

## **Phoenix City Council Considering Parking Meters at Mountain Parks**

**I strongly oppose, as I did two years ago, any measure to install parking meters in our parks.** It is my belief that we should encourage, rather than impede use of our parks.

A proposed measure to install parking meters at Phoenix Mountain Parks including Echo Canyon, Piestewa Peak, Papago Park, and South Mountain will come before the Phoenix City Council in the coming weeks.

**If this measure passes, it could cost an avid park user \$1,500 per year in parking fees to enjoy a park that your taxes already fund.**

Please e-mail or call my office to register your opinion regarding this measure. I look forward to your comments and will continue to fight to make sure this unnecessary measure does not become reality.

I encourage you to pass this information on to any other park visitors you know so that their voice can be heard too.

Sal DiCiccio  
City Council District 6
