

## City of Phoenix

STREET TRANSPORTATION DEPARTMENT

### Improvement Project

The contractor will begin installation of electrical and landscape underground conduit in 5th Avenue on **June 3, 2020** for approximately 4 to 6 weeks. Construction of the pedestrian and bicycle improvements will follow.

Boring and trenching operations will occur intermittently in the intersections of McDowell Road, Lynwood Street, Willetta Street, and Culver Street.

#### What to Expect

- Contractor's work hours are generally between **6:00 am** and **4:00 pm** Monday thru Friday.
- Underground boring operations will be utilized wherever possible, however open trench operations will be required at some intersections.
- Intermittent **sidewalk closures** may occur. Pedestrians will be detoured around construction sites.
- On-street **parking restrictions** will occur Monday thru Friday from **6:00 am to 3:00 pm**.
- **Traffic will be restricted** adjacent to the contractor's work areas with **one lane of traffic maintained** on alternating east and west sides of the road.
- **Traffic detours** will be required at some locations. All vehicles and bicycles will need to follow the posted detour routes.
