Sportsmanship Rules that "WILL BE" Followed

At all times, before, during, and after competition, appropriate language and conduct towards, or around, anyone at a pool site or during transportation to a pool site will be followed. A player can be kicked out of competition or a pool, as a result, that week or permanently.

In the event that a water basketball participant gets kicked out of a pool during the week, they cannot play in the game that week. The week starts Thursday after they return to their pool and ends the Thursday before the van gets to the pool. If a player gets kicked out a second time they are off the water basketball team.
