

## PROJECT UPDATE – November 2023 7th Street from Mineral Road to Dobbins Road

The City of Phoenix Street Transportation Department appreciates the community's participation and thoughtful input while it considered proposed changes to the section of 7th Street from Mineral Road to Dobbins Road.

In November 2022, the department shared an option to add bike lanes with the community through a pre-recorded presentation and encouraged feedback via an online survey. The input gathered from that outreach effort and engineering judgment were taken into consideration as department staff selected the final design.

### PROJECT DETAILS

- The proposed update would widen the 10.5-foot driving lanes to 11 feet and replace parking lanes with bike lanes.

### DECISION

- The decision is to remove all parking lanes and replace them with bike lanes along this corridor.

### WHAT'S NEXT

- The new lane configuration is scheduled to be striped during winter 2023.
