Step by Step Instructions

Zoning is the principal tool by which the City of Phoenix implements the goals and future development plans expressed in the General Plan for Phoenix, adopted area plans, and other special planning areas. Zoning regulations are intended to protect existing land uses and assure that uses are compatible with each other and with available public facilities and services. Through the rezoning process, these land use and other factors are evaluated to determine the appropriateness of a specific rezoning application.

Rezoning procedures have been established by the Zoning Ordinance to assist staff, the Planning Commission, and the City Council to expeditiously review and determine the merits of each rezoning application. From the date of application to final City Council action on the matter, the rezoning process generally takes from four (4) to six (6) months. Planning Commission and City Council recesses, continuances, and delays by the applicant to submit materials may lengthen the rezoning process.

A.R.S. § 9-836 requires that an applicant for a license (permit) be provided with applicable licensing time frames and a list of all the steps the applicant is required to take in order to obtain the license. This guide outlines the items that must be completed prior to action by the City Council and the total time in which review will be completed. The process provides for a timely decision by City Council pursuant to the timeline, but does not guarantee a successful outcome.

The Rezoning/Special Permit process is a legislative act and the adopted time for this process is outlined on the last page of this packet. It allows for staff administrative and substantive review timeframes. In the Rezoning/Special Permit process, the time suspension for a public hearing will start when the property is posted by the applicant for the public hearing process. Typically, this is 15 days prior to the first public meeting for the PUD application.

The following procedural outline identifies the major steps involved in the rezoning process. Should there be any questions or clarification necessary, please contact the City of Phoenix Planning and Development Department, Zoning Section at 602-262-7131, option #6.

- [Step 1: Applicant Due Diligence](#) (See Page 3)
- [Step 2: Rezoning Pre-Application Meeting \(Required\)](#) (See Page 3)
- [Step 3: Submitting Rezoning/Special Permit Application](#) (See Page 3)
- [Step 4: Notifying and Sending First Neighborhood Notification Letter](#) (See Page 4)
- [Step 5: City Review of Application](#) (See Page 4)
- [Step 6: Neighborhood Meeting](#) (See Page 4)
- [Step 7: Rezoning Post-Application Meeting](#) (See Page 4)
- [Step 8: Notifying and Sending Second Neighborhood Notification Letter](#) (See Page 5)
- [Step 9: Posting Sign on Property](#) (See Page 5)
- [Step 10: Village Planning Committee Meeting](#) (See Page 5)
- [Step 11: Planning Commission Action – Public Hearing](#) (See Page 5)
- [Step 12: City Council Action – Public Hearing](#) (See Page 6)
- [Amendment to Application](#) (See Page 6)
- [Additional Requirements](#) (See Page 6)

An applicant may receive a clarification from the city of its interpretation or application of a statute, ordinance, code or authorized substantive policy statement. To request clarification or to obtain further information on the application process and applicable review time frames, please call 602-262-7131 (option 6), email zoning.mailbox@phoenix.gov or visit our website at <https://www.phoenix.gov/pddsites/Pages/pddlicensetimes.aspx>.

Step 1: Applicant Due Diligence

Prior to requesting to file the pre-application meeting (Step 2) the applicant should do a minimum level of due diligence to ascertain the feasibility of the request and/or to become familiar with the entire process so that the development timeline is better understood. For example many parcels already had a rezoning application in the past and a review of the materials in that case file, such as the meeting minutes, will provide some background information on potential public hearing issues and/or persons residing in that area that are interested in the subject site. In addition, a cursory review of other legal requirements such as health codes or environmental issues should also be done prior to filing for the pre-application meeting. The applicant is still responsible for complying with all other codes and regulations. These are only a couple of examples of due diligence and others should be identified by the applicant, since they know the parcel and the operating requirements of the proposed use allowed under the rezoning application.

Step 2: Rezoning Pre-Application Meeting (Required)

This meeting **must** be held before staff will accept a rezoning application. Please schedule the meeting up to 3 weeks prior to your desired filing date, in order to benefit from staff follow-up of rezoning issues. During this meeting, planning staff will review development options and issues relevant to your rezoning request. This meeting is often the first opportunity to review the rezoning procedures and submittal requirements and is intended to assist in filing complete applications.

To schedule a required pre-application meeting with the Planning and Development Department, please fill out the [Pre-Application Meeting form \(Page 7\)](#) and bring it to the Planning and Development Department, 2nd Floor Zoning Counter, Phoenix City Hall, 200 West Washington Street. You will be provided with your meeting date and time with the Planning and Development Department.

Notes:

- You are also required to contact the Development Division of the Planning and Development Department for a pre-application meeting, to determine if your site will have any development issues that should be addressed during the rezoning process. Please call 602-262-7811 for further information.
- Your site may be within a Public Airport Disclosure Area, Impact Fee Area, or adjacent to an SRP Canal and other requirements may apply. The following information is made available in the Supplemental Forms portion of this document to help you determine if your site is affected:
 - [Notice of Airport in Vicinity form \(Page 36\)](#) - required submittal if site is within Public Airport Disclosure Area
 - [Impact Fee Area map \(Page 43\)](#)
 - [SRP Canal Bank Right-of-Way](#) information (Pages 40-41)
 - [School District Notification Policies and Procedures \(Pages 30-31\)](#)

Step 3: Submitting Rezoning/Special Permit Application

Applicants for rezoning/special permit requests are required to submit all information listed in the [Rezoning/Special Permit Submittal Checklist \(Pages 8-9\)](#).

When submitting an application, staff will collect the appropriate [application fees \(Pages 44-50\)](#) and issue a receipt and application number. Staff will then review the application within 2 working days for completeness. Staff will contact the applicant upon completing the review and schedule the rezoning post application meeting (which is normally 4 weeks after submittal), if the application is considered to be complete. If the application is determined to be incomplete, staff will contact the applicant to explain what additional information is required and give the applicant 10 days in which to comply. If the information is not received by the established deadline, the submittal will be rejected and the application voided. In such a circumstance, fees will be refunded to the applicant with the exception of \$135 to be retained to pay for associated administrative costs.

All applications are to be submitted to the Planning and Development Department, Zoning Counter, Phoenix City Hall, 200 West Washington Street, 2nd Floor, between 8:00am and 4:00pm, Monday through Friday. Applications will not be accepted after 4:00pm.

Step 4: Notifying and Sending First Neighborhood Notification Letter

The applicant is required to mail their [first neighborhood notification letter](#) (Page 26) that explains their request and all appropriate review and comment opportunities to:

- 1) All property owners within 600 feet of the subject site. Available at <http://maps.mcasessor.maricopa.gov/>.
- 2) The nearest resident within the four quadrants to the subject site.
- 3) All neighborhood associations registered with the City that are within a one-mile radius of the subject site. Available at <https://www.phoenix.gov/nsd/programs/neighborhood-coordination>.

The letter must be mailed within 10 days of filing the application and allow for at least 10 days notice of any neighborhood meeting for the subject site. A copy of the letter, the notification list and a [notarized affidavit](#) (Page 27) must be submitted to Planning and Development Department staff prior to or at the post-application meeting. Staff has the option to require additional notification.

Step 5: City Review of Application

Upon receipt of an application, a staff planner is assigned to do a completeness check to ensure that all required submittal items were enclosed with the application. Once this check is completed, that planner will call the applicant to arrange for a post-application meeting date and time.

A staff planner is then assigned to serve as the city contact, review the application, and prepare the staff report. The staff planner will serve as the contact for any information pertaining to the rezoning/special permit application and may call the applicant with questions or to request additional information.

During this step, the application is routed to other city departments for review and comment. The staff planner will develop a staff report with input from other city departments. Typical issues that are covered in such reviews include existing and proposed land uses, how the request fits in with other city goals and policies, and conformance with the General Plan.

The Village Planning Committee, in which the rezoning site is located, will have the opportunity to review the proposal prior to the application being heard at a rezoning public hearing.

Step 6: Neighborhood Meeting

Prior to the post application meeting, the applicant shall meet with property owners within 600 feet of the subject rezoning site, and registered neighborhood associations within 1 mile, to present their proposal. The results of that meeting shall be summarized and brought to the post application meeting. It is the applicant's responsibility to work with the neighbors to try and address their issues. No hearings shall be scheduled without submittal of the following information:

- Date, time, and location of the meeting
- Number of participants
- Issues that arose during the meeting
- Plan to resolve the issues, if possible

Note: This requirement can be waived by the Planning and Development Director upon a finding that special circumstances do not warrant the meeting.

Step 7: Rezoning Post-Application Meeting

This meeting is held approximately 4 weeks after your formal rezoning application submittal. During this meeting the following actions will be addressed:

- Review of zoning and development issues further identified. Staff shares formal recommendations/stipulations with applicant.
- [Village Planning Committee meeting](#) (Pages 52-53) selected by staff is scheduled a minimum of 3 weeks from this date (if submitted information is complete). This time will allow staff to finalize the staff report and allow the applicant time to post the property for upcoming public hearings/meetings, and complete the second required notification letter.

- [Tentative Rezoning Hearing Schedule \(Page 54\)](#) selected by staff is scheduled after the Village Planning Committee meeting.

Step 8: Notifying and Sending Second Neighborhood Notification Letter

The applicant is required to provide a [second neighborhood notification letter \(Page 28\)](#) to all persons listed on the notification list within 10 days of the rezoning post-application meeting. This notice will include the Village Planning Committee meeting, Planning Commission and City Council hearing dates, times and locations. The applicant is required to submit a copy of the letter, copy of the notification list and a [notarized affidavit \(Page 29\)](#) stipulating to the mailing 10 days prior to the first public meeting/hearing (typically the village planning committee meeting). This information should be provided to the assigned staff planner from the post-application meeting. If this information is not completed and provided to staff then the case may not be heard at a public meeting.

Step 9: Posting Sign on Property

The applicant is required to post a [single double-sided sign \(Pages 22-23\)](#), 4-foot by 8-foot, at a prominent location on the site a minimum of 15 calendar days prior to the first Village Planning Committee meeting. As in the case of the written notices, the applicant shall submit a [notarized affidavit of posting \(Page 24\)](#) stating the sign has been posted and a photograph showing the sign on the site to the assigned staff planner 10 days prior to the first public meeting/hearing, 2nd Floor, Phoenix City Hall, 200 West Washington Street.

Signs shall be updated as needed. Continued cases shall be posted a minimum of 7 calendar days prior to continuance date or immediately after the request is granted. An [additional affidavit of posting \(Page 25\)](#) is required.

Signs must be removed by the applicant within 7 days of City Council action.

Step 10: Village Planning Committee Meeting

Prior to any public hearing, the application will be reviewed at a regularly scheduled [Village Planning Committee monthly meeting \(Pages 52-53\)](#). Staff will provide the committee and the applicant a copy of the staff report prior to this meeting. The Village Planning Committee will make a recommendation.

The recommendation from the Village Planning Committee will be forwarded to the Planning Commission on a Village Planning Committee Recommendation Form. A copy of the form will be provided to the applicant.

Step 11: Planning Commission Action – Public Hearing

This public hearing occurs approximately 3-5 weeks after the Village Planning Committee meeting. During this public hearing, your rezoning application will be reviewed and either approved, approved with stipulations, denied, denied as filed and approved differently than requested, or continued.

- Public hearing – legally advertised and posted a minimum of 15 days prior to hearing (by the applicant).

Appeals

- Action taken by the Planning Commission can be appealed by the applicant or interested parties within 7 calendar days. Appeals will be forwarded to the City Council for a public hearing.
- Opposition petitions submitted no later than 7 calendar days following the Planning Commission hearing can require 3/4 vote, rather than a majority vote, for the City Council to approve the application.
- If no appeal, ratification occurs at the scheduled City Council hearing.
- The City Council may, by a majority vote; 1) request a public hearing on a Planning Commission recommendation request that has not been appealed or, 2) send the case back to the Planning Commission for further consideration. If a hearing is requested, it must first be re-advertised and posted.

Step 12: City Council Action – Public Hearing

During this public hearing, your rezoning application will be reviewed and either approved, approved with stipulations, denied, denied as filed and approved differently than requested, or continued. If approved, the applicant will be sent a letter with a copy of the signed and recorded ordinance that contains the stipulations for the case. If denied, the applicant will also receive a letter.

If approved, the applicant may continue with the development review process.

Amendment to Application

It is important to provide the Planning and Development Department with the following information in a timely manner. The [amendment procedure](#) (Page 10) is in place in order to assure the correct information is placed in the rezoning/special permit file and circulated to the proper staff. This new information can impact stipulations, staff recommendations, and possibly the meeting/hearing schedule. It is important to be consistent in order to make sure the correct, most recent information is in the file and forwarded to the relevant hearing body.

- **All amendments must be filed at the Zoning Counter and must be accompanied by the application fee (see [Zoning Fee Schedule](#), Pages 44-50)**
- Staff needs time to review and revise the staff report or prepare an addendum to the existing staff report. **The new site plans/elevations shall be submitted no later than 3 working days prior to a Village Planning Committee meeting, Planning Commission hearing, or City Council hearing.**

Additional Requirements

The applicant must satisfy any zoning stipulations during the Site Plan Review Process performed by the Development Division of the Planning and Development Department. The applicant or successors must also comply with all stipulations throughout the duration of the use on that parcel. Additional documentation may be required of specialized development proposals, such as Planned Community Districts and some special permits. There is another rezoning packet for a Planned Unit Development (PUD) rezoning proposal. Staff may require additional material after filing of the rezoning application and staff's initial review of the proposal.

An applicant may receive a clarification from the city of its interpretation or application of a statute, ordinance, code or authorized substantive policy statement. To request clarification or to obtain further information on the application process and applicable review time frames, please call 602-262-7131 (option 6), email zoning.mailbox@phoenix.gov or visit our website at <https://www.phoenix.gov/pddsites/Pages/pddlicensetimes.aspx>.

Pre-Application Meeting Form

This form is used to request a Rezoning Pre-Application meeting and provide required information to set up a meeting date/time. This is the first step in the rezoning/special permit process. This form needs to be submitted, in person, to the Planning and Development Department, 2nd Floor Zoning Counter. For additional information, please call the Planning and Development Department at 602-262-7131, option #6.

All rezoning and special permit applications must have a rezoning pre-application meeting. The purpose of this meeting is to provide the applicant with guidance and information regarding the rezoning process. This meeting includes discussion of all relevant fees, tentative hearing dates, development standards, and information on special planning areas, if applicable.

The following information must be included with the request for a rezoning pre-application meeting. If any of this information is not included, a rezoning pre-application meeting cannot be scheduled.

1. A site plan is required.
2. A current aerial photograph with the subject property highlighted is required.
3. A parcel map with the subject property highlighted is required.
4. Conceptual elevations, photographs or renderings are optional.

Please submit this form to a Planning Representative at the Zoning counter and he/she will fill out the relevant information below. Once the form is complete, return it to the Zoning Counter located on the 2nd Floor and you will be assigned a Rezoning Pre-Application meeting date, time and number (see bottom of form).

Electronic Submittal Requirements

For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

All applicants must submit a copy of the application and all supplemental information in a digital format. The following digital submittal formats are acceptable:

- WORD (.doc) for legal descriptions and text information **(A text version of the legal description is required in a Word document to allow staff to ensure the County formatting requirements are met for recording purposes);**
- PDF for site plans, elevations and aerials;
- GIS Shapefile (preferred) or CAD .dxf depicting all legal descriptions, i.e., areas to be amended and General Plan categories to be changed (must be in North American Datum - NAD_1983_HARN_StatePlane_Arizona_Central_FIPS_0202) so that the shapefile displays in the correct location in the city of Phoenix.

Files must be submitted on a compact disc, and will not be returned to the applicant.

As all application documents are required to be submitted electronically, all subsequent amendments to the application must include a digital submittal.

Incomplete electronic application and/or amendment submittals will result in extended processing and review times, as well as possible delays in scheduling public hearings.

4. Are there any unusual physical characteristics of the site that may restrict or affect development? If so, explain. What improvements and uses currently exist on the property?

5. What impact will the proposed project have on current or future surrounding land use and zoning patterns?

6. Are there unique design considerations proposed, beyond Zoning Ordinance requirements, that reduce development impacts or would further compatibility with adjacent properties? If so, explain.

7. Why is the subject property not suitable for development as currently zoned?

8. Other than the development review process, what other approval processes are required to accomplish the development proposed, i.e., abandonments, variances, use permits, state or county licenses or permits, etc.?

Site Plan Submittal Checklist

*This handout addresses the site plan documentation necessary to submit for a rezoning/special permit case. **AN INCOMPLETE SUBMITTAL WILL NOT BE ACCEPTED FOR PUBLIC HEARING.** All applications are filed at the Planning and Development Department Zoning Counter, between 8:00am and 4:00pm, Monday through Friday and take approximately 40 minutes to complete. Applications will not be accepted after 4:00pm. For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.*

Site Plan/Elevation Information

- To Scale (Engineers Scale) - 2 copies of site plan and 2 copies of elevations (**24" x 36" FOLDED**)
- 8.5" x 11" Reduction - 1 copy of site plan and elevations

All site plans shall be at a scale of 1" = 60' or greater (i.e. 1:50, 1:40, etc.). For larger projects a smaller scale (i.e. 1:80, 1:100, etc.) cover or MASTER sheet shall be provided showing match lines for individual site plan sheets at the prescribed scale (1" = 60' or greater).

The following items must be placed on the plans:

- Vicinity Map with Notation of Site
- North Arrow and Scale (Engineers Scale) - North arrow to be a minimum of 3 inches in height and located at the southeast corner of the site plan.
- Existing Street Names and Right-of-Way Dimensions
- Access Points/Modifications to Existing Street Improvements
- Lot Dimensions
- Gross Building Area and Floor Area Ratio (F.A.R.) (gross building area to gross site for non-residential)
- Lot Coverage (for nonresidential proposals)
- Total Dwelling Units/Density (residential proposals)
- Height in Stories and Feet
- Setbacks (Building & Landscape)
- Landscape Plan
- Parking required and provided (for other than single-family)
- Project description

Context Plan

For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

The context plan should show your site plan and surrounding properties. Lot configurations, streets and other improvements should be detailed on the context plan. Photographs shall be provided as noted below.

Photographs need to show street improvements and surrounding land uses:

- All applicants are expected to provide photographs 1-16.
- If distance "X" is greater than 500', also take photos 17-24.
- If distance "Y" is greater than 500', also take photos 25-32.

Site Posting Requirements

Below are the requirements for posting of rezoning/special permit cases. For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

In order to assist in providing adequate notice to interested parties, the applicant for rezoning hearings shall erect, not less than fifteen calendar days prior to the date of the first Village Planning Committee meeting, a single double-sided sign giving notice of the date, time and place of the tentatively scheduled hearings. The sign shall also include the nature of the request as contained on the formal rezoning application. The size and format of this sign shall be as described by the Planning and Development Department. Such notice shall be clearly legible, double-sided, and placed at a prominent location on the site, perpendicular to the street, generally adjacent to the public right-of-way.

It shall be the **responsibility of the applicant** to erect and to maintain the sign on the subject property and to maintain all information on the sign in a clear legible manner until the final disposition of the case. It is **also the applicant's responsibility** to post any continuance dates a minimum of **7 days** prior to the continued date and update the additional hearing dates following the continuance (provide [affidavit](#), see **Page 25**). This responsibility includes removal of the sign after City Council action on the case.

After the sign has been posted, the applicant or their representative must submit an affidavit of posting and a photograph of the site posting.

Site posting specifications and instructions are continued on the next page.

FIRST MAILING: WITHIN 10 WORKING DAYS OF FILING THE APPLICATION

[DATE]

Dear **Property Owner** or **Neighborhood Association President**:

The purpose of this letter is to inform you that _____ has recently filed a rezoning request for a [XX] acre site located _____, rezoning case number Z-____-____-____. Please be advised that meetings and hearings before the [INSERT NAME] Village Planning Committee, and the Planning Commission are planned to review this case. Specific meeting and hearing dates have not yet been set. You should receive a second mailing in approximately 4 weeks identifying the date and location of the meeting/hearing.

You are welcome to attend these meetings to learn about the case and make your opinions known. Please confirm the meeting details with the City of Phoenix Planning and Development Department before attending as they are subject to change. Hearing information may also be found on signs posted on the site and in the Record Reporter. You may also make your feelings known on this case by writing to the City of Phoenix Planning and Development Department, Zoning Section, 200 West Washington Street, 2nd Floor, Phoenix, Arizona 85003 and referencing the case number. Your letter will be made part of the case file.

The [INSERT NAME] Village Planning Committee will forward a recommendation to the Planning Commission and City Council after considering testimony from affected parties and reviewing the staff report prepared by the Planning and Development Department. The village planner who will staff this meeting is [NAME] and can be reached at [PHONE NUMBER] or [EMAIL ADDRESS]. This planner can answer your questions regarding the village review and city hearing processes as well as the staff position once their report is complete. You are also urged to contact me or one of my staff at [APPLICANT'S PHONE NUMBER] or [EMAIL ADDRESS] to learn more about the case and express your concerns.

Attached is a copy of the cover page of our application, the site plan and elevations (for rezoning requests only). The following describes our request:

Proposed change: Describe proposal that includes zoning district change, specific development proposal details including use, square footage, height and number of dwelling units (if known). Also explain the maximum density allowed, if applicable.

Existing use: Describe what is on the site today and how it is designated on the General Plan and zoned. Use the following 2 sentences only if a Rezoning Application has been filed.

While the City Council can stipulate to a specific site plan and development standards, we, and all other developers, have the opportunity to file later with the Planning Hearing Officer to amend those conditions through an advertised public hearing process should market conditions or ownership change.

Again, I would be happy to answer any questions or hear any concerns that you may have regarding this proposal. You may reach me at [PHONE NUMBER] or [EMAIL ADDRESS] or by fax at [FAX NUMBER].

Sincerely,

[DEVELOPER OR REPRESENTATIVE'S NAME]

School District Notification Policies and Procedures

For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

Criteria for Applicability

The provisions of this section shall apply to all applications to amend the General Plan and/or rezoning applications which will impact (increase or decrease) the projected number of students for any school district's attendance area as a result of the proposed amendment and/or rezoning.

The applicability of this section includes requests for amendment and/or rezoning which:

- Change General Plan designations, and/or
- Change zoning classifications that result in greater residential densities, thereby increasing the number of potential students.

Applicant Pre-Submittal Responsibilities

- 1) **30 days prior to submittal** the applicant shall provide the designated contact (see [School District Designated Contact List, Pages 32-33](#), for information) of the applicable school district(s) the following information via registered mail, with a copy to the City of Phoenix Planning and Development Department; Zoning Section; 200 West Washington Street; 2nd Floor; Phoenix, AZ 85003:
 - a) [Cover Letter](#) (see attached example, [Page 34](#))
 - b) Location map
 - c) 1 Full Size Site Plan
 - d) [School District Response Form](#) (see [Page 35](#)), with applicant and project information completed

School District Pre-Submittal Responsibilities for Amendment and Rezoning Requests Resulting in Greater Residential Densities

- 1) Upon receipt of the above information, the school district(s) shall review the materials and determine one of the following:
 - a) The school district has adequate school facilities to accommodate the projected number of additional students generated by the proposed amendment and/or rezoning within the school district's attendance area; or
 - b) The school district will have adequate school facilities via a planned capital improvement to be constructed within one (1) year of the date of notification of the district and located within the school district's attendance area; or
 - c) The applicant and the school district have entered into or are working on an agreement to provide, or help to provide, adequate school facilities within the school district's attendance area in a timely manner; or
 - d) The school district does not have adequate school facilities to accommodate projected growth attributable to the amendment and/or rezoning.
- 2) The school district shall determine the above with methodology approved and published by the appropriate school district.
- 3) In the event that the appropriate school district determines that there are not adequate school facilities for the proposed amendment and/or rezoning, the school district shall notify the applicant and the City of Phoenix that it does not have adequate school facilities to accommodate the amendment and/or rezoning via the form provided for that purpose.
- 4) In the event that the City does not receive certification from the school district within seven (7) days of the date of the application for amendment and/or rezoning, the application shall proceed on the basis of no finding on the adequacy of school facilities for the proposed amendment and/or rezoning. School district input thereafter may be sought by the City on the issue for consideration by the Village Planning Committee, Planning Commission, and/or City Council in making a decision on the amendment and/or rezoning application.

City of Phoenix Post-Submittal Responsibilities

- 1) The City shall review the school district's response and include the district's determination in the staff report prepared for the Village Planning Committee, Planning Commission, and City Council.
- 2) If the school district does not respond, the staff report will reflect no response on the part of the school district. The City may choose to contact the school district regarding the amendment and/or rezoning.
- 3) The determination form, if returned by the school district, shall be included as an attachment to routing materials and the staff report.

Notice of Airport in Vicinity

Planning Case Number: _____
(Completed by the City of Phoenix Planning and Development Department)

The owner/developer acknowledges that he/she is aware of the proximity of Phoenix Sky Harbor International Airport (and/or other airports).

We are aware the owner/developer will be required, by stipulation, to notify prospective future owners/occupants of the subject property within the boundaries of a Public Airport Disclosure area.

The disclosure notice to prospective purchasers follows State guidelines set regarding the properties in the City of Phoenix underlying the flight patterns of Phoenix Sky Harbor International Airport, Phoenix Deer Valley Airport, Phoenix Goodyear Airport, Glendale Municipal Airport, and the Scottsdale Municipal Airport. The Public Airport Disclosure area is defined and prepared in accordance to ARS, Section 28-8486. Copies of pertinent Airport Disclosure Maps are available from the Arizona Department of Real Estate's main office in Phoenix – 2910 N. 44th Street, Suite 100, Phoenix, AZ 85018, or from their web site (<http://www.re.state.az.us/AirportMaps/PublicAirports.aspx>). These maps are intended to generally depict areas of numerous aircraft overflights (operations).

Properties that are located within the boundaries of a Public Airport Disclosure Area will be subject to overflights of aircraft operating at the Airport. People are often irritated by repeated overflights regardless of the actual sound level at the overflight site. The stipulation should also include the proximity of the development to the nearest airport, operational areas, and conditions as follows:

Phoenix Sky Harbor International Airport is considered a busy large-hub airport. The number of takeoffs and landings at the airport average approximately 1600-1800 each day, but that number will vary and may increase with time. The majority of aircraft takeoffs and landings occur daily between 6:00 a.m. and 11:00 p.m.; however the airport is open twenty-four (24) hours each day, so takeoffs and landings may occur at any hour of the day or night. Altitudes of individual aircraft will vary with meteorological conditions, aircraft performance and pilot proficiency.

Phoenix Deer Valley Airport, Phoenix Goodyear Airport, Glendale Municipal Airport, and Scottsdale Municipal Airport, are considered busy general aviation/reliever airports. Operating hours vary for each airport, takeoffs and landings may occur at any hour of the day or night. Altitudes of individual aircraft will vary with meteorological conditions, aircraft performance and pilot proficiency.

The above mentioned airports have been at their present location for many years and future demand and airport operations may increase significantly in the future.

Flight tracks and traffic patterns may extend several miles beyond the Airport boundary. For that reason, the property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (for example: noise, vibration, or odors). Individual sensitivities to these annoyances can vary from person to person.

When residential and other noise sensitive buildings are constructed within noise contours of 65 DNL or higher, steps should be taken to achieve reduced interior noise levels.

The owner/developer acknowledges receipt of this notice.

Notice of Airport in Vicinity Instructions for Submittal

Development Customer,

You have received these documents because you are required to disclose that your development site is in defined proximity to an airport.

Attached you will find two templates for your use in completing an airport proximity disclosure notification. The "Notice to Prospective Purchasers of Proximity to Airport" contains wording for the notice that has been approved by City attorneys. You will notice brackets at several locations in the document. Please fill in the appropriate information and delete the brackets. This includes inserting your KIVA project number or zoning case number, as well as the name of your development team leader or zoning planner. This will assure that the recorded document is returned and filed correctly, thereby satisfying your stipulation.

The second template, Legal Description, will be written by you and should be the legal description of your parcel or development. Remove the brackets and everything in between and substitute your legal description. This will be "Exhibit A" as referenced in the airport proximity disclosure notification. You will need to have an authorized representative (owner or developer) sign this document for recordation.

Third, you need to obtain a current Federal Aviation Administration (FAA) map for the relevant airport. These maps can change from time to time as dictated by the FAA. An updated copy of the Airport Disclosure Map is available from the Arizona Department of Real Estate – 2910 North 44th Street, Suite 100, Phoenix, AZ 85018, or from their web site: <http://www.re.state.az.us/AirportMaps/PublicAirports.aspx>. This will be "Exhibit B" as referenced in the disclosure notification. Please note that the web site changes from time to time, but is always located at the Arizona Department of Real Estate. If it is not at the above link, try drilling down through public information documents from the home page located at: <http://www.re.state.az.us>.

After you assemble these three documents, take them to the County Recorder's office at 111 South Third Avenue, Phoenix, AZ 85003, and have them recorded with your property or your development's Covenants, Conditions and Restrictions (CC&Rs). The Recorder's Office will stamp them and give them a document number. You can then mail this to the address at the top of the disclosure notification, or simply hand carry it, to complete the stipulation of disclosure. When the recorded document appears in the site plan file, your stipulation will be satisfied.

In the event of difficulties:

- 1) Supervisors at the County Recorder's office have indicated that the document must be signed. We have included a signature block on the Legal Description attachment. It is NOT necessary to notarize your disclosure. If you are told that it must be notarized when you attempt to record, the County Recorder's Office suggests that you ask to speak with a supervisor.
- 2) The attached map does not meet legibility requirements per the County Recorder's guidelines. However, supervisors have indicated that it is acceptable for recordation with the Notice because the original map has been recorded by the Airport, and there is an address and web site on the Notice directing a potential purchaser to the information. If you are told that your map is not acceptable, the County Recorder's Office suggests that you ask to speak with a supervisor.

If you need further assistance with these instructions, please contact your team leader or planner.

NOTICE TO PROSPECTIVE PURCHASERS OF PROXIMITY TO AIRPORT

All of the real property (the "Property") described in "Exhibit A" attached to this Notice, said Property also to be known as [NAME OF DEVELOPMENT, IF APPROPRIATE], lies within the boundaries of the Public Airport Disclosure area for [NAME OF AIRPORT]. The Property is located approximately [NUMBER OF MILES, SHORTEST DISTANCE] from [NAME OF AIRPORT].

The disclosure notice to prospective purchasers follows State guidelines regarding the properties in the City of Phoenix underlying the flight patterns of [NAME OF AIRPORT]. The Public Airport Disclosure area is defined and prepared in accordance to Arizona Revised Statute, Section 28-8486, and generally depicts areas of numerous aircraft overflights or aircraft operations. As of the date of this filing and attached as "Exhibit B" is the current Public Airport Disclosure Map which provides noise and overflight information. Updated copies of pertinent Airport Disclosure Maps are available from the Arizona Department of Real Estate's main office in Phoenix – 2910 N. 44th St., Suite 100, Phoenix, AZ 85018, or from their web site <http://www.re.state.az.us/AirportMaps/PublicAirports.aspx>.

Properties located within the boundaries of a Public Airport Disclosure Area will be subject to overflights of aircraft operating at the airport. People are often irritated by repeated overflights regardless of the actual sound level at the overflight site.

Phoenix Sky Harbor International Airport is considered a busy large-hub airport, and one of the busiest airports in the nation. The airport is open twenty-four hours each day, so takeoffs and landings may occur at any hour of the day or night. There are a significant number of takeoffs and landings at the airport and the volume of traffic is expected to increase with time. Altitudes of individual aircraft will vary with meteorological conditions, aircraft performance and pilot proficiency.

Phoenix Deer Valley Airport, Phoenix Goodyear Airport, Glendale Municipal Airport, and Scottsdale Municipal Airport are considered busy general aviation/reliever airports. Operating hours vary for each airport; takeoffs and landings may occur at any hour of the day or night. Altitudes of individual aircraft will vary with meteorological conditions, aircraft performance and pilot proficiency.

The above mentioned airports have been at their present locations for many years. Future demand and airport operations are anticipated to increase significantly in the future.

Flight tracks and traffic patterns may extend several miles beyond the Airport boundary. For that reason, the property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (for example: noise, vibration, or odors). Individual sensitivities to these annoyances can vary from person to person.

When residential and other noise sensitive buildings are constructed within noise contours of 65 DNL or higher, steps should be taken to achieve reduced interior noise levels.

Any questions regarding the content of this Notice can be directed to the City of Phoenix, Aviation Department, Planning and Environmental Division, at (602) 273-3340.

Process for Review of Projects Utilizing SRP Canal Bank Right-of-Way

For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

City of Phoenix Pre-submittal Consultations

Planning and Development Department rezoning applications and site plan review:

1. Review the Canal Design guidelines found in Section 507 Tab A Urban Design Principles in the Phoenix Zoning Ordinance. These guidelines include requirements, presumptions and considerations related to development on canal banks and adjacent to them. They cover seven topics: physical accessibility (both public and private), visual accessibility, landscaping features within canal rights-of-way, safety, power easements, adjacent land uses, and urban area and suburban area canalscape treatment design continuity.
2. In all residential, commercial, commerce park, and industrial districts, canal rights-of-way shall be treated as public street right-of-way for setback and landscaping purposes. However, if landscaping is placed in the canal right-of-way adjacent to development, the landscape setback may be reduced equal to the depth of the right-of-way landscaping, if at least ten feet are landscaped on the bank. If no landscaping is provided on the canal bank due to physical constraints, a 10 to 15-foot landscaped setback is required adjacent to the canal bank depending on the district. The setback area is not for parking or maneuvering.
3. Canal right-of-way of 25 feet will be counted as part of the gross area allowable for density if the project has complied with design guidelines for canal banks including landscaping of canal bank right-of-way. Canal bank right-of-way of 25 feet will also be counted as part of net area used to calculate allowable lot coverage when the development has complied with the design guidelines for canal bank development including landscaping of canal bank right-of-way. There is no additional open space requirement for landscaping the canal bank.
4. Eight-foot open wrought iron fences are allowed abutting canal rights-of-way as described in Guideline 2.2.4. This fence must be located on private property.
5. There will be additional fees for processing a project using canal bank rights-of-way by the City of Phoenix if the landscaping plan for the canal right-of-way is submitted on the same sheet as the landscaping plan for the entire development.
6. A use permit will be required for outside dining in canal bank rights-of-way. Outside dining must be accessible from the canal bank and unfenced from the canal bank so that pedestrians are not blocked from continuous passage along the canal bank.

Salt River Project Pre-submittal Consultations

1. Contact the Property Management Division of SRP's Land Department at 602-236-3117 to set up a pre-submittal consultation. This division will coordinate discussions with power and water staff. At the initial meeting, if given the location of the site one week prior to the meeting, SRP staff will determine available right-of-way and the feasibility of development concepts. If the site is not identified one week prior to the meeting, SRP staff will determine the available right-of-way within one week of the meeting.
2. SRP charges a license fee for development on canal bank rights-of-way which is more than landscaping and pedestrian amenities such as use of rights-of-way for outside dining purposes or other commercial uses.
3. SRP also charges a \$500 fee for review of landscaping plans on the canal bank rights-of-way and requires submittal of 15 copies of plans to the Property Management Division. The initial review process takes three weeks. After initial review, SRP will provide a letter saying that the preliminary concept is feasible. A copy of this letter should be provided to the City of Phoenix at the time of preliminary site plan review submittal and at the time of filing for rezoning if a rezoning application is involved. The letter should include the specific amount of right-of-way available.

Joint License Agreements

1. SRP requires the City of Phoenix to enter into a license agreement with them for all improvements made on the canal bank rights-of-way by the city or by a developer in accordance with the City's ordinance. This license agreement holds the city responsible for the proper installation and maintenance of any improvements per the approved plans and any liability resulting directly from the construction or installation of the improvements.
2. The city requires a license agreement with the property owner for property maintenance of the improvements. The city provides a liability insurance policy covering the city, SRP and property owner for liability related to the installation of the improvements and events related to their presence. The city also requires the property owner to post a bond or cash equal to \$.50 per square foot of landscaped area. Maintenance responsibility runs with the land. All license agreements require three copies of the approved plans, a legal description of the private adjacent property and a legal description of the SRP area to be improved.
3. Clearance areas: SRP requires a minimum of 15 feet from the water's edge to remain free of improvements so that a truck can drive down the canal bank. There are also access and clearance requirements for overhead utility poles and lines.
4. Plant materials: SRP provides an approved plant list. Landscaping must also be approved by the City of Phoenix Parks and Recreation Department, as the city would be responsible for maintenance if the property owner defaulted.
5. Watering system: A permanent irrigation system must be installed that does not depend on a use of canal water. SRP canal rights-of-way must remain open for public access. They may not be fenced off for private use.
6. Cultural resource clearance: You may be required to obtain a cultural resource clearance if your project will change the look of the canal itself as a historic feature. Examples would include adding new pedestrian or motor vehicle bridges or major new recreational pathways with benches and public art. The other reason would be for a significant amount of excavation along a portion of a canal where archaeological sites might be present. (There is a list of general locations where these sites have been found and where clearance would be needed for excavation. Other locations would not need a cultural clearance.) Shallow trenching to bury drip irrigation lines would ordinarily not require clearance. SRP decides if clearance is necessary. If clearance is required, it takes about six weeks and costs about \$500 for the Bureau of Reclamation to do the work and notify the State Historic Preservation Office of the results.
7. The City of Phoenix Planning and Development Department Development Division will notify the Planning and Development Department Zoning Section of a proposal requiring a license agreement. Planning and Development Department staff will notify the Parks and Recreation Department to review the landscaping, Risk Management to make an amendment to the insurance policy, and the Law Department to prepare the license agreement. Executed copies will be distributed to SRP, the property owner, and the Parks Department.

RE: Designation of Electric Substation locations.

To Municipal Permit Applicant:

Continuing growth in urban areas of the Valley of the Sun necessitate extension of critical infrastructure to support increasing electricity needs. In response to these needs, SRP has determined a need for power distribution substations every four square miles to ensure a reliable supply of electricity. These substations are typically located on sites of 2 acres, being approximately 300 feet by 300 feet square in dimension.

In order for both developers and end-users alike to have accessible power, SRP is requesting that developers consider the need for a substation site concurrent with the municipal entitlement and permitting process. Through the municipal planning process provision for critical infrastructure including water, sewer and electricity assure these necessities for the end-user. SRP is requesting consideration of a location for the substation site to support the electric load generated by the developer's respective project. Upon determination of a need and a jointly acceptable location, SRP will offer compensation based on fair market value to secure that 2 acre site.

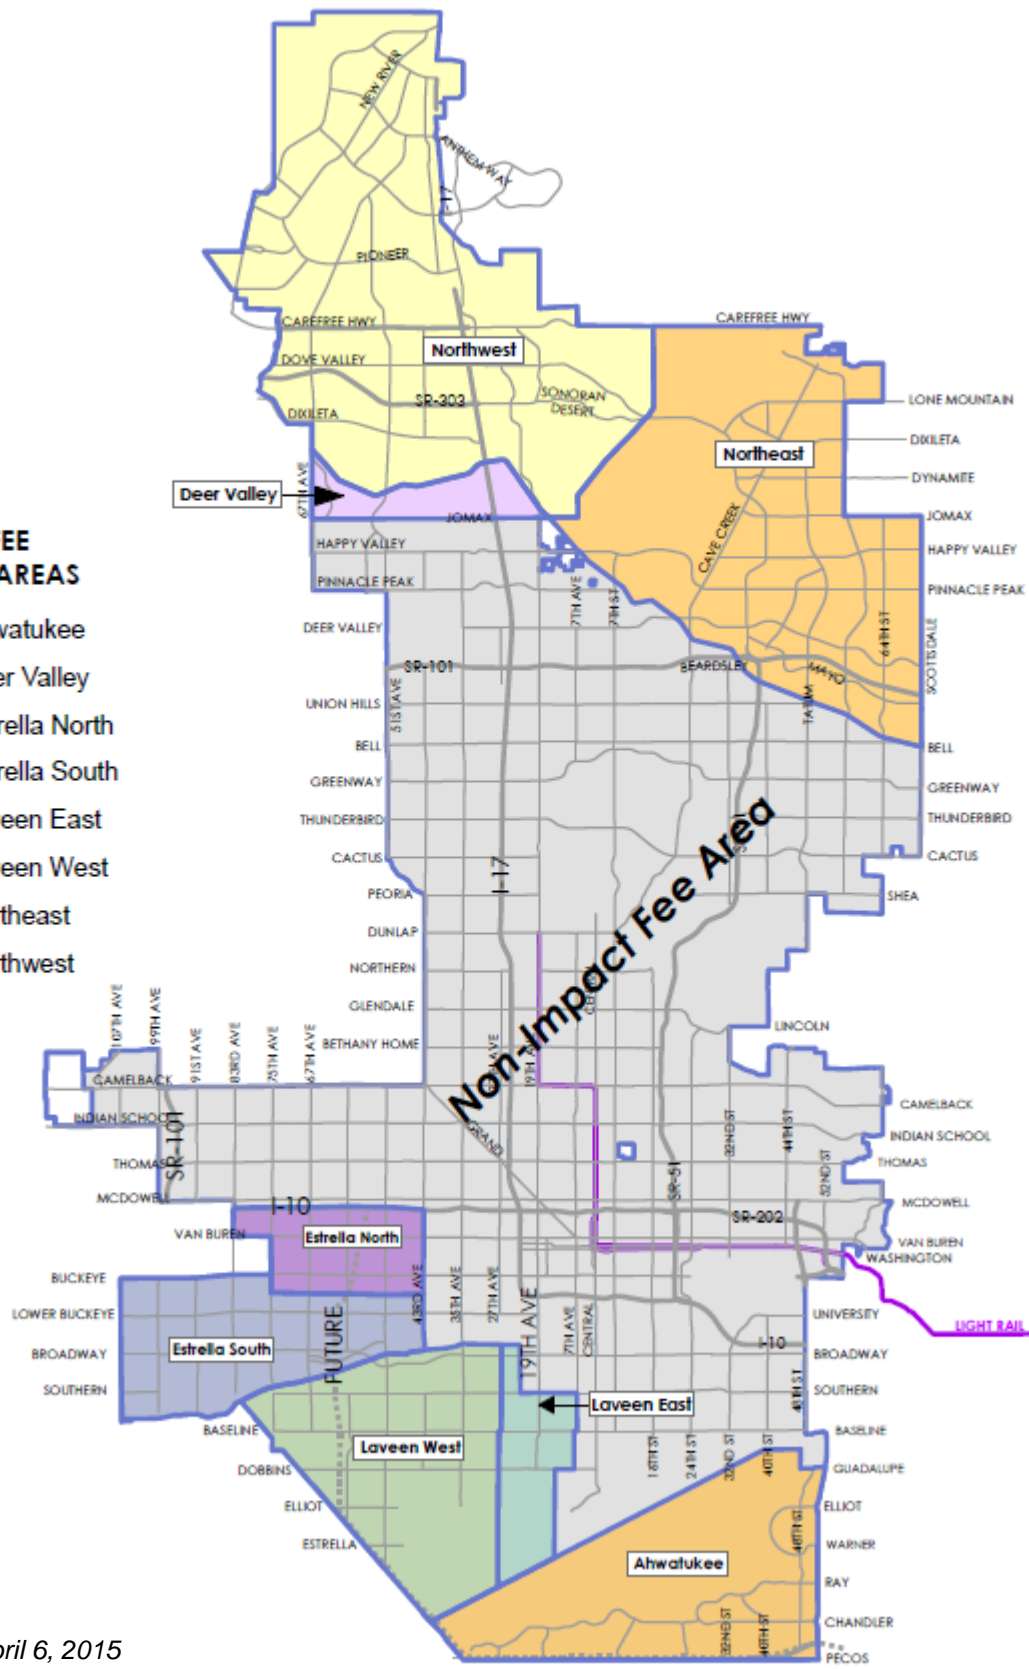

Prior to submittal of plans to the City/Town for permitting, please contact Ken Alteneader at SRP's Distribution Planning Department at 602-236-0977, to discuss the electric load projected to be generated by your project. SRP will assist you in determining workable points of power delivery to assure accessible, reliable electric service to support your development plans.

Sincerely,
LAND DEPARTMENT

Standard Rezoning Process

This is a typical flow-chart intended to show the general steps to rezone property. It is not an all inclusive list of the steps as unique circumstances often arise as part of the rezoning process. For additional information, please call the Planning and Development Department, Zoning Section at 602-262-7131, option #6.

Note: Variance or use permit hearings may not be held until after the appeal period of the rezoning application.
