South Side Collision Leaves One Dead Two Hospitalized

(March 3, 2024) Phoenix Police detectives are investigating a late morning collision that resulted in one death and two hospitalizations.

On March 3, 2024, around 10:45 a.m., officers responded to the area of 7th Avenue and Baseline Road regarding a collision that resulted in injuries. When officers arrived, they located multiple adult occupants of the two involved vehicles with injuries. Three of these occupants were transported to nearby hospitals for treatment. A driver of one of the vehicles involved and one of his passengers remain in the hospital in stable condition. An adult female passenger from the same vehicle, identified as 27-year-old Samantha Stanley, did not survive her injuries and was pronounced deceased. The other driver was treated by fire on scene.

Detectives responded to take over the investigation. Preliminary information suggests one vehicle was westbound on Baseline Road and making a southbound turn into a private drive when it was struck by the other vehicle which was heading eastbound. Fault for this collision will be determined once the accident reconstruction process is concluded. Additional details about the collision remain part of the ongoing investigation.
