INTRODUCTION

The Phoenix Office of Arts and Culture (POAC) is a local and national leader in the public art field and has garnered numerous awards for design excellence, including Design for Transportation Awards from the U.S. Department of Transportation and Public Art Network Year in Review Awards from Americans for the Arts.

Established in 1986, the Public Art Program works with local, national, and international artists to create a more beautiful and vibrant city. By ordinance, one percent of the Capital Improvement Program is allocated to enhance the design of public buildings, infrastructure, and spaces within the City of Phoenix. Since its inception, the program has completed more than 250 major projects, including airport terminals, community centers, streetscapes, parks, canals, transit centers, bridges, underpasses, recycling centers, and public safety buildings.

A competitive procurement process identifies artists for public art projects. The process utilizes a selection panel comprising of art and design professionals, project stakeholders, and community representatives relevant to the project's location. City staff and project team members often serve as non-voting advisors to the panel. Panelists are responsible for reviewing applications submitted in response to a Call to Artists, interviewing finalists, and making recommendations to the Arts and Culture Commission, a volunteer citizen advisory board appointed by the City Council. The quality of work, suitability for the project, and the ability to work well with the community and other design professionals influence the selection panel's final recommendations. The Phoenix City Council approves the final recommendation before the contract is executed and artists begin work.

THE PHOENIX OFFICE OF ARTS AND CULTURE IS THE CITY'S DESIGNATED LOCAL ARTS AGENCY. IT CHAMPIONS, PROMOTES, AND SUPPORTS THE LOCAL ARTS AND CULTURE COMMUNITY, MAKING PHOENIX A GREAT PLACE TO LIVE, WORK, AND VISIT.

PHOENIX OFFICE OF ARTS AND CULTURE

ABOUT THE PLAN

The Phoenix Office of Arts and Culture develops the Public Art Plan annually with input and assistance from the Mayor and City Council, residents, artists, city departments that provide public art project funding, and the Arts and Culture Commission. The timing of the plan coincides with the annual Capital Improvement Program, budgeted per fiscal year (for example, FY 2025-2026 = July 1, 2025 – June 30, 2026). The plan outlines several project types, including design team projects, permanent commissions, purchases of existing artwork, temporary commissions, art refurbishment and retrofits, and master planning.

PUBLIC ART PLAN

GOALS

Public art projects within the FY 2025 – 2030 Public Art Plan are prioritized based on opportunities to integrate artwork into individual Capital Improvement Program projects and their potential impact on the neighborhood and the broader arts community. These decisions are made in collaboration with funding departments and City Council offices. Under these parameters, the FY 2025 – 2030 Public Art Plan focuses on the equitable distribution of funds, as permitted by the percent-for-art ordinance, and the diversification of the public art collection by broadening the types of project opportunities and continuing outreach to new artists and arts organizations. This year, only a few new projects were added due to the City’s focus on General Obligation Bond projects (previously included in the plan) and the addition of grant-funded projects.

Additionally, POAC strives to develop project opportunities and program policies that align with strategic goals outlined in several long-range planning documents, such as the Climate Action Plan and the Shade and Tree Master Plan. Some of these efforts are realized through the FY 2025 – 2030 Public Art Plan, including promoting the use of sustainable materials and sourcing methods for commissioned artists and proactively seeking community input on project opportunities. As the FY 2025 – 2030 Public Art Plan is implemented, POAC will continue integrating these important citywide goals.

SOLANO PARK

PIPE DREAMS BY
HADDAD DRUGAN

**LOCATED AT 5625 N 17TH AVE, PHOENIX, AZ 85015
COUNCIL DISTRICT 4**

Artists Tom Drugan and Laura Haddad were contracted to create artwork for Solano Park, with a particular focus on the skate park. The artwork, titled Pipe Dreams, was designed in partnership with the Parks Department, the local skate community, and area residents. It references a late 1970s skate spot known as the “Desert Pipes,” a series of large concrete pipe sections temporarily stockpiled in the desert. The artwork includes three steel pipes, with the outer pipes being skateable. This project was dedicated in November 2024.

PERRY PARK

MOON DANCE BY LISA BERNAL BRETHOUR

**LOCATED AT 2700 N 32ND ST, PHOENIX, AZ 85008
COUNCIL DISTRICT 8**

This artwork by Lisa Bernal Brethour depicts a modern “tortoise and the hare” story with nine lithomosaics scattered throughout the park. At the center of the park, a lithomosaic labyrinth featuring a night-blooming cereus desert flower encourages visitors to move like a bee into the center of the flower. In the skate plaza, pictured above, a trompe l’oeil lithomosaic depicts a canyon for skaters to jump, complementing other obstacles in the plaza. Also at the skate plaza are seven vertical shade panels that provide much needed respite for skaters. This project was dedicated in April 5 2025.

305 W WASHINGTON

THE CREEK CARVES A PATH BY ARIANA ENRIQUEZ

**LOCATED AT 305 W. WASHINGTON ST. PHOENIX, AZ 85003
COUNCIL DISTRICT 7**

Artist Ariana Enriquez completed an interior mural for the utility payment center lobby at 305 West Washington Street. The mural embodies the calm characteristics of water by using a cool color palette of blues, greens, and violets. The foreground is abundant with botanicals, birds, and butterflies that are native to Arizona.

HIV/AIDS AWARENESS MURAL

**LOCATED AT 1101 N CENTRAL AVE, PHOENIX, AZ 85004
COUNCIL DISTRICT 7**

Mayor Kate Gallego, in partnership with the Phoenix Office of Arts and Culture, Southwest Center, One N Ten, and Aunt Rita's Foundation, and with support from Artlink Inc., commissioned a mural for the south wall of the Parsons Center for Health and Wellness, located in central Phoenix.

The goal of this project was to raise awareness about HIV prevention, testing, and treatment, inspire community engagement, and reduce stigma around HIV. It serves as a visual, public reminder of the importance of proactive health measures and support for those affected by HIV, encouraging people to take action through education, testing, and advocacy while enhancing the experience of those seeking health, wellness, and community services from the organizations located at the property.

SIDEWALK SHADE

ISAAC CARUSO, HEIDI DAUPHIN, AND SARA ALTIERI

**LOCATED CITY-WIDE
(PARTIAL COMPLETION)**

Providing shade for pedestrians and bicyclists can improve public health and the economic vitality of communities. The City will construct 19 shade structures in high-traffic public rights-of-way at major intersections and crosswalks where people must wait for signal changes. Three local artists, Isaac Caruso, Heidi Dauphin, and Sara Altieri, were hired to contribute aesthetic designs to the canopies. The Office of Heat Response and Mitigation, the Street Transportation Department, and the Phoenix Office of Arts and Culture are working in partnership to complete this project by spring 2026.

NATURE FEST PHX

PACHAMAMA BY MARTIN MORENO

**TEMPORARILY LOCATED AT THE RIO
SALADO HABITAT RESTORATION AREA
DISTRICT 8**

In partnership with the Office of Environmental Programs and the Parks and Recreation Department, artist Martin Moreno was commissioned to create an interactive artwork for Nature Fest PHX, located at the Rio Salado Habitat Restoration Area. The temporary interactive sculpture, Pachamama, was featured as part of the annual event that celebrates urban green spaces, wildlife, and community. Throughout the event, Martin guided attendees in painting the sculpture honoring mother earth and her habitat around the Rio Salado (Salt River).

DESERT SPRING

**ROSARIO MARQUARDT AND ROBERTO BEHAR, 2013
COUNCIL DISTRICT 2**

Desert Spring was damaged by a vehicle crash in 2023. Several linear feet of damage occurred to the mosaic glass tiles incorporated into bridges along Desert Sonoran Boulevard. Pedestrians and bicyclists using the sidewalk can appreciate the intricate design of desert flora created by artist team R & R Studios. Repairs were completed in February 2025.

OUR SHARED ENVIRON- MENT

**MARILYN ZWAK, 1990
COUNCIL DISTRICT 4**

Specialists experienced with the building material adobe completed extensive renovations of Our Shared Environment by Marilyn Zwak. Several issues were addressed, including water damage, cracking, and soot from vehicle exhaust. The wall treatments are located at the intersection of SR51 and Thomas Road. The 3-year project was completed in April 2025.

RIVER OF SHADE

**STACY LEVY, 2010
COUNCIL DISTRICT 8**

This artwork, located at Harmon Park, was created in 2010 and required several repairs. Artist Stacy Levy designed paths embedded with colorful glass, invoking the flow of water, that are integrated into the design of the park. The project repaired cracked and uneven pavement and replaced worn areas of the embedded glass.

US WATER PRIZE

OUTSTANDING ARTIST
BOBBY ZOKAITES

**LOCATED AT 7304 W. CRITTENDEN LN
A TIME MACHINE CALLED TINAJA, 2020**

Nominated by the Water Services Department, artist Bobby Zokaites was selected as a winner of the 2025 US Water Prize in the Outstanding Artist category. According to the US Water Alliance, Bobby has “gone above and beyond in terms of One Water solutions.” The award will be publicized at their annual conference, One Water Summit, in July 2025.

PUBLIC ART CHALLENGE

BLOOMBERG PHILANTHROPIES

In October 2023, Bloomberg Philanthropies selected Phoenix as one of eight winners of its prestigious Public Art Challenge. This unique program supports temporary public art projects that address important local civic issues in cities nationwide. Phoenix's project, ¡Sombra! Experiments in Shade, received \$1,000,000 to commission nine artists to create shading and cooling installations in response to extreme urban heat.

These temporary projects were installed at parks across Phoenix in spring 2025 and will be on view through Fall 2025. The project will conclude with a celebration at Memorial Hall at Steele Indian School Park on September 20.

The Rio Reimagined Project is a vision to revitalize the Rio Salado (Salt River), Aqua Fria, and Gila Rivers, and the region by transforming over 45 miles of the river stretching from the Salt River Pima Maricopa Indian Community at the eastern most boundary to the City of Buckeye to the west and encompassing more than 78,000 acres. Artists will be selected at several phases of the project to engage the community and design permanent and temporary artwork to enhance the visitor experience. This project is in the planning phase.

MULTI-YEAR INITIATIVES

FY 2025 - 2030

COMPLETING THE FOLLOWING PROJECTS REQUIRES SIGNIFICANT FUNDING RESOURCES OVER THE NEXT FIVE FISCAL YEARS. FUNDING FOR THE PLANNING AND IMPLEMENTATION OF THESE PROJECTS IS INCLUDED IN THE FY 2025-2030 PUBLIC ART PLAN. FUNDING OF ALL PROJECTS IS SUBJECT TO CITY COUNCIL APPROVAL THROUGH FUTURE PLANS.

General Obligation Bond Program

On November 7, 2023 Phoenix voters passed the City Council approved \$500 million General Obligation (GO) Bond Program. GO Bond programs help to fund critical infrastructure and rehabilitation needs of City facilities such as parks, libraries, fire and police stations, affordable housing, streets, and storm drains. Approved projects are prioritized and allocated over the five-year period of fiscal year 2024 - 2025 to fiscal year 2028 - 2029 and included in the Capital Improvement Program approved by City Council in March 2024. Each of the four proposition includes a percent-for-art calculation which must be spent on projects in each proposition. A breakdown of the public art projects is in the next section.

Artist Initiatives

On-going temporary installations provide crucial professional development opportunities for emerging artists and those new to public art. Temporary installations can also activate underutilized spaces and provide neighborhoods with new ways to engage with artists. This program is guided by the Temporary Art Guidelines.

Collaborative Neighborhood Projects

Artists will be selected to work directly with neighborhood and business associations, such as the HUB (Hatcher Urban Businesses) and the Bell Road Business Alliance, to enhance parks, business corridors, and other community amenities. These enhancements foster community collaboration and external partnerships that expand the reach of the public art program.

Community Water Facilities Improvements

Over the years, multiple artists have been contracted to work with the community and the Water Services Department to improve the security and appearance of community water facilities citywide, including well sites and lift stations.

Phoenix Sky Harbor International Airport

Phoenix Sky Harbor International Airport's new terminal modernizations represent the City's most significant opportunity to reach the widest public with integrated public art and design. PSHIA handles more than 40 million passengers annually. Phoenix Office of

Arts and Culture staff continue to work with Aviation staff and its design teams to carry out a comprehensive plan to integrate significant art and design to enhance travelers' experience. Projects will be implemented in step with the airport modernization phases.

Public Works Recycling and Sustainability Initiative

The Phoenix Office of Arts and Culture has worked with the Public Works Department since 1990 to involve artists in the design of innovative recycling centers, and in building awareness of the need for recycling and sustainable resource management. Artists will be contracted to create artworks that expand awareness about recycling and sustainable resource management by introducing new ways to reuse materials and bolster City efforts to increase recycling citywide.

Rio Reimagined

Rio Reimagined is the Valley's most impactful green infrastructure project in a century. Rio Salado, or the Salt River, is a historically significant and underutilized natural resource reimagined as a unifying public space. A creative and collective effort is underway to integrate priorities of public open space, environmental quality, housing, transportation, economic and workforce development, community sustainability, and resilience. Phoenix Office of Arts and Culture staff continues to work with the Planning Department to identify and integrate permanent and temporary public art opportunities.

Shade, Cooling, and Heat Mitigation

Artists will be contracted to work with the community and various City departments to enhance the pedestrian experience by increasing shade options and improving shaded connectivity. The enhancements will be coordinated with City efforts to reduce the impact of urban heat and improve mobility citywide through initiatives like Cool Corridors. The initiative also includes supporting funds for the Bloomberg Philanthropies Public Art Challenge grant.

Tres Rios Wetlands

Adam Kuby has been selected to work with City departments, consultants, and the community to create significant environmental recreation and education opportunities at Tres Rios Wetlands. This project is part of this multi-year effort to improve the seven-mile, 1,500-acre wetland at the confluence of the Salt and Gila Rivers in southwestern Phoenix.
