

Neighborhood Notification: Bicycle Improvements on 25th Street from Chandler Boulevard to Thunderhill Place

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

About the Changes

Where: 25th Street from Chandler Boulevard to Thunderhill Place

What: Where there is enough space on the roadway, bike lanes will be added. The number of travel lanes will remain the same. The project removes parking from the east side of the street from back facing homes divided from the street by a wall.

When: Traffic lane improvements are planned for Winter 2027.

Why: Bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the bike lanes will help to guide cars and deter speeding.

What will the Project Look Like?

CHANDLER BOULEVARD TO THUNDERHILL PLACE

Current Travel Lanes
(Parking allowed, both sides)

Proposed Travel Lanes
(Parking allowed, west side)
