## **GENERAL NOTICE**

### **ARIZONA UNIFIED CERTIFICATION PROGRAM (UCP) FOR DISADVANTAGED BUSINESS ENTERPRISES (DBE)**

The Arizona Unified Certification Program has been established to facilitate statewide Disadvantaged Business Enterprise (DBE) certification. The UCP eliminates the need for DBE applicant businesses to obtain certification from multiple agencies, and provides reciprocity within Arizona. The Arizona Department of Transportation, City of Phoenix and the City of Tucson are members of the Arizona UCP. The official UCP DBE database, located at "[www.azdbe.org](http://www.azdbe.org)" includes DBE firms certified by these three agencies. **Companies who are meeting goals on FAA, FHWA and FTA federally funded contracts can only use the DBEs certified by the Arizona UCP.**

This website is user friendly and allows users to search by company name or owner's first or last name, and all firms with like names will appear. The website also allows searches by NAICS code and company description to help prime contractors identify DBEs certified in specific scopes of work.

**Please note** that the City of Phoenix SBE Database can no longer be used to check a firm's DBE status. **Please use the new website at:** [www.azdbe.org](http://www.azdbe.org)

<https://adot.dbesystem.com>

### **SMALL BUSINESS ENTERPRISES**

The City of Phoenix Small Business Enterprises (SBE) Program gives eligible firms the opportunity to qualify and participate in City contracts as a certified SBE firm. SBE participation is either required as stated in each solicitation or strongly encouraged on all other projects. The City of Phoenix maintains a database of certified SBE firms at:

<https://phoenix.diversitycompliance.com>

### **PROCUREMENT PROTEST PROCEDURES**

Firms wishing to respond to disqualification or a procurement outcome may refer to The Code of the City of Phoenix Chapter 2, Section 2-188 which governs protest procedures utilized throughout the selection process. The procedures may be reviewed through the City of Phoenix website at:

<http://www.codepublishing.com/az/phoenix/>
