

**INDUSTRIAL PRETREATMENT SETTLEMENT AGREEMENT
BETWEEN THE CITY OF PHOENIX AND
GLOBAL HEALING CENTER, LLC.**

This INDUSTRIAL PRETREATMENT SETTLEMENT AGREEMENT ("Agreement") is made and entered into by and between the CITY OF PHOENIX (the "City"), an Arizona municipal corporation, and GLOBAL HEALING CENTER, LLC., ("Industrial User"), a Texas Limited Liability Company with operations at 925 East Salter Drive, Phoenix, Arizona 85024-5648 ("Facility"). The City and Industrial User are referred to individually as "Party" and collectively as "Parties."

RECITALS

- A. Pursuant to the Clean Water Act (33 U.S.C. 1251, et seq), General Pretreatment Regulations (40 C.F.R. Part 403), Arizona Revised Statutes (A.R.S. § 9-276 and § 49-391), Phoenix City Charter (Ch. IV § 2), and Phoenix City Code (Ch. 28), the City administers an Industrial Pretreatment Program ("IPP") to permit the discharge of industrial wastewater to the City's Publicly Owned Treatment Works ("POTW") and an Enforcement Response Plan ("ERP") to investigate and respond to instances of noncompliance.
- B. Pursuant to the City's IPP, Industrial User was issued Class A Wastewater Discharge Permit No. 1809-33358 ("Permit") on August 20, 2018, incorporated herein by this reference, authorizing the discharge of industrial wastewater from its Facility to the City's POTW in accordance with the effluent limitations, sampling requirements, and other conditions set forth in the Permit.
- C. Industrial User was issued the following Notice of Violation (NOV), incorporated herein by this reference:
 - 1. November 7, 2022, Notice of Violation for the discharge of industrial wastewater in violation of discharge limits for concentrations of zinc.
- D. The Parties met on September 19, 2023, for a Show Cause Proceeding, at which the Parties addressed the events and circumstances that led to the issuance of the NOV by the City.
- E. Industrial User outlined extensive steps taken once NOV was received, including attempted retesting, and sampling to determine how the violation occurred. Additionally, at considerable expense, Industrial User implemented new disposal procedures for handling of all metals-laden residual production cleaning wastewater containing zinc, copper and selenium. In order to ensure that no future violations occur, all wastewater containing these elements is stored in appropriate 55-gallon containers and removed by a licensed waste removal company.

- F. The Parties desire to resolve all disputes between them arising out of the NOV.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, and other good and valuable consideration, the receipt of which is acknowledged, the Parties, intending to be legally bound, agree as follows:

AGREEMENT

1. Recitals. The Recitals set forth above are incorporated by this reference.

 - 3.1. Settlement Terms. Due to the extensive pre-emptive action taken by Industrial User no civil fine will be assessed. Industrial User will continue with the new procedure for having all zinc, copper and selenium containing wastewater transferred and stored in 55-gallon drums and removed by a licensed waste removal company.
4. Public Comment Period. Upon execution of this Agreement, the City must provide a public comment period of thirty (30) days pursuant to A.R.S § 49-391(C) and Phoenix City Code Ch. 28 Art. IV Sec. 28-46.7.
 - 4.1. Notice Fee. Upon the Effective Date of this Agreement, Industrial User must pay a notice fee to the City of five hundred dollars (\$500) pursuant to Phoenix City Code Ch. 28, Art. 7. Release. As of the Effective Date of this Agreement, the City acknowledges complete satisfaction of all demands, penalties, liabilities, and actions arising out of the NOV, and releases Industrial User (and its affiliates, partners, stockholders, directors, officers, employees, agents, assigns, or successors-in-interest) from any further claims alleged in the NOV.
 - 7.1. Limited Release. This Release does not preclude the City from considering the violations set forth in the NOV in future enforcement actions regarding noncompliance with the Permit or any other pretreatment requirement.
