## **Pedestrian Killed in Fatal Collision with Motorcycle**

(November 30, 2024) Detectives investigate a fatal collision involving a pedestrian and a motorcycle driver that happened last night in east Phoenix.

Patrol officers responded to the area of 50<sup>th</sup> Street and McDowell Road just after 6:00 p.m. Friday night after being called to a collision involving a motorcycle rider and a pedestrian. As officers and fire crew arrived on scene, they found an adult male victim suffering from critical injuries. The man, later identified as 36-year-old Edroy McCormick, was taken to a local hospital where he died as a result of his injuries.

Detectives responded to the scene and learned McCormick was crossing McDowell Road outside any marked cross walks when he was struck by a west passing motorcycle. The driver of the motorcycle initially left the area and came back while detectives were investigating. Detectives determined impairment was not a factor with the motorcycle driver during the investigation. No arrest has been made at this time; future charges may be made once detectives complete their full investigation.

Further information concerning this fatal collision is still under investigation.
