For more information or for a copy of this publication in an alternate format, contact Planning & Development at 602-262-7811 voice or TTY use 7-1-1.

Provide an exhibit (11" x 17" maximum) that clearly indicates the limits of construction. Easements, right-of-way, paving, and all existing utilities should be fully dimensioned. Contact all pertinent utility companies. Provide written confirmation of approval from all 7 (seven) utility representatives. *The list below is provided for reference. Inform your civil plan reviewer of any new contact information.*
