Re: Informal Interpretation – Definition of Preschool

Dear Kurt D. Merschman,

Thank you for your January 25, 2011 request for an Informal Interpretation regarding the definition of 'preschool' as referred to in Ordinance G-5573, an ordinance amending the code of the City of Phoenix, Arizona, Part II, Chapter 41, The Zoning Ordinance of the City of Phoenix.

I have determined that a 'preschool' is a child care center, licensed with the Arizona Department of Health Services, with a licensed capacity of eleven (11) or more children.

You have the right to appeal this decision if you do not agree by filing for a Formal Determination. Information on how to file this request can be obtained at www.phoenix.gov/planning. If you have any questions regarding any of the information provided, please contact me at (602) 534-2578.

Sincerely,

E. Alex Singbush
Zoning Administrator
