4. **BOND REQUIREMENT FOR CBP FIS SECURITY AREA**
   All air carriers, tenants, contractors and vendors, whose employees are required to conduct business in the CBP FIS security area are required to post a bond with CBP, guaranteed by surety, to assure compliance with CBP FIS security rules and regulations. This is generally an “Active” continuous CBP form 301 bond. Companies must provide CBP with a copy of the bond on file, including the name of the surety company, the IRS number, the surety number and the location where the bond is filed.

   If there is no active bond on file, the application shall be supported by an Airport CBP Security Area Bond, as set forth in Appendix A of Part §113, CBP Regulations (19 CFR, Part §113). The employer shall post a separate Airport CBP Security Area Bond at each airport of operation. (At this time, we encourage use of the Form 301 Bond).

   The face value amount of the bond specifies the maximum liability of the surety. Determinations as to bond face value sufficiency will be based on the number of covered employees and the employer’s general compliance history. The minimum face value of the bond required by CBP will be dependent upon how many employees will require access to the CBP FIS Security area;
   - Less than 15 employees $25,000
   - Between 15 to 25 employees $50,000
· More than 25 employees $100,000

However, the CBP Port Director may elect to raise the face value due to historical compliance of the airport company. A company must have a valid bond in order to have employees with CBP FIS security seals.

In the event the unsatisfactory performance is not corrected within the time specified above, the City shall have the immediate right to complete the work to its satisfaction and shall deduct the cost to cover from any balances due or to become due the Contractor.
