**Suspect:** Adult Male

## Fatal Collision

On March 2, 2026, around 9:50 p.m., officers responded to the area 24<sup>th</sup> Avenue and Glenrosa Avenue regarding a collision involving a pedestrian. When officers arrived, they located the adult male pedestrian, identified as 60-year-old David Mills, with serious injuries. Mills was transported to a nearby hospital where he did not survive his injuries and was pronounced deceased. The vehicle involved in the collision remained at the location as did the adult male driver.

Detectives responded to take over the investigation. The preliminary investigation indicates that Mills was at the back of his vehicle, which was legally parked on the southside of Glenrosa Avenue when he was struck from behind by the other vehicle involved. The vehicle that hit him was traveling eastbound on Glenrosa Avenue at the time of the collision. The driver of the involved vehicle showed signs of impairment and was processed for DUI. Charging decisions regarding this case will be made once the toxicology results are available and the collision reconstruction process is complete. Additional details about the collision remain part of the ongoing investigation.
