## **Phoenix Police Rolls Out 2024 Crime Reduction Plan**

The Phoenix Police Department is excited to releasing its new Crime Reduction Plan aimed at making Phoenix a safer place to live, work and visit.

This plan is designed to provide guidance to staff on preventing and reducing crime by utilizing a community and victim-centered approach and focusing on a number of key areas.

This year's plan will build on the successes of the 2023 Crime Reduction Plan. The new plan addresses the fentanyl epidemic and increase in juvenile violent crime along with the 2023 strategic priorities of focusing on the most violent offenders, the most active areas, prohibited possessors and those with warrants.

Commanders in each precinct will use the Crime Reduction Plan as a guide to customize action plans for their specific areas. This will help address the issues in individual neighborhoods and business communities in each precinct.

A copy of the Crime Reduction Plan and additional information can be in a PHX Newsroom story [here](#).
