**Location:** 4500 North 86<sup>th</sup> Avenue  
**Victim:** Andrué Encizo, 25-year-old male, deceased

## **West Phoenix Shooting Leaves One Man Dead, Another Injured**

(October 19, 2024): Detectives interview and release multiple people after investigating a verbal argument between known individuals that turned deadly.

Officers were called to a shots fired call at a home near 86<sup>th</sup> Avenue and Minnezona Avenue on Friday evening. When officers arrived, they found a man suffering from a non-life-threatening gunshot wound. The fire department responded and transported the man for treatment. As officers were continuing their investigation, they received information from dispatch stating a second victim was taken to a nearby hospital. The victim, 25-year-old Andrué Encizo, was brought in by witnesses with a gunshot wound. Encizo was treated by medical staff but later died from his injuries.

Multiple individuals were detained and taken to police headquarters for interviews with detectives. Those individuals were later released pending further investigation. Preliminary information indicates all the individuals involved in the shooting are known to each other and an argument occurred between the group. During the argument, shots were exchanged, which resulted in two people being hit.

The case will remain active as detectives continue to process the evidence. A final charging decision will be made once the investigation is complete.
