

Public Notice: Emergency Housing Vouchers (EHV)

City of Phoenix Housing Department

August 5, 2021

There are new resources available for individuals and families experiencing homelessness! These resources are accessible through Coordinated Entry. If you are not currently experiencing homelessness but at risk of losing your housing, please contact your local Community Action Agency ([Agency List](#)) or view the following website to locate the closest Emergency Rental Assistance Program: [Click here](#).

EHV Qualifying Categories

To be eligible for an EHV, an individual or family must meet one of four eligibility categories:

1. Homeless
2. At risk of homelessness
3. Fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking
4. Recently homeless and for whom providing rental assistance will prevent the family's homelessness or having high risk of housing instability.

The Coordinated Entry team will help connect homeless households with services by working to understand the unique situations of families and individuals across the County. This includes collecting necessary information and then linking available resources such as rental assistance, emergency shelters, homeless housing programs, and homeless voucher programs.

If you are experiencing homelessness or know someone who is, please connect with a Coordinated Entry site.

- For **Families with minor dependent children** please call the Family Housing Hub at 602-595-8700 prior to going in person.

EHV Process

Eligibility for EHV's are limited to the Qualifying Categories listed above and are managed through a direct referral process from the Maricopa Regional Continuum of Care. Phoenix Housing Department will only accept referrals from the CoC partners. The EHV program is separate from the Housing Choice Voucher program.

The Process

What to expect at an Entry Point?

What happens Next?

1. Information Gathering

The goal is to learn more about your current housing situation and offer appropriate resources so we may assist you in creating a housing action plan.

2. Resources

Based on the information you provide, we will offer you resources that match your specific needs to help you better end your homelessness. For example, medical care, support in obtaining employment, and even identification services are just a few of many resources staff can offer to you.

3. Housing Plan

Once we have helped you explore potential resources to address any current housing barriers, we'll work together to create a short term housing plan like where you can stay for the next week or so. Next, we'll help you create a long term housing plan that focuses on safe and stable permanent housing.

Completing the process above DOES NOT guarantee housing or a voucher.

Work the Housing Plan!

Use the short and long term housing plan along with the resources you obtained to meet your goal! Some key items we have identified that are helpful for housing are:

1. **Increase Income**— connect to many organizations that provide employment services OR apply for Social Security income Benefits
2. Get at least **2 Valid forms of Identification** (State ID, Birth Certificate, Social Security card, etc.)
3. Get connected to **government benefits** like SNAP and AHCCCS
4. Look at **apartment/ housing** lists and find a place that you would want to live in that you can afford.

How will I know if I get referred to a housing program?

If a referral is made to housing, the housing provider will contact you! Be sure to provide all contact information upfront such as phone number, email, current mailing address, and any contact info for a case manager you may be working with.
