

VICE MAYOR ANSARI'S CLIMATE RECORD:

PEOPLE-CENTERED POLICY

PASSED PHOENIX'S FIRST CLIMATE ACTION PLAN:

2030: Transitioning city operations' electrical use to carbon neutral

2030: Implement Tree and Shade Master Plan

2050: Zero Waste City

2050: Build a network of 200 "cool corridors"

2050: Carbon neutral city-wide

CHAired PHOENIX'S ELECTRIC VEHICLE AD HOC COMMITTEE

PASSED THE TRANSPORTATION ELECTRIFICATION ACTION PLAN (TEAP)

Following the Justice40 framework, this plan outlines steps to prepare for 280,000 electric vehicles through infrastructure, implementation, and outreach!

ESTABLISHED PHOENIX'S NEW OFFICE OF HEAT RESPONSE AND MITIGATION:

This is the world's first publicly funded office to provide essential heat relief and combat rising temperatures, with goals including:

- ⚡ Achieve neighborhood tree equity and 25% city-wide tree canopy coverage by 2030
- ⚡ Leading outreach to provide cooling supplies and access to heat relief shelters

PASSED BUS FLEET TRANSITION PLAN FOR 100% ZERO-EMISSION BUS FLEET BY 2040

Secured \$230 million for low- and zero-emission buses

Received \$16.3 million federal grant to pilot zero-emission buses

Entered into contract with State of Washington to expedite orders for low- and zero-emission buses
