PLANNING AND DEVELOPMENT DEPARTMENT

Rio Salado Interim Overlay District (RSIO) Request for Administrative Review

The RSIO District, as outlined in Section 655 of the Zoning Ordinance, requires administrative review by the Planning and Development Department for new development in the A-1 and A-2 industrial districts that are on parcels of less than 10 acres. The review will determine which screening and setback standards of the Commerce Park/General Commerce Park District shall apply. Where solid walls are required, other appropriate screening may be applied and/or waived. The decision of the Planning and Development Director can be appealed to the Planning Commission and ultimately to the City Council. For those uses or development standards that are considered non-conforming due to the RSIO District, the new standards shall apply only to the expansion areas. The effective date of this overlay is January 18, 2002.
