The Maryvale Village is located in west Phoenix. Many of its neighborhoods were first developed by John F. Long, a developer who focused on constructing affordable homes. In 1954, Long employed a prominent master-planned community consultant to design the post-War suburban community of Maryvale for veterans, satisfying a demand for housing after years of slow building during the depression. The communities Long created included space for schools, parks, churches, shopping, and medical services all to encourage families to thrive. Long also built the first solar powered subdivision in the nation here in the Maryvale Village. Phoenix continued to expand westward after Maryvale was built until the city limits reached the borders of Tolleson, Avondale and Litchfield Park. Due to the westward expansion in the later part of the 20th century, the Village changed from being one master-planned suburb to an extremely diverse community of people and neighborhoods. Today several neighborhood groups (block watches) that were developed in the area are still going strong and Maryvale is now home to the Ak Chin Pavilion, the Brewers, Dodgers & White Sox spring training facilities, and Grand Canyon University Championship Golf Course.
Maryvale Village

CHARACTER

Small lot, single-family, neighborhoods

Diverse people and neighborhoods

Westside upscale mixed use, quality residential communities

Parks and Open Space

Self-help tradition of bettering the community

Employment Corridor and westernmost core along I-10

Art and Culture

Ak-chin Pavilion (Formerly Desert Sky Pavilion)

Desert Sky Transit Center
Maryvale Village

ASSETS

1. Golden Gate Community Center
2. Maryvale Baseball Park
3. Palo Verde Library
4. Glass House (Maryvale Community Center)
5. Abrazo Maryvale Campus
6. Desert West Park
7. Ak-Chin Pavilion
8. Desert Sky Mall
9. Desert Sage Library
10. Banner Estrella Medical Center
11. Camelback Ranch Baseball Park
12. Grand Canyon University (Maryvale) Golf Course
13. Rio Salado College
14. Spot 127
15. First Solar Subdivision in the U.S. (Solar One)
16. Desert Sky Transit Center
17. Sueno Park
18. El Oso Park
19. Dust Devil Park
20. Shamrock Farms
21. Maryvale Family YMCA
Already established plans and codes throughout the village help guide investment and growth. It is important to continually evaluate these previously desired plans and codes as they relate to the character, assets, and challenges of today. There is also opportunity to evaluate and establish new plans and codes for areas that have yet to be addressed.

**Plans & Codes:**
A Strategic Set of Tools

For more information on Maryvale Village Plans & Codes, please visit [phoenix.gov](http://phoenix.gov)
Maryvale Village helped to identify specific land use policies to better equip all stakeholders with the ability to preserve and protect the Village Character while encouraging growth and investment.

**Land Use**

Locate land uses with the greatest height and most intense uses within limits based on village character, land use needs, infrastructure and transportation system capacity. *(Desert Sky Transit Center)*

Plan cores, centers and corridors to include a variety of land uses: office, retail shopping, entertainment and cultural, housing, hotel and resort, and where appropriate, some types of industry. *(Desert Sky Transit Center)*

Promote and encourage compatible infill development with a mix of housing types in neighborhoods close to employment centers, commercial areas, and where transit or transportation alternatives exist. *(Vinsanto, SEC of 79th Avenue and Encanto Boulevard)*

Support reasonable levels of increased intensity, respectful of local conditions and surrounding neighborhoods. *(Village Core, Loop 101 Employment Corridor, I-10 Corridor)*

Encourage development of the taller and larger buildings in Areas of Change away from single-family and low-rise, multifamily housing. *(Loop 101 Employment Corridor and I-10 Corridor)*

Encourage high-density housing and high intensity employment uses to locate adjacent or close to transit stations per adopted transit district plans. *(Desert Sky Transit Center, I-10 Corridor)*
Land Use Principles

Develop land use and design regulations governing land close to transit centers and light rail stations, to maximize the potential for ridership. (Desert Sky Transit Center and I-10 corridor)

Encourage integrated land uses and transportation systems, which furthers the urban village model and minimizes the adverse impacts of the transportation system on housing, businesses and public uses. (Desert Sky Transit Center and I-10 Corridor)

Facilitate adaptive reuse of older, underutilized properties to create mechanisms for new local and small businesses to operate, thrive and grow. (Chilis at Desert Sky Mall)

Encourage land uses that promote the growth of entrepreneurs or new businesses in Phoenix in appropriate locations. (The Mercado de Los Cielos at Desert Sky Mall)

Encourage tourism related activities within specified tourism districts. (Ak-Chin Pavilion, Spring Training Facilities, Golf Courses)

Protect residential areas from concentrations of incompatible land uses that could change their character or destabilize land values. (New Schools like Western School of Science and Technology and Eagle Prep)

Land Use Principles

New development and expansion or redevelopment of existing development in or near residential areas should be compatible with existing uses and consistent with adopted plans. (New Schools like Western School of Science and Technology and Eagle Prep)

Communities should consist of a mix of land uses to provide housing, shopping, dining and recreational options for residents. (Village Core)

Support new compatible land uses that remove extremely deteriorated structures, excessive trash and debris, and other blight in neighborhoods. (Maryvale Core Plan)

Facilitate the acquisition of vacant, underutilized and blighted parcels for appropriate redevelopment, compatible with the adjacent neighborhood character and adopted area plans. (Isaac Redevelopment Area)

Communities should consist of a mix of land uses to provide housing, shopping, dining and recreational options for residents. (Algodon and Sheely Farms)
Maryvale Village helped to identify design policies to better equip all stakeholders with the ability to preserve and protect the Village Character while encouraging growth and investment.

**Design Principles**

Encourage centers to provide a pedestrian environment with plazas, common open space, shaded walkways, separation of pedestrian and vehicular traffic, bicycle parking, and vehicle parking in architecturally disguised structures or underground where feasible. *(Desert Sky Transit Center)*

Promote development in compact cores, centers and corridors that are connected by roads and transit, and are designed to encourage walking and bicycling. *(Desert Sky Transit Center and Maryvale Core Plan)*

Development should be designed or retrofitted, as feasible, to facilitate safe and convenient access to transit facilities by all existing and potential users. *(Desert Sky Transit Center)*

Plan, design, and develop pedestrian linkages between parks, open spaces, village cores, neighborhood shopping centers, neighborhood schools, and neighboring municipalities. *(Maryvale Core Plan)*

Support the design, construction and retrofit of transportation infrastructure to meet standards in the Americans with Disabilities Act (ADA). *(Desert Sky Transit Center)*

**Design Principles**

Require all new development meet Americans with Disabilities Act standards. *(Quiktrip at 83rd Avenue and McDowell Road)*

Develop housing so that it does not front directly on, or have direct access to, arterial streets, unless large lot size, buffering techniques, and/or site design can adequately mitigate both negative traffic impacts and adverse noise impacts. *(Vinsanto, SEC of 79th Avenue and Encanto Boulevard)*

Design neighborhoods and buildings to provide pedestrian access to adjacent transportation infrastructure such as public transit. *(Quiktrip at 83rd Avenue and McDowell Road)*

New developments should provide appropriate height transition, design standards, and continuity of the streetscape to preserve and enhance the integrity and livability of established neighborhoods. *(Algodon and Sheely Farms)*
Using the community’s feedback from General Plan Update activities and outreach, as well as working with the Maryvale Village Planning Committee. The following opportunities for growth and investment in the village have been identified and are items to be addressed by urban planning.

**OPPORTUNITIES FOR GROWTH & INVESTMENT**

**Opportunities for Growth & Investment**

<table>
<thead>
<tr>
<th><strong>1. Need for more quality and higher paying jobs</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Maryvale Village has an opportunity to increase the quality and pay for jobs within the Village.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>2. Need for Light Rail extension</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Maryvale is eager for the I-10 light rail extension currently projected for 2023. Light rail can encourage the desired growth and investment as well as provide necessary connections to the larger Phoenix Metropolitan area.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>3. Limiting the clustering of undesirable uses</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Undesirable uses are typically found in more intense zoning districts and over time may be “clustered” due to limited availability of these areas. Maryvale Village would like to limit the “clustering” of undesirable uses and encourage alternative growth and development investment opportunities.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>4. Incentives for Business investment</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Maryvale has an abundance of vacant commercial properties and small business owners. Maryvale village would like to explore and build upon incentives for Business investment.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>5. Community Involvement</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Maryvale Village has a high percentage of youth in the community. Maryvale would like to encourage youth to engage in decision making opportunities.</td>
</tr>
</tbody>
</table>
GOALS

Goals set a strategic path to growth, preservation and investment all with the desire to sustain the established village character and assets while providing potential solutions to village identified challenges. This Village has identified 5 top Goals:

1. **Improve Economic development and high paying jobs**

2. **Promote the Light Rail extension in Maryvale.**

3. **Increase retail occupancy**

4. **Encourage more community involvement**

5. **Promote density near the transportation corridors**

---

**NEXT STEPS**

1. Improve Economic development and high paying jobs

2. Promote the Light Rail extension in Maryvale

3. Increase retail occupancy

4. Encourage more community involvement

5. Promote density near the transportation corridors
Maryvale Village
