Save web portal to mobile device home screen – Android
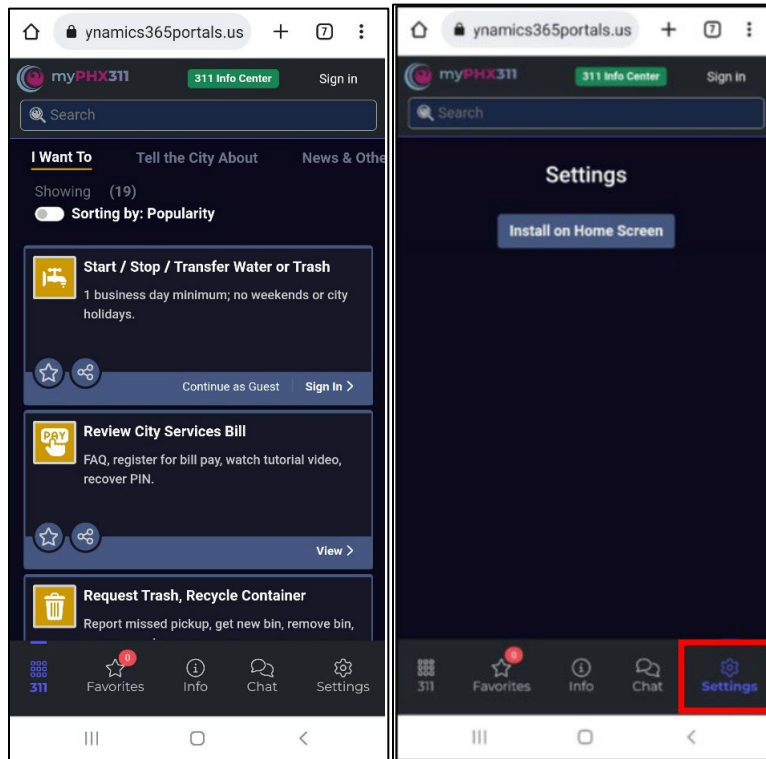

On the mobile device, go to www.phoenix.gov/myphx311 The view will default to the *I Want To* tab.

Next, tap **Settings** in the lower right corner.

On the *Install app* pop-up, tap **Install**.

Note: As designed, *Settings* disappears when the shortcut is created and installed.

myPHX311 is now added as a shortcut on the mobile home screen. Tap the icon to begin.
