APPENDIX C

**CITY OF PHOENIX, ARIZONA
OBLIGATIONS PAYABLE FROM EXCISE TAXES**

The City of Phoenix Civic Improvement Corporation (the “*Corporation*”) issued bonds, (the “*2005A Bonds* and the “*2005B Bonds*”) to construct, expand, modify and improve the Phoenix Convention Center (the “*PCC*”) to create additional rentable convention space through the construction of a new four-level meeting facility on the symphony terrace site adjacent to the existing original PCC, replacing the existing north building of the PCC with a new four-level facility, and providing transitional improvements and structural renovations to the south building of the original PCC, (the “*PCC Project*”).

The Corporation assisted in the financing of the PCC Project by issuing its 2005A Bonds and 2005B Bonds (the 2005B Bonds are also referred to as the “*State Distribution Bonds*”) for such purpose and by entering into a loan agreement with the City of Phoenix (the “*City*”) related to each series of bonds. The 2005A Bonds funded the City's portion of the PCC Project and the debt service thereon will be paid from loan payments (the “*2005A Loan Payments*”) from the City to the Corporation pursuant to a loan agreement entered into between the Corporation as lender and the City as obligor. The 2005A Loan Payments are payable from and secured solely by the City's Excise Taxes (as defined and described below). The 2005A Bonds were refunded in calendar year 2015 with the 2015A Bonds.

The 2005B Bonds funded the State-backed portion of the PCC Project and the debt service thereon is expected to be paid primarily from loan payments (the “*2005B Loan Payments*”) from the City of Phoenix to the Corporation pursuant to a loan agreement entered into between the Corporation as lender and the City as obligor. **The 2005B Loan Payments will be paid from and secured solely by distributions (the “*State Distributions*”) the City receives pursuant to legislation passed in 2003 authorizing State funding of up to fifty percent for certain convention center developments in the State (the “*2003 Legislation*”).** The first State distribution was received on August 1, 2009 and payments continue to be made on time.

The following table shows City of Phoenix Civic Improvement Corporation State of Arizona Distribution Revenue obligations outstanding as of January 1, 2022:

**City of Phoenix Civic Improvement Corporation
State of Arizona Distribution Revenue Bonded Debt Outstanding**

Issue Date	Original Issuance	Purpose	Bonds Outstanding As of 1-1-22
10-06-05	\$275,362,351.75	Convention Center Expansion	\$251,498,879.55

On April 6, 2011, the Governor of the State of Arizona signed into law Senate Bill (SB) 1616 revising the annual amount of State Distributions to the City to pay debt service on the State Distribution Bonds. The revised schedule of State Distributions is sufficient to make loan payments when due and the City has agreed to make the loan payments required to pay debt service on the bonds when due from the State Distributions.

NOTE

At the time the 2005B Bonds were sold, the City pledged Excises Taxes for a temporary period prior to completion of the PCC Project. The ability of the City to make the required 2005B Loan Payments to pay debt service on the 2005B Bonds, when due, solely from the State Distributions was dependent upon timely completion of the PCC Project and on total non-City costs of the PCC Project being equal to \$300,000,000. If the completion of construction had been delayed and the City was not able to certify construction completion by July 31, 2009, all State Distributions would have been delayed with the result that State Distributions may not have been sufficient to permit the City to make the 2005B Loan Payments in full during certain years. Likewise, if the total costs of the PCC Project backed by State Distributions were less than \$300,000,000, under the 2003 Legislation, the State Distributions would have been reduced proportionately with the result that funds from the projected State Distributions would not have been sufficient to permit the City to make the loan payments. If either or both of these events were to have occurred, the City agreed in the 2005B Loan Agreement to advance the amount of any shortfall through additional loan payments (the “*Advance Payments*”). **To secure its obligation to make the Advance Payments, if needed, the City pledged its Excise Taxes. Since the PCC Project was certified complete by July 31, 2009 and PCC Project costs were \$300,000,000, the City's obligation to make the Additional Loan Payments was terminated.**

Although not pledged to the State of Arizona Distribution Revenue Bonds, the following describes the Excise Tax pledge and presents all outstanding Excise Tax obligations.

OUTSTANDING SENIOR OBLIGATIONS

As of January 1, 2022, there are presently outstanding \$350,000 of Senior Obligations.

The following issues of Senior Obligations are outstanding as of January 1, 2022:

<u>Issue Date</u>	<u>Original Issuance</u>	<u>Purpose</u>	<u>Obligations Outstanding as of 1-1-22</u>
06-07-11	\$ 27,530,000	Municipal Facilities	\$ 350,000
	\$ 27,530,000		\$ 350,000

OUTSTANDING JUNIOR OBLIGATIONS

There are currently no outstanding Junior Obligations.

OUTSTANDING SUBORDINATED JUNIOR OBLIGATIONS

The City also entered into leases with the City of Phoenix Civic Improvement Corporation to finance the acquisition of certain municipal facilities, consisting of real property and equipment. The Corporation issued bonds for payment of the acquisition costs, and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations, although there are currently no junior lien excise tax obligations outstanding.

The City entered into lease and leaseback agreements with the City of Phoenix Civic Improvement Corporation for the purpose of acquiring and constructing a downtown multipurpose arena. The Corporation issued bonds for the payment of the City's portion of land acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

The City entered into a leaseback agreement with the Phoenix Civic Plaza Building Corporation for the purpose of acquiring the site for and constructing and equipping a multi-level parking structure to serve the downtown area of the City. The Corporation issued bonds for the payment of acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations. These bonds have been refunded through the City of Phoenix Civic Improvement Corporation.

The City entered into a leaseback agreement with the City of Phoenix Civic Improvement Corporation for the purpose of financing the acquisition of certain real property as well as the construction of certain improvements to the City's solid waste system. The Corporation issued bonds for the payment of acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations. In keeping with the City's policy of maintaining the City's solid waste system as a self-supporting enterprise, solid waste revenues are used to pay the debt service on bonds issued by the Corporation for solid waste improvements.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation to finance a portion of the costs to construct, expand, modify, and improve the Phoenix Convention Center. The Corporation issued bonds to fund a portion of the costs of the Phoenix Convention Center expansion project and the City pledged its excise tax collections to make loan payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

On October 1, 2021, the City entered into trust and loan agreements with U.S. Bank National Association regarding the execution and delivery of Subordinated Excise Tax Revenue Obligations, Series 2021 and Subordinated Excise Tax Revenue Obligations, Series 2021(Taxable) (collectively, the *Obligations*) each of which were purchased by Truist Bank, a North Carolina Banking Corporation. The City issued bonds in order to finance the acquisition, construction, equipping, and improvement of real property for municipal services plus related financing costs. The City pledged its excise tax collections to make loan payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

The following issues of City of Phoenix Subordinated Junior Obligations are outstanding as of January 1, 2022:

**City of Phoenix Obligations
Subordinated Junior Lien Debt Outstanding**

<u>Issue Date</u>	<u>Original Issuance</u>	<u>Purpose</u>	<u>Bonds Outstanding as of 1-1-22</u>
10-01-21	\$ 42,000,000	Municipal Facilities Refunding	\$ 42,000,000
10-01-21	18,000,000	Municipal Facilities Refunding (Taxable)	18,000,000
	<u>\$60,000,000</u>		<u>\$60,000,000</u>

The following issues of City of Phoenix Civic Improvement Corporation Subordinated Junior Obligations are outstanding as of January 1, 2022:

**City of Phoenix Civic Improvement Corporation
Subordinated Junior Lien Debt Outstanding (1)**

<u>Issue Date</u>	<u>Original Issuance</u>	<u>Purpose</u>	<u>Obligations Outstanding as of 1-1-22</u>
06-21-12	\$ 17,510,000	Municipal Facilities Refunding	\$ 1,520,000
06-21-12	33,095,000	Municipal Facilities Refunding (Taxable)	1,620,000
05-12-15	319,305,000	Municipal Facilities Refunding (2)	283,800,000
05-12-15	60,895,000	Municipal Facilities Refunding (Taxable)	41,685,000
06-01-17	116,835,000	Municipal Facilities	66,865,000
06-01-17	101,895,000	Municipal Facilities Refunding (3)	65,905,000
06-01-17	15,680,000	Municipal Facilities Refunding (Taxable)	3,245,000
08-25-20	131,595,000	Municipal Facilities (4)	130,435,000
08-25-20	150,000,000	Municipal Facilities (Taxable)	145,725,000
08-25-20	116,685,000	Municipal Facilities Refunding (Taxable)	116,685,000
	<u>\$1,063,495,000</u>		<u>\$857,485,000</u>

- (1) Schedule does not include outstanding subordinated junior lien debt issued by the City of Phoenix. See previous page for a schedule of subordinated outstanding junior lien debt issued by the City of Phoenix.
- (2) Debt service requirements on \$27,380,000 of these obligations are supported by solid waste revenues.
- (3) Debt service requirements on \$11,615,000 of these obligations are supported by solid waste revenues.
- (4) Debt service requirements on \$30,000,000 of these obligations are supported by solid waste revenues.

The City has agreed not to further encumber the Excise Taxes on a parity with the payments under the leaseback agreements unless the Prior Excise Taxes are at least equal to the highest combined total of the following for any succeeding 12 months: (i) principal and interest requirements on the Senior Obligations and the Junior Obligations during such period, plus (ii) two times the principal and interest requirements for all Subordinated Junior Obligations including the Bonds and parity obligations then outstanding and proposed to be issued during such period. In computing the interest requirements on obligations which bear or are to bear interest at a variable interest rate, such interest requirements shall be assumed to be a fixed interest rate equal to the greater of: (1) 9.2% or (2) (a) if any variable rate obligations secured by a pledge of Excise Taxes are outstanding, the highest variable rate actually borne by such obligations over the previous 24 months, or (b) if no such variable rate obligations are outstanding, then the highest rate borne by variable rate obligations over the previous 24 months for which the interest rate is computed by reference to an index, or based on factors, comparable to that to be utilized for the proposed obligations.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation to finance a portion of the costs to construct, expand, modify and improve the Phoenix Convention Center to create additional rentable convention space (the "Convention Center Project"). The Corporation issued bonds (the "State Distribution Bonds") to fund a portion of the costs of the Convention Center Project. The source of revenue for the City's payment under the loan agreement is State distributions the City receives pursuant to legislation passed in 2003 authorizing up to fifty percent State funding for certain convention center developments in the State (the "2003 Legislation"). On April 6, 2011, the Governor of the State of Arizona signed into law Senate Bill (SB) 1616 revising the annual amount of State monies distributed to the City of Phoenix to pay debt service on the State Distribution Bonds. The revised schedule of State distributions will be sufficient to make loan payments when due and the City has agreed to make the loan payments required to pay debt service on the bonds when due from the State distributions. The State Distribution Bonds will be paid and secured solely by the State distribution under the 2003 Legislation. The first State distribution was received on August 1, 2009, and payments continue to be made on time.

The 2003 Legislation also requires the State Auditor General to conduct or contract for an economic and fiscal impact analysis of the Phoenix Convention Center expansion on State revenues beginning in its fifth year of operation after completion in January 2009. Under an amendment to the 2003 Legislation, beginning in 2014 and each year thereafter, if the Auditor General determines that the State has paid more in cumulative distributions than has been received in incremental revenue to the State general fund as a result of the Convention Center Project, the State can withhold State-Shared Sales Taxes from the next regularly scheduled distribution in an amount necessary to remedy the cumulative deficiency. The 2021 Economic and Fiscal Impact Analysis report released by the State Auditor General stated that from calendar year 2009 through calendar year 2020, the Phoenix Convention Center generated \$30.7 million more in incremental revenue to the State general fund than had been paid out in cumulative distributions. Assuming moderate levels of event demand and inflationary growth of visitor spending, the report projects the Phoenix Convention Center would continue to have a net positive impact on the State general fund, but the City is unable to predict at this time whether the State may pay more in cumulative distributions than it receives in incremental revenue as a result of the Convention Center Project or to what extent State-Shared Revenues may be withheld or what defenses the City may have to such action.

EXCISE TAXES AND COVERAGE

Excise Taxes in General

The Excise Taxes pledged to the payment of the 2005A Bonds and other Excise Tax pledged loan payments include the City's unrestricted revenues from transaction privilege (sales) taxes, use taxes, State-Shared Sales Taxes (as defined herein), State-Shared Income Taxes (as defined herein), franchise taxes, permits and fees and fines and forfeitures. **Excise Taxes are NOT pledged to the 2005B State Distribution Bonds.** The major categories of such revenues are discussed more fully below.

Potential for Reduction in State Shared Revenues

As shown in the tables under the caption "Actual Excise Tax Receipts," State-Shared Income Taxes and State-Shared Sales Taxes constitute the second and third largest components, respectively, of Excise Taxes. Although the State has not to date reduced or altered the existing formulas for determining State-shared Income Taxes and State-Shared Sales Taxes in connection with balancing the State budget, the State could take such actions in the future. The City cannot predict the likelihood or estimate the potential fiscal impact of any potential reductions by the State in the amount of State-Shared Income Taxes and State-Shared Sales Taxes distributed to the City.

City Transaction Privilege (Sales) Taxes

The City's transaction privilege (sales) tax is levied by the City upon persons on account of their business activities within the City. The amount of taxes due is calculated by applying the tax rate against the gross proceeds of sales or gross income derived from the business activities. Transaction privilege (sales) taxes are collected by the State for the City on a monthly basis.

State-Shared Sales Taxes

Pursuant to statutory formula, cities and towns in Arizona receive a portion of the State-levied transaction privilege (sales) tax. The State transaction privilege (sales) tax is levied against most of the categories of business activity as the City's transaction privilege (sales) tax. The rate of taxation varies among the different types of business activities taxed, with the most common rate being 5.6% of the amount or volume of business transacted.

Under current State law, the aggregate amount distributed to all Arizona cities and towns is equal to 25% of the "distribution share" of revenues attributable to each category of taxable activity. The allocation to each city and town of the revenues available to all cities and towns is based on their population relative to the aggregate population of all cities and towns as shown by the latest census. State-levied transaction privilege (sales) taxes are collected by the State and are distributed monthly to cities and towns ("State-Shared Sales Taxes").

State-Shared Income Taxes

Under current State law, Arizona cities and towns are preempted by the State from imposing a local income tax. Cities and towns are, however, entitled by statutory formula to typically receive 15% of State personal and corporate income tax collections ("State-Shared Income Taxes") collected by the State two years earlier. Distribution of such funds is made monthly based on the proportion of each city's and town's population to the total population of all incorporated cities and towns in the State as determined by the latest census.

Other Excise Tax Revenues

Cities and towns in the State have exclusive control over public rights-of-way dedicated to the municipality and may grant franchise agreements to and impose franchise taxes on utilities using those rights-of-way. A franchise may be granted only with voter approval and the term of franchises is limited to 25 years. The City has granted franchises to and imposed franchise taxes on utility and cable television providers.

The City also imposes fees for licenses and permits to engage in certain activities within the City and for the right to utilize certain City property.

(1) Receipts do not include revenues from the 0.1% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on October 5, 1993. The revenues produced by the increase must be used to add police officers and firefighters and to expand neighborhood programs designed to deter crime. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications and mining and became effective December 1, 1993. The revenues resulting from this increase totaled \$30.1 million in 2016-17, \$31.6 million in 2017-18, \$35.0 in 2018-19, \$36.2 in 2019-20 and \$40.9 in 2020-21.

Receipts do not include revenues from the 0.1% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on September 7, 1999, and to be levied for a 10-year period beginning November 1, 1999. The revenues produced by the increase will be used for the acquisition of desert preserve open space and the development and improvement of regional and neighborhood parks located within the City. On May 20, 2008, City of Phoenix voters approved a 30-year extension of this tax. This extension also increases the possible uses of these funds to include operational expenses such as salaries for park rangers and maintenance workers. Forty percent of the revenues produced by the extension will be used to acquire land for Phoenix’s Sonoran Preserve. The remaining sixty percent will be used to finance improvements to parks throughout the City. The extension became effective July 1, 2008. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications, and mining. The revenues resulting from the increase totaled \$30.1 million in 2016-17, \$31.6 million in 2017-18, \$35.0 in 2018-19, \$36.2 in 2019-20 and \$40.9 in 2020-21.

Receipts do not include revenues from the 0.4% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on March 14, 2000, and to be levied for a 20-year period. The revenues produced by the increase will be used for expanded bus service, the construction of a light rail system and other transportation improvements. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications, and mining and became effective June 1, 2000. On August 25, 2015, voters approved a new comprehensive transportation plan and funding tax proposal that increased the existing tax rate to 0.7%, effective January 1, 2016, with a sunset date of December 31, 2050. The revenues resulting from the increase totaled \$202.8 million in 2016-17, \$215.8 million in 2017-18, \$239.2 in 2018-19, \$247.6 in 2019-20 and \$279.3 in 2020-21.

Receipts do not include revenues from the 0.2% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on September 11, 2007. Eighty percent of the revenues produced by the increase will be used by the Phoenix Police Department to recruit, hire, train and equip at least 500 police officers and police personnel; hire crime scene investigation (CSI) forensic teams; and to make service calls more efficient. Twenty percent of the revenues produced by the increase will be used by the Phoenix Fire Department to recruit, hire, train and equip at least 100 firefighters and fire personnel to improve fire protection services. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications and mining and became effective December 1, 2007. The revenues resulting from this increase totaled \$60.2 million in 2016-17, \$63.2 million in 2017-18, \$70.0 in 2018-19, 72.5 in 2019-20, and \$81.9 in 2020-21.

(2) On March 8, 2005, Phoenix voters approved new franchise agreements between the City and certain utilities. Effective May 1, 2005, the 2.0% privilege (sales) tax credit offset from franchise fees paid to the City by persons engaged in or continuing in the business of producing, providing, or furnishing utility services was eliminated. The effect of the elimination of the tax credit was an increase in utility & franchise fee collections \$25.0 million in 2016-17, \$25.8 million in 2017-18, \$26.0 in 2018-19, \$24.0 in 2019-20, and \$24.5 in 2020-21.
