

PHX WATER SMART

TOILET AND SMART IRRIGATION CONTROLLER INCENTIVES

FOR RESIDENTIAL CUSTOMERS

ABOUT THE INCENTIVE PROGRAM

Phoenix Water Services is now offering financial incentives to help you save time, money, and water!

Upgrade your old toilet and/or switch to a smart irrigation controller using these \$75 incentives.

Please ensure you review the eligibility requirements **before** you purchase and install a product. Use the QR code to learn more.

APPLICATION PROCESS AND DOCUMENTATION

Apply and submit all documents for the incentives through the myPHX311 website. If you do not have an account, you can create one or use the platform as a guest using your City Services Bill information. Applicants must provide the following items:

- A W-9 form.
- An Affidavit of Lawful Presence (proof of actual residence).
- Photo evidence of upgrades. Visit our website for more details.

WATER SAVINGS CAN BENEFIT RESIDENTS AND THE ENVIRONMENT

Each new toilet and irrigation controller can save approximately 10,000 gallons of water per year. This is a huge savings in water and money over the lifetime of the products, providing benefits for customers and future generations.

INCENTIVES BEING OFFERED

Water-Efficient Toilets

Buy and install an EPA WaterSense-labeled water-efficient toilet and receive up to \$75. The old toilet must be 3 gallons per flush or greater. Acceptable products must appear on the EPA WaterSense list of approved toilets.

Smart Irrigation Controller

Buy and install an EPA WaterSense-labeled smart irrigation controller to receive up to \$75. The old irrigation controller must be a standard controller without smart technology capabilities. Acceptable products must appear on the EPA WaterSense list of approved controllers.
