

# Every Drop Counts!

The City of Phoenix (COP), Phoenix Union High School District (PXU), and ASU Sustainable Cities Network present:

## 2023 Sustainability Challenge

This year the COP will challenge students in the PXU to learn about water conservation. Topics vary from water use in our personal lives to regional and national issues surrounding water.

Two competing groups of large and small schools:

### Challenge Dates

March 20  
to  
April 21

**1<sup>st</sup> Place**  
\$1,500

2 Winners per group

**2<sup>nd</sup> Place**  
\$1,000

2 Winners per group

### Weekly Topics

Week One:  
**Water Conservation is in Style**

Water use in the **Fashion Industry** has a significant impact. Learn how to make more water-wise choices for your closet.

Week Two:  
**Save Every Drop**

Focusing on **Household Water Consumption**, how can we reduce the amount of water we use daily?

Week Three:  
**Desert Minded**

**Green Spaces** can use a lot of water but needed in a desert environment. Let's redesign a green space at school!

Week Four:  
**R.E.S.P.E.C.T. the River**

The **Colorado River** is an important water source for not just Arizona, and we should use the water from the river wisely.

Week Five:  
**Now Water We Gonna Do?**

Now that we have learned about different water issues, what can we do to positively impact **our communities?**
