RE: IGNiGHT

Dear Ms. Wesley,

Thank you for communicating with our team regarding your planned activity of IGNiGHT on March 19-21, 2021. Under normal conditions the City of Phoenix would not be involved in a "special event" like this however, during this pandemic the Governor's Executive Order 2020-43 authorizes the City of Phoenix to approve "public event" greater than 50 people if the plan is to implement "adequate safety precautions."

It should be clearly understood that approval does not mean your guests, or your staff, are not at risk from the COVID-19 pandemic. There is no pathway we could outline that would establish with 100% certainty that no one will contract the virus. Additionally, the City of Phoenix accepts no liability, and offers no indemnification, for anyone electing to be at this event. Finally, the plan needs to include a waiver that includes the City of Phoenix.

Our understanding of the event is as follows:

- Total attendance for the event is 125 over the 3-day period
- There will be no food at this event, water will be distributed in bottle form only
- During the event, capacity has been limited to 10 ticketed individuals for 15-minute viewing periods over the course of the 3-day event
- Volunteers will accompany the groups during their viewing time to enforce time limits and social distancing guidelines
- Temperature checks are being performed prior to attendees and volunteers entering the event
- Restrooms cleaned regularly
- Electronic tickets will only be purchased in advance of event and queue will be organized for attendees

In addition to the above, we require the following stipulations:

- Health screening should include a CDC recommended health questionnaire for staff and attendees prior to entry to the event
- Provide clear standards for appropriate masks per CDC recommendations and provide masks to attendees who did not bring their own
- Volunteers escorting groups during their viewing time should enforce 6 feet of distance between attendees
- Provide hand sanitizing stations throughout the event area
- Enforce social distancing during any queuing prior to entrance into the event

The City of Phoenix is approving the event scheduled for March 19-21, 2021. While we are approving your submitted plan we reserve the right to re-evaluate that approval if there is evidence that you are not complying with the protocols set forth in your plan or if there is a sudden and dramatic increase in the COVID-19 infection rates within our community.

The COVID-19 Operational Protocols that you are required to implement and enforce will be posted on the City's website and a copy will be submitted to the Arizona Department of Health Services in accordance with Executive Order 2020-59 issued by the Governor on December 2, 2020.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffery J. Barton". The signature is stylized with a large, looping initial "J" and a long, sweeping horizontal stroke at the end.
