TRUCK OWNER OPERATOR

Contractor _____

This form is to certify that you are the owner and operator of your own truck. Proof of ownership must be verified for Owner/Operators of trucks for purposes of federal labor standards compliance. The Department of Labor has an enforcement position with respect to bona fide owner-operators of trucks who are independent contractors (the owner operator owns and drives the truck). Certified payroll including the names of such owner-operators do not need to show the hours worked or the rates paid, only the notation "owner-operator". This position does not apply to owner-operators of other equipment such as bulldozers, backhoes, cranes, etc.
