

Phoenix College

Medical Lab Science

Laboratory Assisting

Histology

In the next two years, bioscience healthcare companies in Phoenix will be looking to fill around 7,000 new jobs. Your entrée to a career in the cutting edge world of precision medicine is through the doors at Phoenix College. Step into a career where you are making a difference in someone's life. From discovery to delivery, bioscience is a Phoenix economy core industry. Phoenix College puts you on that career track.

MEDICAL LAB SCIENCE

Medical Lab Technicians provide quality patient care in clinical, medical and bioscience labs. Phoenix college trains and educates students in three different career tracks:

- Associate's Degree
- Certificate of Completion
- Concurrent enrollment at Arizona State University

LABORATORY ASSISTING

Students perform pre-analytical processes, point-of-care testing, and support data collection and results. Successful graduates are educated and trained with a Certificate of Completion readying you to enter the workforce.

HISTOLOGY

Students in the histology program support researchers and pathologists by performing technically precise lab procedures meeting industry protocols. Phoenix College provides the training and education for either an Associate's Degree or a Certificate of Completion.
