Over
3,000
children
per year in the
United States lose a
parent to

intimate partner homicide.*

about ACASI

ACASI provides **statewide, trauma-informed, wraparound services** to children and adolescents who have lost a parent to intimate partner homicide, and to their caregivers, **regardless of when the homicide occurred.** Families often feel overwhelmed and isolated after a homicide occurs. Our team works with survivors and community partners to address needs and coordinate services.
