Accredited programs must demonstrate sufficiency of resources by conducting a Resource Assessment **at least annually** (Standard IIID) and are required to complete **ALL** columns of this matrix. Programs seeking a Letter of Review (LoR) are required to complete at least columns B, C, and D of this matrix (Purpose, Measurement System, and Dates of Measurement).

The Program Resource Survey (PRS) - Students and Program Resource Survey (PRS) - Program Personnel are required to compile the data analysis use to complete the Resource Assessment Matrix [RAM] (see Instructions tab below).

For each content area that receives a rating of LESS than 80%, the Program must summarize the results and complete an analysis (Column E) and develop an action plan (Column F). **When results are 80% or above**, indicate that 'results met threshold' in Column E and 'continue to monitor' in Column F. Programs may write additional Purpose statements and/or add Measurement Systems for resource(s). Programs are responsible for addressing the content areas that do not meet the 80% cut score.
