## Quick Start guide

Step one: Add and Invite Families

I want to	Manage Family Members								
Manage Family Members Manage the family members associated with your children and invite them to create an account child. Click the Add Family Member button to get started.									
Manage Family Add Family Member Invite Delete									
Access the Resources Library									
View Shared Resources	Select All	Child Name 👻	First Name	Last Name Ĵ	Email Address	Mobile Phone			
View Monthly Home		Bella Fernandez		Morina	valeriia.denga@teachingstrategies.com				

Choose a child record from the Select Child drop-down Enter family members' information and click save.

To invite multiple family members, select the checkboxes next to each family member, then select Invite.

## Step two: Select and send resources

Send resources to families from lesson plans
