volunteerism for the community. Cadets are required to volunteer a minimum of 32 hours per quarter (every three months) to the department. This may be done in a variety of areas such as teaching CPR, helping at a fire station open house, public education events or the service van program. Cadets are responsible for staffing the service van, which provides customer service support such as non-emergency transport for behavioral health incidents. More than \$250,000 of annual volunteer service is provided to the community.

## Inventory of Programs Status Overview Law Department

### Enhancements:

- **Right-sourcing.** The Law Department has successfully implemented phase-two of our proposed plan to in-source risk management litigation cases. By in-sourcing cases with liability less than \$200,000, Law has realized significant savings and cost avoidance. It was anticipated that the savings after full implementation of phase-two would be approximately \$700,000 annually.
- **Technology Innovation.** The Law Department continues to use technology to more efficiently and effectively prosecute over 40,000 matters annually. Current projects include: (i) partnering with Police and Municipal Court to bring on-line the new Police Records Management System (RMS) (ii) continued development of our *ePro* (Electronic Prosecutor Record Organization) system; and (iii) continued development of improvements to the interfaces with the new *RMS* and *CMS* projects.
- **Domestic Violence, Veteran's, Mental Health and Homeless Courts.** The Prosecutor's Office has worked hand-in-hand with the Court and Public Defenders Office to develop dockets aimed at addressing specific issues facing defendants. The purpose of such dockets is to identify and address reasons defendants commit crime, address these issues in sentencing or case resolution and prevent future crimes. These types of dockets are becoming prevalent throughout the U.S. Justice System.

### Priorities:

- **Implement Technology Innovation.** Continue to partner with Police and the Municipal Court to implement the new Police Records Management System and to continue to develop and implement new innovations to enhance service and efficiencies..
- **Training.** Continue training and cross-training personnel with an emphasis in using technology and mentorship from more experienced personnel.

### Challenges:

- **Technology Support.** Law does not possess the necessary staffing to provide ongoing support for our new systems and interfaces as we bring them on-line. As part of our program budget process, the department is pursuing reclassifying two existing position to technology positions to support this effort.
- **Funding of Innovation Projects.** A majority of funding for our technology innovation projects comes from grants, in which there is no guarantee of future funding.
- **Workforce Planning.** 19% of Law Department staff is eligible to retire now or within one-year. 34% of Law Department staff is eligible to retire within five years.

### Strategic Focus:

- **Workforce Training.** Emphasize cross-training and rotation of staff as part of workforce planning and use the City's "Blueprint for Creating Your Future" for career planning.
- **Coordination with Technology Partners.** Continue to work closely with Police, ITS, and Municipal Court to implement technology innovation projects, to locate additional funding sources and to pool and share available resources to support the projects.

## Law Revenue Summary

The Law Department receives revenue from the General Fund and Special Revenue Funds. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Law Department include Court Awards, Grants and Other Restricted Funds from fee assessments for completion of required diversion programs.

## Law Department – Volunteer Statistics

	FY 2012-13	FY 2013-14 (6 months)
Number of Volunteers	15	8
Number of Volunteer Hours	1,294	336

### **Diversion Unit**

The Diversion Unit is part of the Community Prosecution Bureau and is responsible for developing, administering, and monitoring the diversion programs. Volunteers provide general and administrative assistance related to the program.

### **Prosecutors Office – Victim Services**

The Victim Services Unit provides support services and information to victims of crimes prosecuted by the Phoenix Prosecutor's Office in Phoenix City Court. A victim advocate works with each victim and depending on qualifications, can act as a link between prosecutors and victims, explain the status of a case, escort victims when they testify and make referrals to other social service agencies.

### **Internships/Fellowships**

Internships and externships are available through the Arizona State University (ASU) College of Law and the Phoenix School of Law (PSL). Fellowships are available through the ASU College of Law and the University of Arizona College of Law (U of A). Students enrolled at either ASU or PSL may participate as an intern or extern with the Law Department's Civil Division or Prosecutor's Office.

## **Inventory of Programs Status Overview Phoenix Municipal Court**

### Enhancements:

- Working with Phoenix Justice System partners in relation to the Domestic Violence Roadmap to Excellence, the Court has designed, and is set to begin implementing, specialized review hearings for domestic violence offenders focusing on post-conviction compliance.
- This year, the Court's other two specialty courts, Veterans Court and Mental Health Court, continued to expand in scope and service. Each of these specialty courts is now providing enhanced services to defendants with unique needs and producing operational efficiencies and cost savings.
- The Court worked with the Police Department and the Law Department to successfully implement an electronic ticket system. The e-Traffic system now replaces almost half of the paper tickets filed by the Police with electronic filings. The e-Traffic system allows data from tickets to be received electronically from the Police Department via file transfer protocol (FTP).

### Priorities:

- Maintaining and enhancing the Court's security environment remains a top priority. The Court is deeply concerned about the security of its staff members and those members of the public who visit the Court.
- Facilitating the appropriate development and expansion of the Court's specialty courts and dockets.
- Working closely with the Police Department in the continued development and implementation of its E-Traffic program and RMS replacement projects, in an effort to enhance customer service and efficiency through the appropriate use of technology.

### Challenges:

- Providing and maintaining a safe and secure environment for the Court's staff and customers is a continual challenge.
- The Court's proprietary Court Management System (CMS) is aging and quickly nearing a need for replacement. The Court continues to study various options, including the implementation of a statewide solution currently being developed by the Administrative Office of the Courts.
- The Court's current staffing levels present challenges to meeting its operational needs in some key areas.

### Strategic Overview:

To address these challenges and priorities, the Court will:

- continue to collaborate with our Justice System partners in identifying innovative technological efficiencies and ensuring effective electronic collaboration,
- further study and continue to implement best practices for courthouse security, and
- continue to explore the most appropriate CMS replacement solution.

## Municipal Court Revenue Summary

The Municipal Court Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Municipal Court Department include Other Restricted Funds from fee assessments for the Court Technology Enhancement Fund and the Judicial Collection Enhancement Fund.

## **Inventory of Programs Status Overview Police Department**

### Enhancements:

- Restructured the divisions within the department to minimize redundancies by combining work units with Bureaus and having the Patrol Division overseen by one Assistant Chief for consistency.
- Civilianization of sworn functions for centralized booking which allows the reallocation of sworn personnel to Patrol.
- Restructured the Information Technology Bureau to assign a Deputy Chief Information Officer (Information Technology Services position) to oversee this Bureau. The new structure will allow working with City IT to consolidate network monitoring, datacenters, common applications and standardize technology procurement.
- Grant funds awarded to the department to support the hiring of 15 new Police Officers.
- Enhanced the management of overtime but adding a monthly overtime justification memo, a 10% overtime report, and monthly review of overtime with the Assistant City Manager.

### Priorities:

- Complete the installation of the Records Management System with a go-live date by July 2014.
- Develop daily operational plans, generate real-time crime statistics and continue to develop community partnerships to reduce the crime rate.
- Review other viable alternatives to the existing patrol configuration which will better support the decline in sworn staffing expected over the next few years.

### Challenges:

- Maintaining critical police services in the coming year with fewer sworn personnel and maintain adequate supervision without some promotions in all sworn supervisory ranks.
- Identify additional funding for the complete implementation and infrastructure for the new Records Management System.
- Identify funding to address the deferred maintenance of police facilities and aging technology/equipment in the Police Department.

### Strategic Overview:

- Pursue grant funding for operational and hiring needs.
- Implement Compstat Crime Review and formalize the process.
- Implement new Records Management system in phases.
- Continue to review DROP list to enable units with upcoming DROP retirements to train others in the unit to achieve some level of knowledge transfer.

## Police Revenue Summary

The Police Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Police Department include Neighborhood Protection, Public Safety Expansion and Public Safety Enhancement Fund Sales Taxes, Court Awards, Grants and Other Restricted Funds for lab assesment fees, donations and the Vehicle Impound Program.

### **Citizens Offering Police Support – (C.O.P.S.)**

C.O.P.S. is the volunteer force of the Phoenix Police Department. Volunteers work under the direction of the Employment Services Bureau and play an important part in our city's police operation. Below are some of the volunteer opportunities within the C.O.P.S. program.

#### **Motorist Assist Program**

Volunteers serve as a uniformed civilian and assist motorists who have encountered vehicular problems while using city streets. Assistance provided may include, but is not limited to, pushing vehicles, starting vehicles, changing tires, opening vehicle doors, providing fuel, air, or water, arranging transportation, or other assistance to aid the temporarily stranded motorist.

#### **Missing Person Search Team**

Volunteers help search large areas to find missing persons. Volunteers complete an orientation and are placed on a call-out list to be deployed when needed.

#### **Accessibility Compliance Aide**

Accessibility Compliance Enforcement (ACE) aides patrol the city of Phoenix writing disabled parking citations. The mission of ACE is to provide safe and accessible parking spaces for the disabled community through enforcement and education. Directed patrol is accomplished by responding to locations identified through the disabled parking violation hotline.

### **Explorers**

The Explorer Post 2906 serves as a community-based volunteer policing program for teens and adults 14-21 years of age. This successful program is designed to educate and involve young men and women in police operations and to interest them in law enforcement functions and community involvement.

### **Police Reserves**

Reserves serve as volunteer Police Officers and go through the same training as career officers. Reserves may work in solo capacities or choose to work with another officer, whether reserve or career, as a two-officer unit. Reserve officers wear the same uniform as career officers and drive the same police vehicles.

### **Phoenix Neighborhood Patrol**

This program allows residents to become more actively involved as partners in crime prevention. They are the Phoenix Police Department's "Eyes and Ears!" assisting the police officers of the City of Phoenix Police Department by driving through their neighborhoods and watching for suspicious criminal behavior, fights, traffic problems, stolen vehicles, and missing persons.

## **Inventory of Programs Status Overview Public Defender**

### Enhancements

1. Enhanced scope of operations in Veteran's Court
2. Developed protocols and case management system for Mental Health cases
3. Transitioned Regional Homeless Court to outside Public Defender agency

### Priorities

1. Expand level of representation in Veteran's Court
2. Explore alternative resolution of Mental Health cases
3. Establish platform for clients needing post-conviction services
4. Create a webpage for the Public Defender's Office

### Challenges

1. Identify individuals earlier in the case processing system who are appropriate for specialty court services.
2. Expand the scope of representation and collateral services provided to individuals in specialty courts.
3. Creation of a webpage which provides the public with relevant and comprehensive information about our office, our operations, and the resources available to them through outside agencies and services.

### Strategic Overview

1. Establish partnerships with other members of the Criminal Justice system and service community in a collaborative effort to assist individuals in need of special assistance both in the handling of their cases, and their own personal development/recovery to prevent recidivism.
2. Expand scope of operations and services beyond the justice system to individuals in need of specialized services.
3. Utilize law school resources to provide services to clients in the courts and in securing collateral services.

## **Community and Economic Development Department Inventory of Programs Status Overview**

### **Enhancements**

- Business outreach increased within strategic areas. Research and vetting have improved outreach and sales missions through collaboration with GPEC.
- Implemented Customer Relationship Management (CRM) software to better track relationships with businesses, prospective companies and current projects.
- Launched inaugural Sector Strategy program, a regional effort aimed at engaging employers within key industries to ensure competitiveness.
- Development of new \$12MM working capital loan programs using non-NMTC funding to create the Business Alliance Loan Program.

### **Priorities**

- Implementing the International Business Development strategy to advance Phoenix's competitive position in Canada and Mexico.
- Collaborate with partners to efficiently leverage the City's real estate, labor force, resources, and incentives to attract new high-wage businesses to Phoenix.
- Maximize utilization of the Phoenix BWD Center, to provide no-cost space to businesses for workforce needs such as interviews, job fairs, and training staff.
- Develop public-private redevelopment strategies to enhance economic vitality of strategic areas.

### **Challenges**

- Develop new tactics and strategies to competitively position Phoenix for economic opportunities.
- Analyze the threat of federal funding reductions that could negatively impact workforce programs and limit service to the community.
- Build adequate staff capacity to implement economic development programs and new priorities and initiatives.

### **Strategic Overview**

To address these challenges and priorities, Community and Economic Development (CED) has initiated a strategic plan focused on prioritizing and leveraging resources through collaboration with stakeholders enabling efficient promotion of economic development and revitalization efforts; executing the Workforce Readiness Initiative that will help build a pipeline between employers and job seekers for the community; and equipping staff with opportunities to build skills and maintain professional certifications and/or credentials.

## Community and Economic Development Revenue Summary

The Community and Economic Development Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Community and Economic Development Department include various Grants, Community Reinvestment Funds and Other Restricted Funds for the Translational Genomics Research Institute, the Phoenix Community Development and Investment Corporation and the Downtown Enhanced Municipal Services District.

### **Volunteers – Small Business Division**

Volunteers provide general administrative support to staff in the Small Business Division by assisting with administrative tasks in support of the Divisions outreach efforts.

### **Volunteers – Phoenix Sister Cities Program**

At the heart of all Sister City programs is an agreement, signed by the mayors of each Sister City, confirming the commitment of each community to the Sister City program. Sister Cities agree to send and receive delegations of various types, including political and business leaders, arts and cultural representatives, educators, and technical experts because these exchanges promote cross-cultural understanding, municipal and technical cooperation, and business opportunities. Each Sister City is supported by a committee of volunteers who are committed to the goals and objectives of the program.

\*Sister Cities began reporting their statistics to the Citywide Volunteer Office in the 4<sup>th</sup> quarter of FY 2011-12.

## Inventory of Programs Status Overview Office of Environmental Programs

### Enhancements:

- Acquired administration of the city's illegal dumping contract from the Human Resources Department Safety Section. This program provides 24/7 service to departments who encounter dumping of hazardous material on city-owned property.
- Assumed citywide sustainability responsibilities from the Public Works Department, including coordinating the city's Green Team, organizing citywide sustainability events and preparing an annual report on the city's sustainability efforts.
- Continued to coordinate with city departments to obtain: (1) a city-wide Dust Air Quality Block Permit from Maricopa County, (2) a Pesticide Discharge Permit from the Arizona Department of Environmental Quality (ADEQ) and (3) a Burrowing Owl Relocation Permit from the U.S. Fish and Wildlife Service. This consolidation of permits under the Office of Environmental Programs saves the city money in permitting fees and administrative costs and ensures consistency in compliance with permit conditions.

### Priorities:

- Continue to train city staff on compliance requirements.
- Conduct Environmental Facility Assessments to evaluate departments for compliance with city-wide environmental policies and regulatory permits.

### Challenges:

- Educating staff in city departments on the procedures necessary to implement and comply with the city's environmental permits and policies.
- Developing internal technical resources in areas not historically performed by the Office of Environmental Programs and with existing staff.

### Strategic Overview:

To address these challenges and priorities, the Office of Environmental Programs will:

- Continue to develop the office into a full-service environmental consulting resource for all city departments. This includes coordinating all citywide environmental permits and submitting regulatory on the city's behalf to Maricopa County, ADEQ and the Environmental Protection Agency.

# **Inventory of Programs Status Overview**

## **Housing Department**

### Enhancements:

- Received 100 additional HUD VASH vouchers bringing our total to 695. With these additional vouchers, we were able to move all chronically homeless veterans off the street.
- Create a small rehabilitation loan program for projects that have previous City of Phoenix investment.
- Implement an integrated online application for public housing applicants.
- Adopting a more private sector model, the department implemented site based leasing at both our senior and family public housing properties.

### Priorities:

- Develop policy to address chronic homelessness through the use of section 8 vouchers
- Complete rehabilitation of NSP projects by the March 31<sup>st</sup> funding deadline. The major projects to complete our Santa Fe Springs and Park Lee.
- Develop and submit LIHTC applications for Phases II and III of Frank Luke Addition.
- The department will evaluate providing assisted or partially assisted living services at one our five senior properties.
- Complete the transition of the Marcos de Niza property property management to a private company.

### Challenges:

- Lack of sufficient federal funding to operate and maintain our public housing and administer Section 8 programs. The federal government continues to provide only a portion of the operating, administrative, and capital funds needed.
- Our public housing properties range in age from 35 to over 70 years. There is insufficient funding to redevelop and a complete remodel is cost prohibitive.
- Continued hiring and retention of qualified staff. Staff turnover has increased and a significant number of senior staff is eligible for retirement.

### Strategic Overview:

To address these challenges and priorities, the Housing Department has initiated:

- Evaluate opportunities to redevelop public housing over a five to ten year period. Including submittal of a Choice Neighborhood Initiatives grant to continue redevelopment of the Frank Luke property.
- Establish legislative priorities to develop new programs and request waivers to allow flexibility for current programs.

## Housing Revenue Summary

The Housing Department receives revenue from Special Revenue Funds to cover the cost of operations.<sup>1</sup> These funds are comprised of a combination of federal and state grants and revenues from the HOME Program, Affordable Housing Program and the Public Housing Fund.

## **Inventory of Programs Status Overview Human Services Department**

### Enhancements:

- Develop and implement a report that identifies Early Head Start and Head Start families most in need of intervention and program improvement.
- Create and sustain a Faith Advisory Work Group (FAWG) to act as advisors on topics for the city to fill the role of convener, trainer and information source for the faith community.
- The Family Advocacy Center will partner with Childhelp, Inc. to provide streamlined wrap-around services to children who are victims of domestic violence and/or sexual assault.
- Develop and implement initiatives to rapidly rehouse homeless families staying at the Watkins Emergency Shelter.

### Priorities:

- Complete first year goals for the Domestic Violence “Roadmap to Excellence” plan adopted by the City Council. Begin work on the goals for medium term (years two and three) goals. Focus on prevention programs for youth and reestablishing an Employers Against Domestic Violence program.
- Work with other departments and regional partners to seek permanent housing solutions and other collaborations to functionally end chronic homelessness by December 31, 2015. Develop strategies to more effectively match the right resources with each individual’s needs.
- Continue workforce development efforts including implementing knowledge transfer mechanisms, improving leadership development and enhancing employee recognition programs.

### Challenges:

- Uncertainty over the current and pending federal appropriations, especially formula based funding requiring Fair Share reform.
- Identify stable, ongoing sources for the 25 percent non-federal interest funding match required of Head Start grantees to eliminate the need for waivers.
- Ensure existing programs continue to be aligned with all major federal programs priorities, policies and directions set by elected officials and the community they represent and the city’s strategic plan.

### Strategic Overview:

To address these challenges and priorities, the department has initiated:

- technology enhancements to the department’s case management system,
- workforce development initiatives focusing on leadership, knowledge transfer and employee recognition,
- the exploration of new avenues to maintain existing and develop new resources for core programs, and
- community initiatives to develop partnerships and resources to meet community needs.

## Human Services Revenue Summary

The Human Services Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Human Services Department include Grants and Other Restricted Funds from donations at senior centers.

## Human Services Department – Volunteer Statistics

	FY 2012-13	FY 2013-14 ( 6 months)
Number of Volunteers	12,484	4,676
Number of Volunteer Hours	156,380	70,900

### **Senior Center Volunteers**

Senior centers offer recreation and social activities, educational opportunities, nutrition programs, noon meals, and advocacy to city of Phoenix residents 60 years or older, or adults with disabilities. Volunteers play an integral role by assisting with activities, the lunch program, greeting arrivals, and more. Over 800 volunteers contribute annually at the 15 locations.

### **Volunteer Income Tax Assistance Program**

The Earned Income Tax Credit (EITC) is an entirely volunteer-driven project. Volunteers are needed to help return millions of dollars annually to Phoenix families. Volunteer Income Tax Assistance (VITA) volunteers help prepare free taxes for low and moderate income individuals and families. Volunteers complete a required training and serve from January-April.

### **Winter/Summer Respite Programs**

The Human Services Department helps individuals and families stay cool in the summer, and warm in the winter, by asking volunteers to donate various items such as jackets, sweat shirts, blankets, shoes, and bottled water. Items can be donated at three different Human Services facilities and are later distributed by local homeless outreach teams.

### **Homeless Street Count**

Each year, the U.S. Department of Housing and Urban Development (HUD) makes funds available to serve the homeless. At the federal level, the numbers gathered in the annual Homeless Street Count are collected, analyzed and used as indices of funding formulas for local governments. As a result of the local Homeless Street Count in Maricopa County, about \$21 million was returned to local organizations to fund programs that serve the homeless. Training is provided to volunteers in December and the actual homeless street count takes place at the end of January each year.

### **Adopt-a-Family**

Volunteers are recruited to help relieve the **stress** and anxiety for low-income families during the Holidays, when their budget is already stretched to pay bills. Volunteers sign up to purchase a gift for each member of the family, as well as other basic needs for the household such as towels, sheets, etc. Families that benefit include parents involved in the city's family service centers and Head Start programs. The goal is to support their families without welfare and to become self-sufficient in the near future. The program runs from November through December each year.

## **Inventory of Programs Status Overview Library Department**

### Enhancements:

- The public website migrated to a more sustainable platform and user feedback has been positive. The online capability of paying fees and fines has also been improved while meeting Payment Card Industry compliance.
- The Hive at Burton Barr Central Library (BBCL) opens January 17, 2014. The Hive, a collaborative effort with ASU, provides elements of co-working spaces and library fact finding services in support of new business ventures.
- Customer access to digital content has been expanded with the addition of several electronic resources since July 1, 2013.

### Priorities:

- Continue enhancement of our 24/7 services for customers.
- Build upon Science, Technology, Engineering and Mathematics (STEM) programming and our efforts to have all children reading on grade level by third grade.
- Expand workforce literacy efforts and support for entrepreneurs and small business.

### Challenges:

- Working smarter with available resources to effectively serve our customers.
- Ensuring The Hive at BBCL reaches its full potential by maximizing community partnerships and developing quality programming.
- Remaining responsive to customers' needs in a time of ever-changing information technology.

### Strategic Overview:

- Utilize technology to provide online library card registration and residency verification allowing customers immediate access to digital library resources and to provide online meeting room reservation and payments.
- Enhance children and youth services by increasing the number of bi-lingual storytimes offered, training staff on tenets of STEM and how to work STEM concepts into current children's programs, deploying Nabi tablet PCs, preloaded with educational content, to both in-house and outreach programming for children, expanding our "Baxter's Clubhouse" partnership with the Arizona Diamondbacks to include more afterschool sites, and implementing Family Literacy Nights at all 17 library locations.
- Remodel the 4<sup>th</sup> Floor of the BBCL to provide a large capacity community space for 800 people to hold programming, community events and job fairs.
- Implement SharePoint 2013 to facilitate collaborative efforts within the Department and reduce web page maintenance.
- Develop customer clusters to better know our customers and make it easier to target services.
- Continue to aggressively monitor the electronic resource marketplace for products that will broaden our customers' access to digital content.
- Apply for grants to support further Hive programming and get the word out into the community and for additional staff to support workforce literacy programming at the Ocotillo Library and Workforce Literacy Center.

## **Inventory of Programs Status Overview**

### Neighborhood Services Department

#### Enhancements for FY13-14:

- Created a 501(c)3 nonprofit organization to be able to accept donations to help fund neighborhood events and projects.
- Implementing a workforce development plan to address employee retirements, turnover, and transition from expiring grant programs through employee development.
- Moved Shopping Cart Complaints to the Neighborhood Preservation Tech line to streamline customer service delivery.
- Expanded Neighborhood College coursework and curriculum focused on education and connecting Phoenix residents and partners to City and other useful programs and services available to assist neighborhoods address their issues effectively.
- Preservation Inspector performance standards raised from 10 inspections per day to 16 - increased staff productivity - average case cycle time has improved from 45 days in FY 2012-13 to 40 days.

#### Priorities:

- Meet the \$16 million expenditure requirement of the Neighborhood Stabilization Program by March 2014.
- The fourth and final Request For Proposal for the interior rehab and owner occupied use (residential or light commercial) of the Historic 2<sup>nd</sup> Avenue Properties.
- Completion of the 11<sup>th</sup> St. Streetscape Project in Garfield and development of the comprehensive strategic plan to redevelop the 100+ lots of vacant land in our targeted neighborhoods.

#### Challenges:

- Continued funding instabilities, both local and federal.
- Increased number of target neighborhoods with diminishing or delayed resources.
- Landlords/Property Managers not maintaining properties up to code and residents needing assistance beyond Landlord Tenant Counseling.
- Already aged housing stock continues to age each year leading to poorer overall housing conditions and increased blight.
- Increased number and percentage of neighborhoods are low-to-moderate income, with fewer means and capacity to properly address property conditions and neighborhood issues.
- Impact of foreclosures in HOA's and neighborhood blight.

#### Strategic Overview:

To address these challenges and priorities, Neighborhood Services has initiated:

- Educating the community and businesses on the importance of maintaining properties, especially along major thoroughfares.
- NSD will continue to develop enhanced performance standards/metrics/reporting.
- Completing development and implementing myNSD.
- Work with Government Relations on revising state legislation for graffiti and landlord/tenant act.

	FY 2012-13	FY 2013-14 (6 months)
Number of Volunteers	6,655	2,348
Number of Volunteer Hours	30,038	18,627

### **Blight Busters**

The Blight Buster program provides free training to residents to help them fight common blight issues in their community. Volunteers are trained on how to remove graffiti with paint sprayers, use GPS devices to track and report graffiti, and use measuring wheels to identify signs illegally placed in the right of way.

### **Volunteer Assistance Program**

Neighborhood Services puts individuals and groups in touch with homeowners in the community that literally need some helping hands. Volunteers clean up yards, remove trees, paint and repair fences and remove litter and trash to help elderly, disabled or financially-strapped residents bring their properties into compliance with City codes.

### **Volunteer Project Management**

The Volunteer Project Management class is a basic introduction to help residents learn how to plan, organize and successfully run a volunteer project in their neighborhood; including graffiti paint outs and alleyway cleanups. The Neighborhood Services Department also provides any of the necessary tools to help with community clean-ups.

### **Tool Lending / Neighborhood Clean-ups**

Any neighborhood group or Block Watch listed with the city's Neighborhood Services Department can receive free paint to remove graffiti and supplies and tools to improve their neighborhood. Some of the tools available to be loaned out include trailers to help carry some of the following items: paint sprayers, weed eaters, paint rollers, brushes, buckets, ladders (maximum of 4 feet), brooms, shovels, garbage bags, wheelbarrows, pole trimmers, hedge shears, hoes, scrapers, loppers, rakes, water coolers, and gloves.

## **Inventory of Programs Status Overview Phoenix Office of Arts and Culture**

### Enhancements:

- The Gallery @ City Hall held two exhibitions in FY 2013-14 - “Feel the Heat: Desert Prints,” and “Art Under Foot: Handmade Floors at the PHX Sky Train.” The Gallery has attracted more than 4,700 visitors since it opened in March 2012.
- Partnered with the Arizona Commission on the Arts to present a series of seven webinars about Creative Placemaking and Public Art. The webinars were developed by the Americans for the Arts Public Art Network.
- Coordinated contributions from the Biltmore Area Partnership Foundation to increase maintenance of the Camelback Road Pedestrian Underpass, saving the City \$9,500 in maintenance costs.
- The impact of The Gallery @ City Hall volunteers and interns was valued at \$26,271 (more than 973 hours).

### Priorities:

- To implement the five-year strategic plan and recommendations resulting from the Creative Sector Task Force’s 2013-2018 Arts, Culture and Creative Economy Vision Plan.
- Monitor signs of stress in arts and culture non-profit organizations due to operational and financial burdens.
- To review deferred/unfunded maintenance of public art projects; many are fully integrated into the City's capital infrastructure.
- Monitor governance and fiscal health of organizations to ensure good stewardship of public funds and stability of arts and cultural services.

### Challenges:

- Lack of long-term capital funding for facility maintenance costs.
- Lack of public art project maintenance funding.
- Dwindling Capital Improvement Project (CIP)/Public Art Program funding.
- Continue to increase funding for arts grants and community initiatives; made significant progress to restore funding over the last two years.
- Outdated and insufficient software, computers and digital tools, and an inability to access blogs, Facebook and other sites devoted to providing arts and culture information.

### Strategic Overview:

- To address the challenges and priorities identified, the Office of Arts and Culture will:
- Work with City Management, Mayor and City Council, Phoenix Arts and Culture Commission and the community to develop strategies and goals to implement the recommendations from the Creative Sector Task Force Vision Plan.

## Office of Arts and Culture Revenue Summary

**Office of Arts & Culture - Volunteer Interns (unpaid)**

The Office of Arts and Culture works with ASU to recruit interns each semester to help with the portable works collection. Students receive school credit and gain valuable experience. Interns primarily work on the distribution, updating, archiving and documentation of the collection which includes more than 1,000 pieces. Volunteers also assist with the maintenance of valuable projects throughout the City such as the Maryland Avenue Bridge, Cordova Gardens and Little Canyon Trail and Isaac Pedestrian Bridge.

**Office of Arts & Culture – Gallery at City Hall**

In 2012, the Office of Arts and Culture opened the Gallery at City Hall. The Gallery is located in the atrium of City Hall and features rotating art collections throughout the year. The Gallery is fully staffed by volunteers who greet patrons and provide them with information on the OAC and the featured art collection.

## **Inventory of Programs Status Overview Parks & Recreation Department**

### Enhancements:

- Implemented measures to save \$500,000 from the current fiscal year approved budget and redirect the savings to create additional irrigation efficiencies through monitoring, connectivity and technology.
- Active program registration software upgrade, which will enhance registration and ensure a business friendly process.
- Using technology to enhance mobile solutions, by utilizing tablets for the field staff.

### Priorities:

- Creating more Community Partnerships to help develop quality programs and services. This will require working with neighborhood groups and volunteer programs.
- Expand the City's revenue base by promoting Parks and Recreation amenities to generate tourism revenue and economic value.
- Foster Innovation by empowering employees to take, and recommend, actions that enhance customer service, establish more efficient operational processes, and promote new opportunities
- Continue to increase the department's ability to right-source maintenance and operation services.
- Return to the use of annual maintenance scheduling, analyze crew work, continue irrigation efficiencies, and sustainable landscape management practices.

### Challenges:

- Maintaining the 49 required vacancies in salary savings
- Golf – Reduction In Force due to outsourcing
- Street landscape maintenance
- Filling positions due to retirements

### Strategic Overview:

To address these challenges and priorities, Parks and Recreation has initiated:

- Organization reviews to better manage resources such as employees and produce more efficiency to our service delivery.
- Installing various items to promote sustainability within our parks and facilities
- Implement sustainable landscape practices for park maintenance.

## Parks and Recreation Revenue Summary

The Parks and Recreation Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments.<sup>1</sup> Other revenue sources allocated to the Parks and Recreation Department include Grants, Golf Funds, Tennis Center Funds, Parks & Preserves Fund Sales Tax, and Other Restricted Funds for rental fees and donations.

### **Adopt-a-Park Program**

Adopt-a-Park is a volunteer program that allows the city of Phoenix to maximize its resources and offers residents an opportunity to give back to their community. Groups and individuals can either adopt an entire park or a portion of a park such as athletic fields or a playground area. Volunteers usually commit to visiting the adopted area at least once a month.

### **Citizen Forester**

Citizen Foresters serve the community by helping City staff properly plant and care for urban trees. They help lead tree plantings, teach other volunteers how to plant and maintain trees, and spread the word about the value of the urban forest. This program helps the City meet goals identified in the Tree and Shade Master Plan adopted by the City of Phoenix in 2010.

### **Golf Player's Assistant**

Phoenix Golf encompasses eight unique golf courses, five 18-hole championship courses and three 9-hole courses strategically located throughout the city of Phoenix. Volunteers help visitors have an enjoyable experience by serving as greeters, monitoring tee times and providing overall customer service at the golf course.

### **Arts & Museums**

From Pueblo Grande Museum to the Japanese Friendship Garden and Shemer Art Center, the Parks and Recreation Department operates world-class arts, museum and cultural venues that offer a host of volunteer opportunities. Volunteers can serve as docents and tour guides and can assist with gardening, grounds maintenance or restoration and landscaping at facilities such as the Pueblo Grande, Japanese Friendship Garden or Tovrea Castle at Carraro Heights.

### **Adaptive Recreation**

The Parks and Recreation Department offers adaptive recreation programs, services and facilities that make it easier for people with disabilities to stay active and have fun. Volunteers assist with the annual Special Olympics competitions in Phoenix, help with the Daring Adventures outdoor recreation programs and can help maintain or improve Telephone Pioneer's Park, one of the first barrier free parks in the nation.

### **Park Steward**

The Park Steward volunteer program provides the community with an opportunity to gain a better sense of ownership in their desert parks and mountain preserves. Networks of trained volunteers actively monitor and maintain preserve areas, supporting the city's Park Ranger Program. With over 35,000 acres of public mountain park and preserve property, Park Steward help convey the importance of land conservation and responsible stewardship.

## **Inventory of Programs Status Overview Planning & Development Department**

### **Enhancements:**

- Five Day Site Plan Review was implemented July 1 with a goal to review 90% of site plans in five days or less, enabling the development process to move forward at an unprecedented rate.
- The 2012 Phoenix Building Construction Code became effective July 1, boosting the department's ISO score and enabling customers to take advantage of updated development options.
- Electronic Plan Review (EPR) went live on November 4, allowing customers to submit construction plans, review corrections, make payments, and obtain permits without visiting city hall.

### **Priorities:**

- Implementation of Infill Advisory Group recommendations to facilitate dense urban development along the light rail and in the city's core.
- The Reinvent PHX collaboration will establish a new transit-oriented model for urban development along the city's light rail corridor.
- The PlanPHX effort will develop a draft General Plan for public review by the end of 2014.

### **Challenges:**

- Maintaining adequate service levels and exceptional customer service with an increasing workload as development activity picks up.
- Minimizing institutional loss and ensuring adequate knowledge transfer as an increased number of staff retire.
- Replacement of the KIVA permit tracking application, including documentation of a highly integrated system that is utilized and shares data with more than 20 city departments and several external organizations.

### **Strategic Overview:**

To address these priorities and challenges, Planning & Development has initiated:

- implementation of the Infill Advisory Group's technical recommendations and text amendments, and assembling a Phase III group to address remaining work plan items,
- conducting community outreach to establish long-range district plans and coordination of the adoption of those plans through a steering committee,
- a PlanPHX Leadership Committee to help develop the General Plan update,
- utilization of contracts to ensure adequate staffing and response times,
- workforce development planning efforts to ensure continuation of knowledge,
- assembling a project team to facilitate replacement of KIVA by selecting a consultant to develop a new system migration strategy, conduct a systems analysis and document requirements for replacement of the permit tracking application.

## Planning and Development Services Revenue Summary

The Planning and Development Services Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the planning activities of the department are General Fund revenues and are not intended to fully recover all costs. The revenues collected by the development services activities of the department are Special Revenue funds and are used to fully support the costs to provide services. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Planning and Development Services Department include Grants and Other Restricted Funds for Impact Fee Program Administration.

## **Inventory of Programs Status Overview**

### **Public Works**

#### **Enhancements:**

- Utilizing Business Intelligence for creating operating reports, dashboards and monitoring service delivery
- Integrating Phoenix-On-Point (POP) into daily operations and decisions to enhance operations
- Developing Service Level Agreements with our larger Facility Management customers

#### **Priorities:**

- Implement solid waste service changes to single family customers for Bulk Trash, Green Organics, and Right-Size Container Options
- Achieve 65% of alternative clean burning fuels in citywide fleet by 2015
- Achieve 25% residential waste diversion by June 2014
- Achieve 40% waste diversion at the transfer stations by 2020
- Reduce energy consumption in City facilities by 20% below 2009 usage by 2020

#### **Challenges:**

- Evaluate critical assets and equipment for fleet and facilities including aging infrastructure in need of repair and replacement for documenting unmet capital and replacement needs
- Maintaining staffing levels and implementing performance measures to ensure responsiveness, customer satisfaction and productivity
- Providing system configurations for changing business practices for solid waste service changes

#### **Strategic Overview:**

The Public Work Department has implemented business work groups and action plans to manage priorities and challenges identified in the department.

## Public Works Revenue Summary

The Public Works Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Public Works Department include Grants and Other Restricted Funds for the Arizona State University building rental and interest earnings from the Translational Genomics Facility Operations Fund.

## **Inventory of Programs Status Overview Public Transit Department**

### Enhancements:

- Public Transit (PTD) began implementing the City Council-approved new transit fuel strategy to replace old Liquid Natural Gas (LNG) buses through the purchase of 120 Compressed Natural Gas (CNG) buses. PTD is also completing fuel infrastructure improvements at transit operations facilities to accommodate the CNG buses. CNG buses are less expensive than LNG buses and will save money while maintaining a commitment to clean, domestic fuels and environmental sustainability.
- PTD implemented the new Senior Center Shuttle (SCS) program on July 1, 2013 to replace the City's long-standing Reserve-a-Ride (RAR) program for transporting seniors between their homes and City senior centers, as well as occasional group trips. SCS is a taxi cab-based transportation service that is more efficient and less costly than the City-operated RAR service, saving over \$600,000 annually.
- The department focuses on identifying and implementing productivity and efficiency measures. Over the past year, the department has saved more than \$600,000 annually while expanding the service and reach of existing transit routes.

### Priorities:

- Public Transit will focus on maintaining a balanced T2000 program.
- The department will refurbish the South Transit Facility (STF) and construct two new park-and-ride facilities over the next two years, as well on-going annual improvements to bus stops. These projects will update the aging STF, provide two new passenger facilities to serve existing local bus and RAPID service, allow for future expansion of transit, and continue to enhance passenger amenities at bus stops.
- The department will concentrate efforts on procuring a new contract for the North and South Transit Facilities set to expire in July 2015. This contract provides approximately two-thirds of the department's fixed route operations.

### Challenges:

- Funding the current transit system remains a challenge. Since 2000, PTD has experienced significant decreases in funding for transit including reduced General Funds (-30%), local T2000 (-26%) and county (-40%) sales tax revenue declines, loss of Local Transportation Assistance Funds (-15%), and shrinking Federal Transit Administration funds (-15%) apportioned to the Phoenix Urbanized Area.
- Public Transit will focus on maintaining/replacing aging technology and equipment while seeking opportunities and funding for transit innovations.
- Implementing new federal requirements as a result of MAP-21 will require extensive resources and efforts.

### Strategic Overview:

- Public Transit seeks new grant funds and continues to identify efficiencies to off-set decreases in funding and maintain a balanced T2000 program.
- Actively plan for the renewal of T2000 program.
- Utilize cooperative procurements to reduce costs.
- Maintain an updated department strategic plan and implement the tactics to achieve the plan's objectives.

## Public Transit Revenue Summary

The Public Transit Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Public Transit Department include T2000 Fund Sales Taxes, Regional Public Transportation Authority funds and Grants.

## City of Phoenix Inventory of Programs

**Department:** Public Transit

**Strategic Plan Area:** Financial Excellence\*

**Program Name:** Regional Fare Media Programs

**Program Description:**

Mass distribution of fare media (transit passes) for the regional transit system is provided through several fare media programs. These programs provide fare media to a wide range of organizations and individuals to offer convenient availability of transit passes throughout the region. The fare media programs supply employers, schools and other organizations with transit passes for use by their employees, students and clients, as well as supplying retail outlets with fare media to sell to the general public. Additionally, the Dial-A-Ride Pass Program (DAR) - provides fare media to qualifying individuals. Currently there are approximately 4,000 customers participating in the regional fare media programs, generating annual revenue of \$43.1 million.

## Inventory of Programs Status Overview Street Transportation Department

### Enhancements:

- Developed citywide complete streets policy
- Established street light conversion standard to achieve energy savings and improve sustainability
- Established asset management improvement goals and evaluation criteria

### Priorities:

- Outside training opportunities such as webinars, seminars and local conference attendance.
- Implement Bike Share Program to provide a financially self-sustaining, 24-hour transportation network that complements existing transportation options.
- Launch new parking meter technology that will provide additional payment options for the public while providing more flexibility for staff to adjust to changing needs.
- Investigate alternative funding sources such as AHUR Revenue Funded Bonds, Vehicle Mileage Tax, Construction Excise Tax and Property Tax Levy for Right-of-way.

### Challenges:

- 33% of staff eligible to retire within 5 years, 92 current vacancies
- Demand for increased maintenance, limited additional funding
- Demand for Light Rail activities
- Reduction in Arizona Highway User Revenue funds (AHUR) received from State levies.
- Reduction in Capital Construction Funds (CCF) due to new technologies.

### Strategic Overview:

To address these challenges and priorities, Street Transportation has initiated the following:

- Staff awarded contract for the Bike Share Program. Currently a pilot program is being performed by the contractor to find out any problems early and ensure a successful launch in 2014.
- After launching the initial Phase I parking meter program, staff has continued to Phase II. Information received from these automated machines has allowed the department to make decisions on future locations, cost reductions, staff time, etc.
- Staff held a half-day Management Team retreat to discuss current funding sources, program funding shortfalls and future projects. Major discussion focused on reducing the number of projects to ensure fund availability.

## Street Transportation Revenue Summary

The Street Transportation Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Streets Transportation Department include Arizona Highway User Revenue, Capital Construction Sales Taxes and Grants.

## **Inventory of Programs Status Overview Budget and Research Department**

### Enhancements:

- Staff is currently reviewing consultant bids for replacement of the City's outdated budgeting software system, Budget Reporting and Analysis Support System (BRASS). BRASS limits budget data tracking and reporting capabilities and constrains efficiency.
- Continued improvements to the City's budget webpage were implemented this year to provide additional clarity to the City's budget while making it easier to navigate and identify important information.
- Additional community budget hearings, including an on-line hearing with the Mayor, have been added to the community budget process to expand the public's opportunities to provide input.

### Priorities:

- Development of solutions to address ongoing budgetary challenges in the General Fund including maintaining an adequate fund balance and ensuring all costs are able to be covered with the City's ongoing resources.
- Maintaining tight cost controls will be critical to keeping the General Fund budget balanced.
- To responsibly plan for future retirements, turnover, and loss of expertise while maintaining minimum staffing levels, workforce development planning is a major focus for Budget and Research.

### Challenges:

- Providing accurate revenue forecasting during unpredictable economic conditions is an ongoing challenge.
- Challenges to the General Fund remaining balanced include addressing previously deferred maintenance and equipment replacement needs, rising pension costs, unfunded legal mandates, and negative public safety fund balances.
- Identifying funding for dedicated staff needed to assist in the implementation of the City's replacement budget system prior to the anticipated operational start of Fiscal Year 2015-16.

### Strategic Overview:

To address these challenges and priorities, Budget and Research has initiated:

- department workforce development planning,
- a review of consultant bids to replace our budget system, and
- continued enhancements to the City's budget webpage for use by the community.

# CITY AUDITOR

## Department Goal

The City Auditor Department provides independent and objective feedback to assist City management in meeting organizational objectives, efficiently and ethically managing public assets, and reducing the organization's risks. The City Auditor budget also funds an annual independent audit conducted by outside auditors in accordance with the City Charter. This includes an audit of city accounting and financial records, the federal single audit, review of the City of Phoenix Employees' Retirement System, external audits of specific activities and review of business systems for possible improvements.

## Inventory of Programs Status Overview City Auditor Department

### Enhancements:

- Made additional improvements to risk-based audit planning.
- Streamlined and updated the City Auditor Department intranet/internet sites.
- Expanded Integrity Line reporting to include an online reporting option.
- Executed a new external auditor contract that resulted in better service at lower cost.

### Priorities:

The City Auditor Department mission statement and 3 strategic planning priorities include:

“The City Auditor Department provides independent and objective feedback to assist City management in meeting organizational objectives, efficiently and ethically managing public assets, and reducing the organization’s risks.”

Priorities include:

- Identify opportunities to reduce the City’s risk.
- Identify financial savings, efficiencies and recoveries.
- Encourage ethical behavior.

### Challenges:

- The City’s extensive, complex, and evolving risk environment creates an ongoing challenge for deploying limited audit resources in the most effective and efficient manner.
- Limited Information Technology (IT) audit resources constrain the City Auditor Department’s ability to provide adequate audit coverage over the City’s most critical IT systems.
- Little turnover within the audit department presents a challenge to provide professional growth opportunities for staff.

### Strategic Overview:

To address these challenges and priorities, the City Auditor Department has initiated:

- Continued refinements to our risk based approach for annual audit plan development,
- Expanded data analysis efforts to leverage audit resources,
- Use of consultants to assist with audits requiring specialized expertise, such as certain IT systems,
- Automation of Integrity Line Case Management,
- Workforce planning and ongoing professional development of staff.

## **Inventory of Programs Status Overview City Clerk Department**

### **Enhancements**

- Improving transparency by making several changes to the interface and search functionality of the Public Records Search webpage. The improvements will provide users more flexibility and control in searching for specific types of documents.
- Implemented requested improvements to the new online campaign finance database. The database is used by political committees to enter contribution and expenditure data online and file campaign finance reports electronically, plus it improves transparency by allowing the public to search for contribution and expenditure information in the reports. Additional improvements to add independent expenditure organization registrations and notices are planned for this fiscal year.
- Developing an online application for lobbyist registration and reporting. The application is currently in the testing phase and will be implemented later this fiscal year.

### **Priorities**

- Continue to advance the objectives of open, transparent government through technology and process improvements.
- Develop requirements and procure an Electronic Records Management System.
- Identify opportunities to maximize service to customers through efficiencies and/or right-sourcing.

### **Challenges**

- Continue to effectively involve stakeholders during implementation and training for the new Agenda Management System and development of requirements for the Records Management System.
- Developing a long-term plan for ongoing election programming and ballot tabulation support following consolidation of technical support staff with ITS.
- Maintaining optimal support to internal and external customers during system transitions and organizational changes.

### **Strategic Overview**

To address these challenges and priorities, the City Clerk Department will:

- Continue to effectively engage stakeholders in the implementation of the Agenda Management system by involving them in testing and training.
- Work closely with ITS staff and stakeholder departments to develop a comprehensive list of requirements for acquisition of a Records Management System.
- Develop a plan to successfully transition responsibilities and functions resulting from organizational changes within the department.
- Continue to enhance the services and information available to voters and streamline election functions by automating processes.

## City Clerk Revenue Summary

The City Clerk Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the City Clerk Department include Other Restricted Funds for domestic partner registry fees.

Inventory of Programs Status Overview  
City Manager's Office

**Enhancements**

**Three recent enhancements achieved this year or planned next year:**

- The City Manager's Office played a critical role in working with the Finance Department to implement a new streamlined process to review citywide travel documents, creating a more simplified and efficient review process.
- A volunteer software program was implemented creating a more efficient process to recruit, track and manage more than 30,000 volunteers citywide.
- A youth and education website was established providing resources to residents, community groups, city departments and school administrators, including maps and performance information on Phoenix school districts.

**Priorities – Top three priorities for FY 14-15:**

- Continue to identify and implement additional cost saving measures, and manage expenditures to provide a budget that balances ongoing revenues to ongoing expenditures.
- Identify significant technology advancements critical to the City's future success by implementing a five-year technology plan. This will accelerate our innovation and efficiency efforts.
- Implement an Economic Development Strategy with the objective of growing export-based industries to raise the personal net income of Phoenix residents. This includes strategies to increase educational attainment by Phoenix residents.

**Challenges – Top three challenges department will face FY 14-15:**

- Continue to identify and implement additional cost saving measures to balance ongoing expenses with ongoing revenues.
- Recruit and fill several high level executive and leadership positions.
- Identify and secure resources to support infrastructure and technology programs and initiatives lead by the City Manager's Office.

**Strategic Overview**

To address these challenges and priorities, the City Manager's Office will:

- Work closely with the Innovation and Efficiency Task Force towards achieving a savings of \$100 million by December 2015.
- Conduct national recruitments for upcoming historically hard to fill executive and leadership positions.
- Establish public-private partnerships, seek grant opportunities and supplement programs with interns, volunteers and service program members.
- Develop a strategic five-year technology plan.

**City Manager’s Office – Volunteer Statistics**

	<b>FY 2012-13</b>	<b>FY 2013-14 (6 months)</b>
Number of Volunteers	6	2
Number of Volunteer Hours	759	221

**Citywide Volunteer Program**

The City Manager’s Office recruits college interns seasonally to support the Citywide Volunteer Program. Interns manage special projects, conduct research, coordinate and facilitate community outreach events and track information and statistics on the citywide volunteer program. During the calendar year 2013, interns also assisted with the implementation of the Let’s Grow Phoenix Gardens and Cool Roofs volunteer initiatives, funded by a \$100,000 Cities of Service/Bloomberg Philanthropies grant. Interns also assisted with the implementation of the First Annual Citywide Impact Volunteer Awards. Interns include undergraduate and graduate college students.

## **Inventory of Programs Status Overview Equal Opportunity Department**

### **Enhancements:**

- The Equal Opportunity Department (EOD) purchased airport concessions software to enhance tracking of gross sales figures reported by master concessionaires at Phoenix Sky Harbor International Airport. The software also increases staff ability to monitor airport concessions contracts and generate accurate reports for submittal to the Federal Aviation Administration.
- The department hired a citywide Americans with Disabilities Act (ADA) Coordinator to ensure compliance of City services, programs, and facilities with the ADA.
- EOD received an \$185,000 U.S. Department of Housing and Urban Development grant to work with community groups on fair housing outreach to underserved populations, including immigrants, individuals with limited English proficiency, and the LGBTQ community.

### **Priorities:**

- Reduce the number of employment discrimination cases exceeding the 220-day investigation requirement. The City is currently out of compliance with 12 or 14 percent of 117 pending cases past 220 days.
- Reduce processing time for Small and Disadvantaged Business Enterprise (S/DBE) certification applications. The City is currently out of compliance with 55 or 71 percent of 77 pending applications are past 90 days. The U.S. Department of Transportation requires processing within 90 days.
- Meet with community organizations to strategize EO-related service delivery in times of crisis and execute Memoranda of Understanding with these groups as part of the EOD Continuity of Operations Plan.

### **Challenges:**

- EOD needs approval to fill a vacant EO Programs Assistant to support the Employment Investigation Unit. Reallocation of two Secretary II positions to EO Specialist positions as part of the 2013 Organizational Review imposed budget constraints on EOD.
- In 2012-13, the Public Transit Department (PTD) failed to meet its annual aspirational goal of 3.02% DBE participation. EOD, Law, and PTD must submit to the Federal Transit Administration (FTA) a Corrective Action Plan with training for project managers and prime and subcontractors and more aggressive outreach strategies.

### **Strategic Overview:**

- Host stakeholder conferences to prepare the aspirational triennial goal proposal on FTA-funded contracts for municipalities in Maricopa County.
- Work with the Arizona Unified Certification Program to implement the Small Business Concern Program, a self-registration vendor management system of available small businesses in the local marketplace.
- In the event of additional budget cuts, EOD will have to consider discontinuing the SBE Certification Program and implementing a self-registration program.

## Equal Opportunity Revenue Summary

The Equal Opportunity Department receives revenue from the General Fund and Special Revenue Funds. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Equal Opportunity Department include Grants and Other Restricted Funds from donations.

## **Inventory of Programs Status Overview Finance Department**

### Enhancements:

- Implementation of and development of e-procurement
- E-Tax enhancement and business community outreach
- Improve financial controls using new technology
- Improvements in transparency and access to financial information through the Department's website

### Priorities:

- Continue cultural initiative program that emphasizes employee empowerment
- Fill vacancies to address upcoming projects
- Implement a new e-Procurement System to reduce City-wide spend amounts
- Review the procurement process throughout the city and update the existing procurement regulations and ordinances (Administrative Regulation 3.10)
- Implement a new tax analytics system to enhance revenue collections
- Work with the State and other cities and towns to simplify and streamline the Transaction Privilege Tax (TPT) System without impacting city revenues and autonomy.
- Continue to provide controls and oversight to manage citywide expenditures
- Refinance existing debt to take advantage of record low interest rates
- Work with contracted brokerage firm to identify and dispose of excess land to generate revenue for the City

### Challenges:

- Legislative actions may negatively impact the ability to collect and manage city sales taxes
- New staff in critical positions, and a significant number of retirement eligible employees
- A number of new accounting pronouncements becoming effective over the next two years that significantly change financial reporting
- Staff transitioning to a new organizational culture initiative that focuses on employee empowerment

### Strategic Overview:

- To address these challenges and priorities Finance has initiated:
- A department wide organization culture initiative to empower employees
- New technology for procurement, transparency and financial controls
- E-Tax enhancements
- Business analytics/intelligence related to Tax Compliance

## Finance Revenue Summary

The Finance Department receives revenue from the General Fund and Special Revenue Funds. The revenues generated by the department are not intended to fully recover all costs. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Finance Department include Sports Facilities Fund Sales Taxes and Other Restricted Funds for staff expense reimbursements from the Phoenix Industrial Development Authority.

## Inventory of Programs Status Overview Office of Government Relations

### Enhancements:

- Building resource for executive team, department heads and elected officials to track grants. Utilizing SharePoint to track grants, provide notifications of new opportunities and provide monthly grant status updates.
- Implementing new grassroots strategy to serve Council more effectively. Eliminated Phoenix Legislative Action Network (PLAN) contract and now working more closely with Council offices on community outreach.
- Continuing to work towards the potential merger of the Regional Wireless Cooperative (RWC) and Topaz Regional Wireless Cooperative (TRWC) public safety radio communications systems, to improve public safety radio communication interoperability and ensure that public safety personnel continue to have strong radio communications at their fingertips.

### Priorities:

- Ensure smooth implementation of Transaction Privilege Tax (TPT) simplification legislation. Resolution of this issue is critical, given the city's financial stability is dependent upon the timely and reliable collection of sales tax revenue.
- Protect and maintain state shared revenues, which accounted for approximately 32 percent of the city's total General Fund revenues in FY 2013-14.
- Merge the RWC and TRWC radio systems, resulting in better and more efficient interoperable radio communication for the city's public safety personnel.

### Challenges:

- Potential detrimental impacts of federal budget cuts.
- State legislative efforts aimed at preempting city authority and/or reducing city revenues.
- Ensuring coordination of disparate city departments' intergovernmental and grant-seeking efforts.
- Maintaining Council buy-in for local and national associations.
- Phoenix hosting Arizona League of Cities & Towns conference in 2014.

### Strategic Overview:

To address these challenges and priorities, Government Relations will:

- Continue to maintain and enhance positive relationships with elected officials, the business community and neighborhoods to the benefit of the city's legislative agenda.

## INFORMATION TECHNOLOGY

### Department Goal

Information Technology Services (ITS) coordinates the use of information technology across the various departments and agencies of city government to ensure that accurate and timely information is provided to residents, elected officials, city management and staff in the most cost-effective manner possible. The department provides operating departments with information processing through the application and coordination of computer technology and procures, manages and maintains the city's radio, telephone and computer network systems.

## **Inventory of Programs Status Overview Information Technology Services**

### **Enhancements:**

- Implemented a Shared IT Services Model, or private cloud environment, through virtualization and consolidation of servers, storage, and data centers. These efforts resulted in over \$2.2 million dollars in cost avoidance to date, and provide improved business continuity, lower maintenance costs, faster provisioning of applications, and scalability.
- Partnered with the Police Department in the Shared IT Service Model. Historically, strict interpretation of the Criminal Justice Information System (CJIS) requirements excluded Police from the benefits of such citywide advancements. ITS and Police have partnered on a CJIS-compliant data center environment, maintaining the required security while providing the benefits of shared resources and increased reliability and security of Police Department data.
- Replaced the City's Switchboard with an Interactive Voice Response (IVR) system to accept and route calls, saving approximately \$250K per year. The top call types are the first selections in the IVR, and callers who opt out of the system during normal work hours are still able to speak to City staff.

### **Priorities:**

- Upgrade and support of the City's technology infrastructure, focusing on unified communications, including network, telephone, email, and productivity.
- Expansion of initiatives to increase access to information, including mobility enhancements to phoenix.gov, open data initiatives, mobility technologies for staff, and continued support of business intelligence programs, while expanding the Shared IT Service Model environment through on-boarding of additional department and enterprise systems.
- Expansion of cyber security awareness and protection to further safeguard information and ensure public trust.

### **Challenges:**

- Support of seriously aging IT infrastructure.
- Implementing technology enhancements with reduced funding and limited staff resources, while maintaining current operational support levels.
- High vacancy rate and difficulty attracting and retaining new technical staff.

### **Strategic Overview:**

- Selection of a consultant to recommend a unified communications strategy.
- Continued efforts to consolidate and virtualize technologies to avoid costs and free-up technical staff resources from operational support.
- Work with Budget & Research and Finance on funding options for infrastructure and implementation of a technology infrastructure budget to include refresh cycles.
- Utilizing focused recruitment to attract employees, and right sourcing through contract staff when appropriate.

## Information Technology Services Revenue Summary

The Information Technology Services Department receives revenue from the General Fund and Special Revenue Funds. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Information Technology Services Department include Other Restricted Funds for interest earnings and the sale of radio equipment.

# PHOENIX EMPLOYMENT RELATIONS BOARD

**Department Goal**

The Phoenix Employment Relations Board oversees administration of the city's Meet and Confer ordinance. Primary responsibilities of the board include conducting representation elections and selecting mediators and fact finders to resolve impasses. The board consists of five members appointed by the City Council and has one staff member.

## Inventory of Programs Overview Phoenix Employment Relations Board

### Enhancements:

- In the coming months, there will be discussion on possible improvements to the PERB website.
- PERB organizations in other metropolitan cities were contacted, benchmarking their best practices to possibly utilize with the PERB.
- Greg Fretz, Chairman will attend the ALRA Conference in June to network with other members of Employment Relation Boards in the United States and Canada.
- When possible, we will email PERB Board Members meeting agendas, minutes, etc. to cut down on courier charges.

### Priorities:

- Continue to keep costs down as much as possible especially with the number of matters going to hearing and the complexity of such matters.
- Working with PERB Hearing Officers on their availability to serve as Fact Finders if necessary during negotiations. Current practice is to purchase lists from FMCS, pick available Fact Finders usually from out of state. The City and the Unions then must not only pay for the hearing but also meals and travel expenses. Utilizing our Hearing Officers will save both parties money.

### Challenges:

- It is always challenging trying to predict the number of cases per year especially in a bargaining year.

### Strategic Overview:

- PERB will continue to work to find best practices to stay as cost effective as possible to include using Hearing Officers during negotiations to keep costs down for the City.

## PUBLIC INFORMATION

### Department Goal

The Public Information Office disseminates information on city governmental services to residents and assists them in using and understanding the information. The office also encourages participation in city government and develops programming for the government access cable television channel.

## Inventory of Program Status Overview for 2014-15 Public Information Office

### Enhancements:

- Broaden Marketing Partnership Program revenue generation efforts – 2013-14 revenue goal is \$600,000; because of newly named dedicated staff member, increase revenue goal to \$800,000 in 2014-15.
- Continue implementing new right-sourced contracts with video production and video graphic design firms for department video projects, while PHX11 staff continues to focus on transparency through production of Mayor and City Council programs; Council Policy, Formal and Subcommittee meetings; and news conferences and feature stories on major citywide events and initiatives.
- Expand social media communication efforts, making sure we are reaching all of Phoenix's diverse communities and populations.

### Priorities:

- Create and implement a strategy to provide PHX11 programming over the air to residents who don't have cable TV.
- Continue to build on Facebook, Twitter and YouTube social media successes by creating a City of Phoenix Instagram page.
- Develop and implement additional strategies and programs to recognize and communicate the outstanding work of city employees, such as the "On the Job" video features.

### Challenges:

- Continue discussions with cable providers to communicate our desire to move PHX11 programming to an HD channel.
- Lack of budget to continue progress and maintenance of new phoenix.gov, mobile-friendly Web pages.
- Need for a dedicated, full-time social media Public Information Officer.

### Strategic Overview

To address these challenges and priorities, PIO's strategies include:

- **PHX11 Over-The-Air Signal** – issue a Request for Information (RFI) to potential television partners who could provide an over-the-air presence for PHX11, in addition to the current availability on cable television.
- **Web** –request dedicated, annual funding for maintenance to build on progress with Web transparency and newly launched phoenix.gov website.
- **Social Media** – continue outreach to broaden social media penetration, such as featured photos on Facebook, and publicizing city social media efforts on phoenix.gov.
- **Marketing Partnership Program** – maximize present marketing partnerships and gauge potential future business models to generate \$800,000 in revenue in 2014-15.
- **Employee Communication** – Working with the Phoenix Team, create a citywide group of employees who will help build a plan to most effectively communicate with employees, using current technologies.

## Public Information Office Revenue Summary

The Public Information Office receives revenue from the General Fund and Special Revenue Funds. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments. Other revenue sources allocated to the Public Information Office include funds from COX Communications and CenturyLink for support of the Educational Access Channel.

# REGIONAL WIRELESS COOPERATIVE

**Department Goal**

The Regional Wireless Cooperative (RWC) is an independent, multi-jurisdictional organization which manages and operates a regional radio communications network built to seamlessly serve the interoperable communication needs of first responders and other municipal radio users in and around Central Arizona's Valley of the Sun. Formerly known as the Phoenix Regional Wireless Network, the RWC has expanded to service a still-growing list of cities, towns, and fire districts, along with many other area entities who serve public safety needs. The RWC was formed through a governance structure founded on the principle of cooperation for the mutual benefit of all members.

## **Inventory of Programs Status Overview Regional Wireless Cooperative**

### Enhancements:

- First year of Phase I, 700 MHz infrastructure conversion project
- Completion of Paradise Valley site and integration onto the RWC
- Goodyear police transition onto the RWC

### Priorities:

- Phase I, 700 MHz infrastructure funding and infrastructure conversion
- Negotiate a cash-out option for the 800 MHz Re-Banding project
- Completion of Joint RWC/TRWC governance process

### Challenges:

- Maintaining adequate 700 MHz transition funding through strong membership support and project oversight with Motorola
- Maintaining RWC/TRWC relationships and system compatibility
- Maintain ITS staffing levels to support the RWC network

### Strategic Overview:

- Adequate and sustainable funding for the 700 MHz transition project requires continuous outreach and education of RWC members for long-term budgetary planning. Project management and oversight with Motorola will ensure project costs are kept to a minimum.
- Coordination and support for Phoenix ITS to ensure successful negotiations with Sprint/Nextel to maximize funding cash-out which will reduce the costs of the 700 MHz transition project.
- Working with Government Relations Department personnel to establish an outreach plan for future Indian Community participation.

## Regional Wireless Cooperative Revenue Summary

The Regional Wireless Cooperative (RWC) receives revenue from Special Revenue Funds. The revenue is received from the 20 RWC member cities for operating, maintenance and system upgrades of the multi-jurisdictional radio network.

## City of Phoenix Inventory of Programs

**Department:** Regional Wireless Cooperative

**Strategic Plan Area:** Technology\*

**Program Name:** General Government

**Program Description:**

The Regional Wireless Cooperative (RWC) is an independent, multi-jurisdictional organization which manages and operates a regional radio communication network built to seamlessly serve the interoperable communication needs of first responders and other municipal radio users in and around Central Arizona's Valley of the Sun. The RWC has expanded to serve a still growing list of cities, towns, and fire districts, along with many other area entities who serve public safety needs. The RWC was formed through a governance structure founded on the principles of cooperation for the mutual benefit of all members.

## **Inventory of Programs Status Overview City of Phoenix Employees' Retirement System (COPERS)**

### Enhancements:

- On July 1, 2013, COPERS implemented the two voter propositions that were passed with the March 2013 election. The propositions created a second tier for new employee hires of the pension system, removed the non-standard investment limitations and added additional Internal Revenue Service-required operational and documentation provisions. The propositions were City Council adopted from City staff's recommendations of the Pension Reform Task Force.
- On October 31, 2013, City Council adopted the recommendations of the Pension Fairness and Spiking Elimination Ad Hoc Committee. The changes eliminated certain pensionable earnings for middle managers and executives, effective January 1, 2014. In addition, a vacation "snapshot" of unused vacation time was taken December 31, 2013 for middle managers and executives. It will be taken July 1, 2014, for all other General City employees.
- The Government Accounting Standards Board (GASB) has new standards (GASB 67 and 68) to the accounting requirements for pension plans and how the net pension liability is reported. The COPERS' Board approved changes to the plans' actuarial assumptions based on recommendations from Cheiron, the actuarial firm. COPERS will implement GASB 67 in Fiscal Year (FY) 13/14. The City will implement GASB 68 in FY14/15.

### Priorities:

- The implementation of the July 1, 2013 voter propositions did impact the COPERS' Pension Gold system and the City's Human Resources (HR) payroll system, eCHRIS. The systems were programmed for new tier II employees.
- The implementation of the October 31, 2013, spiking elimination changes did impact the COPERS' Pension Gold system and the City's HR payroll system, eCHRIS. The systems were programmed to accept the changes to the pensionable earnings and vacation time.

### Challenges:

- To accurately implement the benefit changes in the Pension Gold system to calculate service, retirement eligibility and other benefits.
- To accurately implement the actuarial assumptions in the financial reporting due to the GASB changes.

### Strategic Overview:

To address these challenges and priorities, COPERS' has initiated:

- Communication with the Retirement Board and Pension Gold software provider to program the changes to the system.
- Communication with the Retirement Board and Cheiron to approve a phased-in approach to lessen the financial impact to the employer and employee contribution rates in order to implement the GASB changes.

## Retirement Systems Revenue Summary

Retirement Systems receives revenue from the General Fund. General City Sales Tax, Primary Property Taxes, State Shared Revenues and other General Fund department revenue are used to support all General Funded departments.

## **Inventory of Programs Status Overview Aviation Department**

### Enhancements:

- Stage 1 of the PHX Sky Train began passenger service on April 8, 2013. The train provides quick and efficient transportation between METRO Light Rail, East Economy parking, and Terminal 4.
- The Airport began a pilot program offering passengers the option to check bags and obtain boarding passes at the East Economy Garage and at the 44<sup>th</sup> Street Station.
- In anticipation of Terminal 2's future closure, plans are progressing to add Terminal 2's gate capacity into Terminal 3, and to modernize the Terminal 3 facility and accommodate future growth. A Design-Build contractor has been selected to begin design development, with phased construction occurring over the next few years.
- Terminal 4 is mid-way through a food and beverage renovation that includes more than 40 new restaurants on both sides of the security checkpoints. The new food and beverage program is expected to improve customer service and produce higher sales and more revenue for the city.

### Priorities:

- The Phoenix Airport system generates a total economic impact of \$28.7 billion annually with 43,090 airport jobs. Top priorities are safety, security and customer service.
- An extension of the PHX Sky Train to Terminal 3 with a walkway to Terminal 2 (Stage 1a) is the airport's top ground transportation priority.
- Preparing Terminal 3 to accommodate long term growth with modern passenger amenities is the airport's top terminal priority.
- Growth of international air service remains a top priority at PHX Sky Harbor.

### Challenges:

- The implications of a potential merger involving US Airways and American Airlines
- A sluggish national economy continues to contribute to flat passenger growth
- Providing for the capital needs of the airport with flat-to-modest growth and a static Passenger Facility Charge (PFC)

### Strategic Overview:

To address these challenges and priorities, the Aviation Department has initiated:

- A new strategic plan that complements the City's Visions and Values and translates to every Aviation employee's performance goals
- Regular pro forma updates to ensure proper measures to maintain financial metrics.
- Ambitious air service development plans to monitor airline industry trends, maintain current airlines, and attract new international service.
- Strategic facility planning in the event of a merger/acquisition, to minimize operational disruption and financial impact.
- A comprehensive plan of finance for the closure of Terminal 2 and phased redevelopment of Terminal 3

## Aviation Revenue Summary

The Aviation Department receives revenue from the Aviation Enterprise Fund. Costs are fully recovered through user fees associated with the provision of Aviation services.

## **Phoenix Convention Center Department Inventory of Programs Status Overview, January 2014**

### Enhancements:

- Launched new, easier-to-navigate website and activated social media sites to increase public awareness, community involvement and client interaction.
- Reviewed and updated Department ordinance to achieve greater clarity and consistency in booking policies and to align with current market realities.
- Through rightsourcing and Innovation and Efficiency (I&E) efforts, we have improved our financial outlook through 2020. We maintained minimum staffing levels, reducing authorized FTE positions 6% (from 252 to 238), and I&E-related salary savings exceed \$333,000. We continue to evaluate further opportunities for rightsourcing and efficiency.

### Priorities (FY 2014-15):

- Implement results-oriented strategic plan that defines the Department's mission and vision and communicates our strategic goals and performance measures to employees and other stakeholders.
- Update customer service training and deliver to all staff to enhance overall customer satisfaction and foster repeat business.
- Develop a Department dashboard with key performance indicators to provide greater transparency and challenge employees to overachieve.

### Challenges (FY 2014-15):

- The economy has reshaped the behaviors of meeting planners (e.g., shorter booking window, greater price sensitivity, increased requests for free rent and services such as internet, and more frequent use of teleconferencing). Also due to the economy, first-tier destinations are aggressively competing for second-tier business and offering deeper incentives.
- In addition to the economy, a variety of other forces (such as cutbacks in convention and travel spending by government and corporations) will continue to compress bookings for some time.
- Nearly one-third of Department staff are eligible to retire within five years. These potential departures could lead to loss of in-house expertise and diminished quality of service delivery.

### Strategic Overview:

To address these priorities and challenges, the Department has initiated efforts to:

- implement an actionable, results-driven strategic plan,
- create a workforce development plan to ensure knowledge transfer from retirees,
- streamline client event settlement to be more business-friendly,
- conduct a pricing and services analysis of competing convention centers,
- partner with the Greater Phoenix Convention and Visitors Bureau and downtown hotels to develop strategies to attract new business and increase bookings, and
- create a Department dashboard that communicates our goals and performance.

## Phoenix Convention Center Revenue Summary

The Phoenix Convention Center receives revenue from the General Fund, Special Revenue Funds and Enterprise Funds. The revenues reported in the General Fund are not intended to fully recover all costs. Costs are also recovered through user fees associated with the provision of Convention Center services and from earmarked sales taxes. Other revenue sources allocated to the Phoenix Convention Center are for reimbursement of administration expenses from the Downtown Phoenix Hotel.

Phoenix Convention Center Ambassadors are a group of friendly volunteers whose mission is to make guests' experience at the Convention Center easier and more enjoyable. Ambassadors serve all areas of the Convention Center by providing directions, information and friendly assistance. They are a welcoming presence to visitors.

**Theatre Ambassadors**

Volunteers serve as ushers and hosts at the Phoenix Symphony Hall and Orpheum Theatre. They are the most visible reflection of service during events and are relied upon to be courteous, friendly, knowledgeable and helpful to the clients and patrons. Volunteer ushers positively impact the experience of the patrons of the arts groups that utilize these facilities. Volunteers also work as trained docents at Orpheum Theatre to conduct complimentary guided tours.

## City of Phoenix Inventory of Programs

**Department:** Public Works

**Strategic Plan Area:** Sustainability\*

**Program Name:** SW03-Bulk Trash Collection

**Program Description:**

Bulk trash collection service is offered to residents for the purposes of disposing of large household items such as furniture and mattresses, in addition to large amounts of vegetation. These items typically are not suitable to be placed in residential garbage or recycling containers for weekly collection. Bulk trash collection is provided each quarter on an advertised 13-week schedule for Phoenix residents. The purpose of this program is to provide consistent removal of waste that otherwise might create an eyesore in neighborhoods and helps prevent vector problems.

**Program Name:** SW04-Education and Enforcement

**Program Description:**

This program addresses collection problem resolutions, service and billing issues, garbage misses, code enforcement and required regulatory functions, which include vector checks required by the State and County, recycling contamination checks, bulk trash enforcement of legal put out and illegal dumping. The goal is to respond to all service requests within 24 hours. Specialists respond to service requests from citizens, Mayor and City Council offices, Police, and other departments concerning solid waste issues from commercial to residential. Service requests often involve neighborhood blight and social issues that require multi-department resources.

**Program Name:** SW06-Customer Care and Billing (CC&B)

**Program Description:**

This program consists of the CC&B, AVL, GIS, and application development. CC&B is the billing system for approximately 399,000 residents. This is the system of records for solid waste fees. AVL is auto vehicle locator and is the route optimization tool for collection services. GIS is the Geographical Information System utilized for special components of the operations. GIS brings together routing, quarter sections, armature pings, and residential information for collection optimization. The application development creates new applications to support the systems used to streamline the solid waste collection and business processes.

**Program Name:** SW09-Transfer Stations (Includes Environmental)

**Program Description:**

The 27th Avenue and North Gateway Transfer Stations operate six days a week and accepts approximately 2,300-2,900 tons collectively per day of solid waste, excluding recyclables. The scale clerks at the two sites process an average of 1,445 customer transactions each day. Solid waste is collected from City of Phoenix collection vehicles, residents and commercial customers, then it is loaded onto large semi-truck tractors that haul this refuse to the City's active landfill in Buckeye, Arizona. These facilities also provide a self-haul drop-off area, diversion programs and conduct Public Education tours. The Transfer Stations will implement increased diversion programs over the next five years to meet the mayor's 40% diversion goal by 2020. Diversion is currently at 22%

## City of Phoenix Inventory of Programs

**Department:** Solid Waste

**Strategic Plan Area:** Infrastructure\*

**Program Name:** SW10-Long Haul

**Program Description:**

This program provides contract hauling of municipal solid waste to SR85 Landfill, the City's active landfill located in Buckeye, Arizona. City of Phoenix Equipment Operators load and compact approximately 900,000 to 1,000,000 tons of solid waste into large semi-trucks at the two transfer station locations. The trailers are then covered with a tarp and driven to the landfill by a contracted hauler, where the solid waste is properly buried and disposed by City of Phoenix Landfill Equipment Operators. The costs specified are all contract hauling cost and the contract per ton hauling cost is adjusted quarterly for CPI increases.

**Program Name:** SW11-Open Landfill (Includes Environmental)

**Program Description:**

The SR85 Landfill, located in the town of Buckeye, serves all of the city of Phoenix 's disposal needs. This landfill accepts solid waste from all City of Phoenix residents, transfer station commercial customers, and other City departments. Under an intergovernmental agreement (IGA), tonnage is also received from the towns of Buckeye Gila Bend and mutually agreed upon third parties. Of the 2,600 acre site, 300 acres are permitted for landfill operations and permitted acreage is expected to serve the City for approximately 30 years. The landfill is critical for providing a safe and environmentally sound final disposition for municipal solid waste.

## City of Phoenix Inventory of Programs

**Department:** Solid Waste

**Strategic Plan Area:** Sustainability\*

**Program Name:** SW13-Materials Recycling Facilities (MRFs)

**Program Description:**

MRF operations involve direct oversight of operations and revenue recovery. Includes fees paid to contractors to sort and market recyclable materials as well as recyclable commodity revenue share paid to other cities for delivery of recyclable materials to the City of Phoenix MRF. Other Waste Diversion Programs include green organics, tires, electronics, appliances, metals, and batteries. Diverted material impacts are revenues generated, reduction in hauling costs, and reduction in landfill air space - prolonging landfill use. Some of this diverted material is required by law to be removed from the waste stream.

**Program Name:** SW15-Green Organics

**Program Description:**

The Green Organics Program is part of the Solid Waste Division's Diversion Programs and is intended to decrease material hauled and buried at the city's landfill, saving hauling costs and landfill air space. This material is collected in a segregated area of the 27th Avenue and North Gateway Transfer Stations where it is mulched and removed for further processing by a contracted on-site vendor. In FY10-11, 25,000 tons of Green Organics were diverted. This amount increased in FY11-12 to 29,000 tons and again in FY12-13 to 47,738 tons.

# WATER SERVICES

## Department Goal

The Water Services Department is responsible for the Water and Wastewater Programs. The Water Program provides a safe and adequate domestic water supply to all residents in the Phoenix water service area. The Wastewater Program assists in providing a clean, healthy environment through the effective management of all water borne wastes generated within the Phoenix drainage area.

## Water Service Department Inventory of Programs Status FY14-15 Overview

### **Enhancements:**

- Due to an unfavorable audit, additional controls in the customer billing section were implemented to protect revenue and customer information.
- Altered the meter-read schedule from a one-day to a three-day event to reduce overtime. A three-day read window allows for problematic reads and errors to be handled the next day with regular staff time so that overtime is avoided. Revised the O&M Technician training program to reduce overtime pay and training costs.
- Technology enhancements for the utility billing phone system, and remote terminal controllers. The upgraded systems will protect revenue and enhance water distribution system efficiency by replacing vulnerable systems.

### **Priorities:**

- Reliable infrastructure. Review investment levels and priorities for aging pipelines. Continue implementation of the computerized asset management system to create a listing of critical infrastructure and preventative maintenance schedules to enable improved infrastructure failure prediction.
- Upgrade customer information and billing system software to enhance Web self-service, streamline account adjustment procedures, and reduce call-wait times.
- Business Plan development. Analyze strengths and weaknesses and prioritize strategic initiatives in alignment with the nationally-recognized Effective Utility Management framework. List relevant objectives for the next three years and align employee expectations and capital and O&M budgets to these initiatives.
- Finalize the study regarding capacity in the major sewer interceptors that serve 91<sup>st</sup> Avenue Wastewater Treatment Plant. Work with partner cities to finalize the new Joint Exercise of Powers Agreement that will govern the 91<sup>st</sup> Ave WWTP.

### **Challenges:**

- Phoenix needs to engage in conversations with stakeholders about the potential of drought on the Colorado River and its impact as a cost driver to the department. While Phoenix has ample Colorado River water to ensure continued deliveries, economic development, and quality-of-life over the next twenty years even under shortage conditions, the cost of the water could increase.
- While water revenues are currently stable and healthy, over 90% of the rate revenue earned in the water utility is dependent on consumption-based charges. Phoenix needs to conduct a review of rate revenues to determine whether future changes to rate structures that stabilize revenue streams would be appropriate.

### **Strategic Overview:**

- Continue improvement in the Customer Services Division,
- Optimize investment in aging infrastructure, and
- Align resources to new Business Plan.

## Water Services Revenue Summary

The Water Services Department receives revenue from the Water and Wastewater Enterprise Funds and Special Revenue Funds. Costs are recovered through user fees associated with the provision of Water and Wastewater services. Other revenue sources allocated to the Water Services Department are Grants.

**Water Steward**

The City of Phoenix Water Conservation Office uses fun, educational, hands-on activities to teach our youth about our water resources, protecting our water supplies, and why water is important to us. Through guided activities, volunteers will lead youth in Phoenix after school programs, facilitating four different activities which demonstrate how water moves from their original sources to our homes.

**Water Customer Service**

Volunteers make customers visiting the Payment Center have a more enjoyable experience by greating and directing them to the appropriate service line based on the type of payment to be made.

**Water Emissary**

Water Services Emissary Volunteers help educate the public on water supplies, ways to be more efficient when we use water, and how to take care of the water supplies we have. Volunteers work with staff in Water Conservation special event booths that are set up during Citywide events and fairs.

**Water Services Phone Survey**

Volunteers help the Water Services Department in evaluating customer interaction with the public by conducting phone surveys with Water customers. Ultimately, feedback from these surveys will be used to improve customer service.

## City of Phoenix Inventory of Programs

**Department:** Water Services

**Strategic Plan Area:** Sustainability\*

**Program Name:** Stormwater Regulatory Compliance

**Program Description:**

The City of Phoenix operates a Municipal Separate Storm Sewer System (MS4), under a permit from the Arizona Department of Environmental Quality (ADEQ). The permit allows the City to discharge stormwater to Waters of the US, while mandating specific administrative and operational requirements. The Stormwater Management Section is responsible for compliance with the MS4 permit by reducing the amount of pollution entering the storm drain system through public education and outreach, inspections of industrial and commercial facilities, investigation of potential illicit discharges, and enforcement of the local stormwater ordinance.

Performance Measures	2013-14 Budget	2014-15 Prel. Budget
Number of inspections of industrial facilities for compliance per MS4 permit.	450	450
Number of inspected stormwater outfalls for signs of illicit discharge, per the MS4 permit.	125	125
