August 2, 2023

Dear Property Owner or Occupant:

Your property is in an area that is known to have experienced flooding and/or damages associated with flooding during storm events.

As required by the National Flood Insurance Program (NFIP), the City of Phoenix notifies the property owner and/or occupant about the threat of flooding in their area. Flood insurance should be purchased to cover any structures and contents on your property.

Federal Emergency Management Agency (FEMA) provides information about purchasing flood insurance at [floodsmart.gov](https://www.floodsmart.gov) and through the NFIP Help Center by calling 1-800-427-4661. Additional information about preparing for flooding is available at [ready.gov/floods](https://www.ready.gov/floods).

Enclosed in this mailing is a Repetitive Loss Questionnaire. Please complete and return it to the Floodplain Management office using the enclosed stamped envelope.

If you have questions, please contact the Floodplain Management office at 602-262-4960. Flood plain resources are available at [phoenix.gov/streets/floodplain-management](https://www.phoenix.gov/streets/floodplain-management).

Thank you for your assistance and attention to this important matter.
