Health Clinic Still Open

As many businesses and services are coming back online, getting a doctor's appointment for non COVID-19 related issues can still be challenging. We want to remind you that the city of Phoenix Employee Healthcare Clinic is a full service, reliable option for all your healthcare needs including personal injuries, routine healthcare and COVID-19 symptoms.

Located in Banner Urgent Care just a few blocks from City Hall, the clinic offers no- or low-cost service, on site x-rays and labs, free parking (after ticket validation), extended hours and many other benefits. Employees and their dependents enrolled in a city of Phoenix medical plan can be seen at the clinic. You can schedule an appointment online using [Clockwise](#).

For questions, please call 602-255-7651 or email benefits.questions@phoenix.gov.

Reminder: City employees can get COVID-19 testing:

The city of Phoenix, in partnership with Banner Health, has a COVID-19 testing location at the Arizona State Fairgrounds available for city employees who are either on-site working currently or planning to return to the workplace. The testing is to check for the live virus, and not the antibodies.

To get tested, you must make an appointment by calling 1-844-549-1855.

Job Openings

WATER SERVICES TECHNICIAN (Critical Position):
\$16.98 - \$22.12/hour.

Performs a variety of field work including semi-skilled maintenance, preventative maintenance tasks, meter reading and meter repair in the Water Services Department, Water Meter Division. Assignments will vary based on operational needs, including working as a route person or a rover. **Requires** experience performing utility meter reading or maintenance or ADEQ Water Distribution Grade 1 certification.

DID YOU KNOW: During the current health crisis, city job interviews are being held primarily by video or audio conference? Be sure to ask for a system test in advance of the interview if you have not used WebEx, Skype, or any other technology that is being used for the interview.

Vote for the Orpheum

Phoenix employees, it's that time again to vote for your favorite Valley Performance Theater! You can show your support for the city's Orpheum Theatre in Phoenix Magazine's annual Reader's Choice Poll by [voting online](#). You can find it by clicking on *Lifestyle*, then selecting the *Performance Theater* category. Thank you for supporting the Phoenix Convention Center & Venues!

Census 2020

Completing the Census takes only a few minutes and will greatly help Phoenix receive federal funding to pay for essential services. Visit iCount2020.info

New Sound System

Phoenix's historic Orpheum Theatre ushers in a melodic future with a new Yamaha RIVAGE PM7 digital mixing console sound system. The new system provides Orpheum clients turnkey audio services while guests will enjoy an enhanced experience with improved sound quality in the 90-year-old venue.

The theater, which underwent a 12-year, \$14 million renovation and reopened in 1997, has been in operation ever since. Improvements to the Orpheum Theatre have been continuous since reopening. The sound system was very dated and often required touring shows using the Orpheum to rent and haul in their own gear because of outdated technology.
