Kaelee Wilson,

I am firmly against the rezoning of the parcel located on the southwest corner of Dynamite and Tatum (PUD Z-22-18).

This application is irresponsible and it violates nearly all of the zoning standards in the area. Residents purchased their homes based on C-1 zoning and the entire community will be directly and negatively impacted by the proposed development. This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. We ask that you listen and put the inevitable dagger in PUD Z-22-18 so that our community, as well as the Developer, can refocus our energy on other important issues.

Kaelee Wilson,

I am firmly against the rezoning of the parcel located on the southwest corner of Dynamite and Tatum (PUD Z-22-18).

This application is irresponsible and it violates nearly all of the zoning standards in the area. Residents purchased their homes based on C-1 zoning and the entire community will be directly and negatively impacted by the proposed development. This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. Kaelee Wilson,

I am firmly against the rezoning of the parcel located on the southwest corner of Dynamite and Tatum (PUD Z-22-18).

This application is irresponsible and it violates nearly all of the zoning standards in the area. Residents purchased their homes based on C-1 zoning and the entire community will be directly and negatively impacted by the proposed development. This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. We ask that you listen and put the inevitable dagger in PUD Z-22-18 so that our community, as well as the Developer, can refocus our energy on other important issues.

Subject: NO to Re-Zoning case PUD Z-22-18
Date: Tuesday, May 01, 2018 2:16:27 PM

Kaelee Wilson,

I am firmly against the rezoning of the parcel located on the southwest corner of Dynamite and Tatum (PUD Z-22-18).

This application is irresponsible and it violates nearly all of the zoning standards in the area. Residents purchased their homes based on C-1 zoning and the entire community will be directly and negatively impacted by the proposed development. This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. We ask that you listen and put the inevitable dagger in PUD Z-22-18 so that our community, as well as the Developer, can refocus our energy on other important issues.

This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. We ask that you listen and put the inevitable dagger in PUD Z-22-18 so that our community, as well as the Developer, can refocus our energy on other important issues.

Kaelee Wilson,

I am firmly against the rezoning of the parcel located on the southwest corner of Dynamite and Tatum (PUD Z-22-18).

This application is irresponsible and it violates nearly all of the zoning standards in the area. Residents purchased their homes based on C-1 zoning and the entire community will be directly and negatively impacted by the proposed development. This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

Kaelee Wilson,

I am firmly against the rezoning of the parcel located on the southwest corner of Dynamite and Tatum (PUD Z-22-18).

This application is irresponsible and it violates nearly all of the zoning standards in the area. Residents purchased their homes based on C-1 zoning and the entire community will be directly and negatively impacted by the proposed development. This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. We ask that you listen and put the inevitable dagger in PUD Z-22-18 so that our community, as well as the Developer, can refocus our energy on other important issues.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. We ask that you listen and put the inevitable dagger in PUD Z-22-18 so that our community, as well as the Developer, can refocus our energy on other important issues.

Subject: NO to Re-Zoning case PUD Z-22-18
Date: Tuesday, May 01, 2018 9:15:39 AM

Kaelee Wilson,

I am firmly against the rezoning of the parcel located on the southwest corner of Dynamite and Tatum (PUD Z-22-18).

This application is irresponsible and it violates nearly all of the zoning standards in the area. Residents purchased their homes based on C-1 zoning and the entire community will be directly and negatively impacted by the proposed development. This application is not about serving or improving a community. This application is about a cash grab for a select few at the direct expense of the community it allegedly wants to serve.

Councilman Waring, your constituents, neighbors and friends have spoken for the second time, in overwhelming numbers. A C-2 business does NOT belong on this parcel and we will never support a C-2 business on this parcel.

As the elected official with jurisdiction over of this application, we are requesting your support by demonstrating a swift response to the staggering opposition to this application. We've listened. We ask that you listen and put the inevitable dagger in PUD Z-22-18 so that our community, as well as the Developer, can refocus our energy on other important issues.
