Contractors (and sub-contractors) will have the opportunity to qualify for the Section 3 Program through business, employee, and/or contract certifications. Section 3 qualified contractors may be notified of other bid opportunities outside of the Housing Rehab section.

- **E. PROBATIONARY PERIOD:** Contractors meeting all required prerequisites shall remain on a probationary status until such time when the Contractor becomes the responsible low bidder and satisfactorily completes five neighborhood rehabilitation projects. Following this satisfactory completion, the Contractor shall be placed on the Qualified Vendors List. Unsatisfactory Contractor's performance during or after the probationary period, findings of fraud and/or falsification of any document, or is found to be listed on the HUD Debarment List after completing the probationary period, the Contractor will be removed from the QVL.

REASONS YOU MAY NOT RECEIVE BID PACKAGES:** It is your responsibility to keep your general liability insurance, auto insurance, workers' comp, contractor's license(s) and other required certifications current and to provide us with written proof when requested. If you are not receiving bids, it could be that one or more of these items have expired in our system. You may not necessarily receive notification of such, but you may call us to verify the status of these items in our system. Note too, that if you are not receiving any new bids it could be because:
 - (a.) You are late on a current project

7. Renovation, Repair and Painting (RRP) Rule Certification

The EPA's Lead Renovation, Repair and Painting Rule (RRP Rule) aims to protect the public from lead-based paint hazards associated with renovation, repair and painting activities. These activities can create hazardous lead dust when surfaces with lead paint, even from many decades ago, are disturbed.

Under the RRP Rule (effective April 22, 2010), any firm performing renovation, repair, and painting projects that disturb lead-based paint in homes, childcare facilities and pre-schools built before 1978 **must be certified by the EPA** (or an EPA authorized state) and must follow specific work practices to prevent lead contamination. The firm must have a Renovation Supervisor who is trained and certified by an EPA accredited training provider.

Since the majority of Neighborhood Services Department (NSD) rehab projects occur on properties built prior to 1978, **NSD requires all rehab contractors doing business with the department to hold the required EPA certification.**

Organizations that offer EPA RRP training can be found on the EPA website at https://www.epa.gov/lead under "Locate an RRP training class or provider".

The following are some organizations which may offer the EPA RRP training:

D-U-N-S Number Instructions

Before you can bid on government proposals, you will need to obtain a Dun & Bradstreet, or D-U-N-S (Data Universal Numbering System), number. The number is a unique nine-digit identification number for each physical location of your business. D-U-N-S Number assignment is free for all businesses required to register with the federal government for contracts or grants.

1. What do I need to get my D-U-N-S Number?

When registering for your D-U-N-S Number, you will need the following:

- Legal name
- Headquarters name and address for your business
- Doing Business As (DBA) or other name by which your business is commonly recognized
- Physical address, city, state and ZIP Code
- Mailing address (if separate from headquarters and/or physical address)
- Telephone number
- Contact name and title
- Number of employees at your physical location
- Whether you are a Home-Based Business

2. How do I get my D-U-N-S Number?

Good news! Getting your D-U-N-S Number is easy.

Go to: **http://fedgov.dnb.com/webform** to request your D-U-N-S Number. This process can take up to two days.

3. After I receive my D-U-N-S Number, what should I do?

You must register your new D-U-N-S Number in System for Award Management (sam.gov). This process will take approximately 30 minutes to complete if you have all the necessary information on hand, depending on the size and complexity of your entity (company).

See Item 9 -- instructions for registering your D-U-N-S Number in sam.gov

SAM (System for Award Management) www.sam.gov

To register in sam.gov as an entity:

- **Step 1:** Create a user ID and password at www.sam.gov
- Step 2: Login to sam.gov with your user ID and password
- **Step 3:** Gather all the required information needed to complete your registration:
 - DUNS number
 - Name
 - Address
 - CAGE or NCAGE code (automatically assigned if needed)
 - Taxpayer number
 - General information
- **Step 4:** Click on "Register New Entity": from the left side navigation pane.
- **Step 5:** Complete and submit the online registration. It is estimated that it will take approximately 30 minutes to complete registration if you already have all the necessary information on hand, depending on the size and complexity of your entity.
- **Step 6:** You will receive an email confirming that your registration is in process. Note that new registrations can take an average of 7-10 business days to process in SAM. SAM must send out some information for validation with outside parties before your registration can be activated; this includes TIN validation with the IRS and CAGE validation/assignment with DoD. This timeframe may be longer if the information you provide is flagged for manual validation by either party.

If you notice your registration has had a "Submitted" status for longer than 10 business days, and you have not otherwise been contacted to correct or update information, please contact the Federal Service Desk at 866-606-8220 or https://www.fsd.gov.

Visit D-U-N-S Request Service to obtain more detailed instructions on applying for your D-U-N-S Number. Also, see the FAQs for obtaining a D-U-N-S Number or visit System for Award Management (sam.gov).

4. My entity (company) is now registered with sam.gov, what's next?

After you have completed all the steps above, please send your D-U-N-S Number to Marcos Guzman, Housing Rehabilitation Supervisor, at marcos.guzman@phoenix.gov or call 602-534-4444.
