

May 2020

Purpose:

The City of Phoenix Street Transportation Department is breaking ground on the 3rd and 5th Avenues Improvement Project on May 18, starting at the corner of 5th Avenue and Van Buren Street. Sunland Asphalt and Construction, Inc. is the contractor for 5th Avenue. TALIS Corp. is the contractor for 3rd Avenue and will be starting construction soon.

Elements of the overall project include: pedestrian and bicycle improvements; traffic, bike and pedestrian signal and safety upgrades; shade structures and enhanced landscape in select locations; drainage modifications; pavement resurfacing; and two-way traffic from Washington Street to Roosevelt Street.

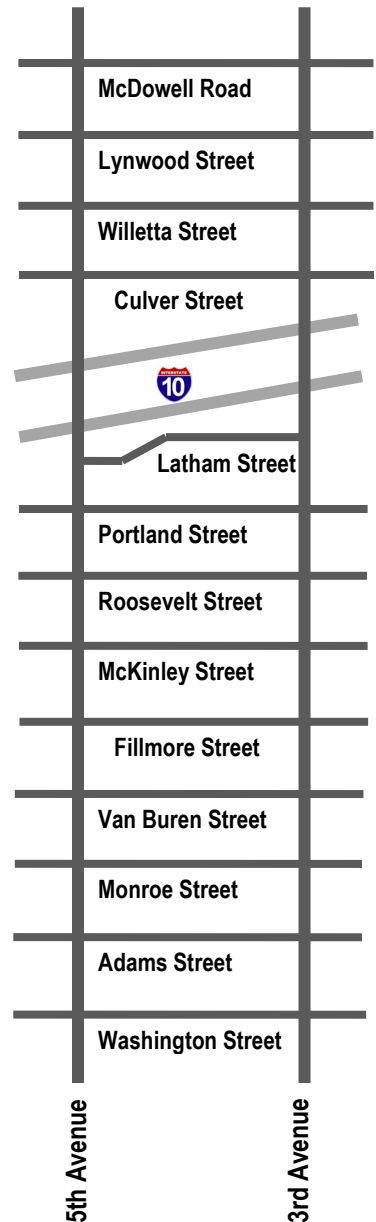

Project Schedule

Existing development projects along the 3rd and 5th Avenue corridor require us to maintain a fluid schedule. Work will be coordinated in segments to minimize traffic impacts to the area. Start work notices will be distributed to adjacent residents and businesses and posted on the City of Phoenix project website prior to the start of construction in each location along the project corridors. The 5th Avenue Phase will begin mid-May, and the 3rd Avenue Phase will follow shortly thereafter. Overall project completion is targeted for spring 2021.

What Should I Expect?

- Construction areas will be located primarily within 3rd and 5th Avenues and each intersecting street. Some areas will require construction activities up to 500-feet in each direction of select intersections.
- Traffic will be restricted adjacent to the contractor’s work area. Some traffic detours will be required. Please expect some minor delays and use caution when traveling through the construction area and observe construction barricading and signage at all times.
- Driveway access may be temporarily restricted for utility relocation and concrete work; however, affected businesses and residents will be notified prior to scheduled driveway access restrictions.
- Work hours will generally be Monday - Friday 6:00 a.m. to 4:00 p.m. (summer hours), and 7:00 a.m. to 5:00 p.m. (winter hours). Some weekend and night work may occur.

Thank you for your patience and cooperation during the 3rd and 5th Avenues improvement project. We want you and the work crew to be safe, so please use caution when traveling through the construction areas. We will do our best to minimize disruptions.
