SBE Program Gets Down to Business

The city's Small Business Enterprise (SBE) Program can help local companies learn about new opportunities. Businesses can learn about procurement, construction subcontracting, small business management, and other educational services. They can also learn about technical assistance and networking opportunities within the city of Phoenix.

To learn more about the SBE Program, visit [Phoenix.gov/EOD/Programs/SBEservices](https://www.phoenix.gov/EOD/Programs/SBEservices).

Clean Water Starts with You

When it rains, stormwater flows over driveways and streets picking up pollutants such as trash, oil, pet waste, and lawn chemicals and carries them into the storm drain system.

Unlike water from our kitchens and bathrooms, stormwater goes untreated directly into washes and riverbeds. So please report illegal discharges into the storm drain system by calling the Stormwater Hotline at **602-256-3190**.

6 Simple Ways to Reduce Waste

A new school year is just around the corner, so consider these tips:

- Reuse backpacks, binders and other school supplies.
- If your school provides a list of recommended school supplies, follow the list to avoid purchasing unnecessary items.
- Consider local donation centers for gently used school supplies.
- Donate old school supplies that you don't need.
- Need a textbook? Try a textbook rental service. Often you can save money and prevent waste.
- Finally, if you aren't sure what to put in your recycle container, visit [Phoenix.gov/Recycle](https://www.phoenix.gov/Recycle) and search for items using the new Zero Waste Assistant.
