CITY AUDITOR REPORT

To the Mayor and City Council,

We have conducted a limited review of the Finance Department's Monthly Financial Report (MFR). The City Charter requires a monthly, written report to the Council detailing expenditures, revenues, and the City's financial condition. The Finance Department is responsible for compiling an accurate and complete MFR.

Our review was conducted in accordance with the attestation standards established by Generally Accepted Government Auditing Standards (GAGAS). A review is substantially less in scope than an audit, the objective of which is the expression of an opinion. Accordingly, we do not express such an opinion. The focus of our review was for mathematical errors and material misstatements.

Based on our review, nothing came to our attention that caused us to believe that the accompanying Monthly Financial Report is not presented, in all material respects, in conformity with generally accepted financial management principles.

Sincerely,

Ren Jale

Ross Tate City Auditor

I ransportation expenditures include costs for public transit and street maintenance and repair. General Fund transportation expenditures for fiscal year 2017-18 are budgeted to increase 14.9% over fiscal year 2016-17 actuals. Reimbursements for AHUR eligible expenditures were not recorded in July 2017. Since the reimbursement for July 2016 was recorded in July, a year over year comparison is not useful.

General fund transportation expenditures decreased significantly in fiscal year 2015-16 from prior years due to the passage of proposition 104 which eliminated the need for approximately \$16 million in support for the transit fund from the general fund.

Local Sales Tax (Dollars in Thousands) Refer to detailed financial schedules pages 22 thru 34

Year to Date Performance Status

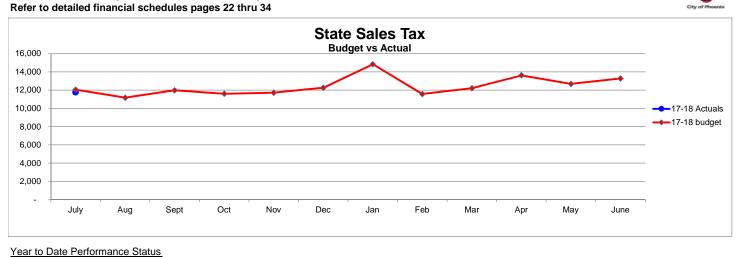

Monitor and Consider Taking Action

The fiscal year 2017-18 budget includes an increase of 4.0% in local sales tax revenues over fiscal year 2016-17 actuals. Beginning in January 2017, local sales tax returns and payments were no longer sent to the City, but were instead collected and processed by the State. This created a delay in the posting of sales taxes to the City. The delay is evident in the lower sales tax revenues for July 2017 as compared to July 2016. This is a timing difference and will be accounted for at fiscal year-end so that the total revenues for the fiscal year will reflect actual sales activity for the year, however, the delay in posting revenues will be evident in the year over year comparisons for this report until we have a complete year of collections by the State.

Fiscal year 2016-17 local sales tax revenues are 1.9% higher than the prior year. Fiscal year 2015-16 local sales tax revenues exceeded fiscal year 2014-15 revenues by 0.1%. Fiscal year 2014-15 local sales tax revenues exceeded fiscal year 2013-14 revenues by 0.4%.
