ARIZONA UNIFIED CERTIFICATION PROGRAM (UCP) FOR DISADVANTAGED BUSINESS ENTERPRISES (DBE)

The Arizona Unified Transportation Registration and Certification System (AZ UTRACS) is a centralized database of companies that have indicated that they are ready, willing and able to perform work on federally funded ADOT and local government transportation projects in the state of Arizona. The AZ UTRACS database/web portal also contains Certified Disadvantaged Business Enterprises (DBE) and registered Small Business Concerns (SBC) throughout the state of Arizona.

The Arizona Unified Certification Program (UCP) works to certify all firms wishing to be certified with USDOT. The UCP members include the City of Phoenix, which certifies all firms located in Maricopa County, and the City of Tucson, which certifies all firms located in Pima County. ADOT conducts certifications for firms in all other counties as well as firms located in other states. **To find the current list of DBEs certified by UCP members, please visit:**
