Bo, representing SSP America as a line cook, provided public comment on how the changes to the employee parking program has affected him. He stated that prior to the changes the lot he uses would be empty when starting his shift at 5:00 A.M., now it is full. He continued by contrasting his experience with that of co-workers' who park during the day. He says they are having to either wait for parking spots to become available or are avoiding the parking altogether. Herbert Osoy representing Unite Here, Local 11 provided public comment. Mr. Osoy began by stating that he's worked for Sky Chef for ten years. He continued by stating that Sky Chef recently instituted a new single operator protocol for their food delivery trucks. He stated that this new protocol was adopted despite the death of a co-worker in 2024. He stated that an after incident OSHA report stated that the working environment was dangerous, and this was brought up to Sky Chef on multiple occasions. He concluded by requesting that the Board implement standards for Sky Chef that prioritize worker's safety above time quotas for delivery.	Call to the Public	Chairperson Musa
