

## Neighborhood Notification: Bicycle Improvements on 65th Place / Montreal Place from Greenway Parkway to 68th Street

As part of the Street Transportation Department’s core mission, we strive to improve the City’s roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

### About the Changes

**Where:** 65th PI / Montreal Place from Greenway Parkway to 68th Street

**What:** Where there is enough space on the roadway, buffers will be added to existing bike lanes. The number of travel lanes will remain the same. No parking will be removed.

**When:** Pavement maintenance (new asphalt) is planned for Spring 2026 and traffic lane improvements will happen shortly after.

**Why:** Buffered bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. The slight narrowing of the lane widths to accommodate the buffered bike lanes will help to guide cars and deter speeding.

### What will the Project Look Like?

**CURRENT Travel Lanes on 65th PI / Montreal PI from Greenway Pkwy to 66th St**

**CURRENT Travel Lanes on 65th PI / Montreal PI from 66th St to West of Cul-de-sac**

**CURRENT Travel Lanes on 65th PI / Montreal PI from West of Cul-de-Sac to 68th St**

**PROPOSED Travel Lanes on 65th PI / Montreal PI Greenway Pkwy to 66th St**

**PROPOSED Travel Lanes on 65th PI / Montreal PI from 66th St to 68th St**
