ENVIRONMENTAL CHARGE	\$0.62	\$0.93

Notes

- 1 The Monthly Service Charge is a flat amount which includes 4,488 gallons (6 CCF) of water for October through May and 7,480 gallons (10 CCF) for June through September. One hundred cubic feet unit equals 748 gallons.
- 2 User and Other Charges are charged on the water consumed after the units included in the fixed charge. The User Charge includes \$0.42 per unit (\$0.63 outside city) for Raw Water costs.
- 3 In addition to the User and Other Charge, there is an Environmental mandates Charge per the total number of units metered.
- 4 Users outside the City of Phoenix, except for service within the Town of Paradise Valley, are charged 150% of the applicable rate.
- 5 The above charges are subject to applicable sales taxes and surcharges.
