

Neighborhood Notification: Bicycle Improvements on 32nd Street from Union Hills Drive to Rose Garden Lane

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

About the Project

Where: 32nd Street from Union Hills Drive to Rose Garden Lane.

What: Where there is enough space on the roadway, bicycle lanes will be added, with buffers added whenever possible. The number of travel lanes will remain the same. This project does not remove or add parking.

When: Pavement maintenance (new asphalt) is scheduled for Fall 2022 and traffic lane improvements will happen shortly after.

Why: Buffers add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the buffers will help to guide cars and deter speeding.

What Will the Project Look Like?

Current Travel Lanes

Wahalla Ln to Beardsley Rd

Beardsley Rd to Mohawk Ln

Mohawk Ln to Rose Garden Ln

Proposed Travel Lanes

Wahalla Ln to Beardsley Rd

Beardsley Rd to Mohawk Ln

Mohawk Ln to Rose Garden Ln
